The 31st December 1906.

No. 3198-G.B.—With the sanction of His Majesty's Government, the Governor-General in Council is pleased to recognise provisionally the appointment of Mr. A. C. Vander Hoop as Consul-General for the Netherlands at Calcutta.

The 2nd January 1907.

No. 6-G.—Lieutenant F. H. Humphrys, a Political Assistant of the 3rd class, Personal Assistant to the Chief Commissioner, North-West Frontier Province, is appointed to officiate as Assistant Secretary, in addition to his own duties, with effect from the 15th of December 1906.

No. 12-G.—Mr. F. Field, a Political Agent of the 2nd class, is placed temporarily on special duty as Additional Divisional and Sessions Judge, Peshawar, with effect from the 21st November 1906.

No. 16-G.—Mr. F. Field, a Political Agent of the 2nd class, relinquished charge of his duties as Additional Divisional and Sessions Judge, Peshawar, on the afternoon of the 7th December 1906, on retirement from the service.

The 3rd January 1907.

No. 28-G.—The following substantive changes are made in the general cadre of the Political Department:—

Consequent on the appointment of Major Sir F. Younghusband, K.C.I.E., to be a Resident of the 2nd class and Resident in Kashmir, and with effect from the 27th June 1906—

Major S. F. Bayley, a Political Agent of the 4th class, to be a Political Agent of the 3rd class.

Major R. L. Kenyon, a Political Agent of the 4th class, substantive *pro tempore*, is confirmed in that grade.

Captain A. L. Jacob, a Political Assistant of the 1st class, substantive *pro tempore*, is confirmed in that grade.

Captain R. W. E. Knollys, a Political Assistant of the 2nd class, substantive *pro tempore*, is confirmed in that grade.

These arrangements are made without prejudice to superior acting appointments, if any, held by any of the above mentioned officers on the dates specified.

The 4th January 1907.

No. 38-F.—Captain W. W. Bickford, Indian Army, Adjutant (Infantry) Zhob Levy Corps, is appointed provisionally to be Second-in-Command of that Corps, with effect from the 1st November 1906.

No. 61-G.—Captain C. A. Smith, a Political Assistant of the 2nd class, is posted on return from furlough, as Assistant Political Agent, Chitral.

No. 65-G.—Khan Bahadur Abdur Rahim Khan Hakim is appointed temporarily to be Attaché in the Foreign Department, with effect from the 27th December 1906, *vice* Khan Bahadur Maula Bakhsh employed on special duty.

No. 58-I. A.—In exercise of the powers conferred by the Indian Stamp Act, 1899 (II of 1899), as applied to the Cantonments of Deesa and Bhuj, the Governor General in Council is pleased to make the following rules under the said Act for the said Cantonments:—

RULES UNDER THE INDIAN STAMP ACT, 1899.

CHAPTER I.

Preliminary.

Definition.

1. In these rules, the expression "the Act" shall mean the Indian Stamp Act, 1899, as applied to the Cantonments of Deesa and Bhuj.

Kinds of stamps.

2. There shall be two kinds of stamps for indicating the payment of duty on instruments chargeable with duty under the Act, namely:—

(a) impressed stamps, and

(b) adhesive stamps.

CHAPTER II.

Of Impressed Stamps.

3. (1) Hundis, other than hundis which may be stamped with an adhesive stamp under section 11 of the Act, shall be written as follows, namely:—

Hundis.

(a) A hundi payable otherwise than on demand, but not at more than one year after date or sight, and for an amount not exceeding rupees thirty thousand in value, shall be written on paper on which the necessary stamp bearing the word "Hundi" has been engraved or embossed.

(b) A hundi for an amount exceeding rupees thirty thousand in value, or payable at more than one year after date or sight, shall be written on paper, supplied for sale by the Government, to which a label has been affixed by the Superintendent of Stamps at Bombay or Karachi and impressed by such officer in the manner hereinafter prescribed by rule 10.

(2) Every sheet of such paper shall be of a size not less than $8\frac{1}{2} \times 5\frac{1}{4}$ inches, and no plain paper shall be joined to it.

(3) The provisions of sub-section (1) of rule 6 shall apply also in the case of hundis.

4. A promissory note or bill of exchange shall, except as provided by section 11 of the Act, and by these rules, be written on paper, on which the necessary stamp, with or without the word "Hundi", has been engraved or embossed.

Promissory notes and bills of exchange

5. Every other instrument chargeable with duty shall, except as provided by section 11 of the Act, be written on paper, on which the necessary stamp, not bearing the word "Hundi" has been engraved or embossed.

Other instruments.

6. (1) Where two or more sheets of paper on which stamps are engraved or embossed are used to make up the amount of duty chargeable in respect of any instrument, a portion of such instrument shall be written on each sheet so used.

Provision where single sheet of paper is insufficient.

(2) Where a single sheet of paper, not being paper bearing an impressed hundi-stamp, is found insufficient to admit of the entire instrument being written on the side of the paper which bears the stamp, so much plain paper may be subjoined thereto as may be necessary for the complete writing of such instrument:

Provided that in every such case the side of the sheet which bears the stamp shall be covered by a substantial part of the instrument before any part of the latter is written on the plain paper joined to such sheet.

7. The duty payable on any instrument which is chargeable with a duty of one anna under the Act may be denoted by a coloured impression marked on a skeleton form of such instrument by the Superintendent of Stamps at Bombay or Karachi.

One anna impressed stamps.

8. The Superintendents of Stamps at Bombay and Karachi are empowered to affix and impress labels, and each of them shall be deemed to be "the proper officer" for the purposes of the Act and of these rules.

"The proper officer."

9. (1) Labels may be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix A, and of the counterparts thereof.

Affixing and impressing of labels by proper officer permissible in certain cases.

(2) Labels may likewise be affixed and impressed by the proper officer in the case of any of the instruments mentioned in Appendix B, when written in any European language, and accompanied, if the language is not English, by a translation into English.

10. (1) The proper officer shall, upon any such instrument, as is referred to in rule 9, being brought to him before it is executed, and upon application being made to him for that purpose, affix thereto a label or labels of such value as the applicant may desire and pay for, and impress such label or labels by means of a stamping-machine, and also stamp or write on the face of the label or labels the date of impressing the same before returning the instrument to the applicant. In the case of instruments written on parchment, the labels shall be further secured by means of metallic eyelets.

Mode of affixing and impressing labels.

(2) On affixing any label or labels under this rule, the proper officer shall, where the duty amounts to rupees five or upwards, write on the face of the label or labels his initials, and, where the duty amounts to rupees twenty or upwards, shall also attach his usual signature to the instrument immediately under the label or labels.

(3) Any principal assistant of the proper officer, if empowered by the Local Government in this behalf, may discharge the functions of the proper officer, under sub-section (2) of this rule.

11. (1) Instruments (other than instruments which, under section 11 of the Act, may be stamped with adhesive stamps) executed out of British India or the Cantonments of Deesa and Bhuj and requiring to be stamped after their receipt in the Cantonments of Deesa and Bhuj shall be stamped with impressed labels.

Certain instruments to be stamped with impressed labels.

(2) Where any such instrument as aforesaid is taken to the Collector under section 18, sub-section (2), of the Act, the Collector shall send the instrument to the proper officer, remitting the amount of duty paid in respect thereof; and the proper officer shall stamp the instrument in the manner prescribed by rule 10 and return it to the Collector for delivery to the person by whom it was produced.

CHAPTER III.

Of Adhesive Stamps.

12. Bills of exchange payable otherwise than on demand and drawn in sets, when the amount of duty does not exceed one anna for each part of the set, may be stamped with adhesive stamps.

Bills of exchange.

13. When any instrument of transfer of shares in a Company or Association is written on a sheet of paper on which the necessary stamp is engraved or embossed and the value of the stamp so engraved or embossed is subsequently, in consequence of a rise in the market value of such shares, found to fall short of the amount of duty chargeable under Article No. 62 (a) of Schedule I to the Act, one or more adhesive stamps bearing the words "Share Transfer," as hereinafter prescribed, may be used to make up the amount required.

Supply of deficient duty on transfer of share.

14. Except as otherwise provided by these rules, the adhesive stamp or stamps used to denote the duty of one anna shall bear the words "One Anna" or "Half Anna" as the case may be, and the adhesive stamp used to denote the duty of half an anna shall bear the words "Half Anna"; and such stamp or stamps may be superscribed either for postage or for revenue or for both postage and revenue.

Adhesive stamp or stamps denoting duty of one anna or half an anna.

Special adhesive stamps to be used in certain cases.

15. The following instruments, when stamped with adhesive stamps, shall be stamped in the manner herein-after prescribed, that is to say:—

(a) Bills of exchange, cheques, and promissory notes drawn or made out of British India and out of the Cantonments of Deesa and Bhuj and chargeable with a duty of more than one anna shall be stamped with adhesive stamps bearing the words "Foreign Bill."

- (b) Transfers of shares of Public Companies and Associations shall be stamped with adhesive stamps bearing the words "Share Transfer."
- (c) Notarial acts shall be stamped with adhesive foreign bill stamps bearing the word "Notarial."
- (d) Copies of maps or plans certified to be true copies shall be stamped with adhesive court-fee stamps.

CHAPTER IV.

Miscellaneous.

16. When an instrument bears a stamp of sufficient amount, but of improper description, the Collector may, on payment of the duty with which the same is chargeable, certify by endorsement on the instrument that it is duly stamped:

Provided that if application is made within three months of the execution of the instrument, and the Collector is satisfied that the improper description of stamp was used solely because of the difficulty or inconvenience of procuring one of proper description he may remit the further payment of duty prescribed in this rule.

17. The Collector may require any person claiming a refund or renewal under Chapter V of the Act, or his duly authorized agent to make an oral deposition on oath or affirmation, or to file an affidavit, setting forth the circumstances under which the claim has arisen, and may also if he thinks fit call for the evidence of witnesses in support of the statement set forth in any such deposition or affidavit as aforesaid.

When an application is made for the payment, under Chapter V of the Act, of an allowance in respect of a spoiled or misused stamp, or on the renewal of a debenture, and an order is passed by the Collector sanctioning the allowance or calling for further evidence in support of the application, then if the amount of the allowance or the stamp given in lieu thereof is not taken, or if the further evidence required is not furnished, as the case may be, by the applicant within one year of the date of such order as aforesaid, the application shall be struck off and the spoiled or misused stamp (if any) sent to the Superintendent of Stamps at Bombay or Karachi for destruction.

18. Where the Collector makes a refund under section 55 of the Act, he shall cancel the original debenture by writing on or across it the word "Cancelled" and his usual signature with the date thereof.

19. On the conviction of any offender under Chapter VII of the Act, the Collector may grant to any person who appears to him to have contributed thereto a reward within a limit to be fixed by the Local Government.

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, JANUARY 5, 1907.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

J. J. MEIKLE,

Publisher, *Gazette of India*.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1s. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions
and Designs Act, V of 1888.

**THE HONOURABLE THE AGENT TO THE GOVERNOR-GENERAL IN
BALUCHISTAN.****NOTIFICATION.**

Dated Quetta, the 11th December 1906.

No. 5982.—The following draft rules framed in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), which it is proposed to issue are published for the information of all persons likely to be affected thereby. Notice is hereby given that the said draft rules will be taken into consideration on or after the 1st February 1907.

2. Any objection or suggestion which may be received from any person with respect to the said draft rules before the date aforesaid will receive consideration.

By order,
A. L. JACOB, Captain,
First Assistant.

**PART I.
PRELIMINARY.****RULES.****1. Definitions.****PART II.****POSSESSION AND TRANSPORT OF PETROLEUM.****CHAPTER I.—OF POSSESSION OF PETROLEUM.**

1. Smoking prohibited.

**DRAFT RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899,
FOR THE IMPORTATION POSSESSION AND TRANSPORT OF PETRO-
LEUM IN THE TERRITORIES ADMINISTERED BY THE AGENT TO THE
GOVERNOR-GENERAL IN BALUCHISTAN.**

PART I.

PRELIMINARY.

Definition.

1. In these rules,—

- (a) "Part" means a part of these rules ;
- (b) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle ;
- (c) "installation" means a place specially prepared for the storage of petroleum ;
- (d) "major installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or
 - (2) in which tin-making operations are carried on ;
- (e) "minor installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and
 - (2) in which no tin-making operations are carried on ;
- (f) "protected works" includes buildings in which persons dwell or assemble, timber yards, other petroleum stores, and any other place which the Local Government may declare as such by Notification ;
- (g) "motor-vehicles" includes a motor bicycle, and a motor tricycle ; and
- (h) "owner" as applied to a motor-vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work, a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation.

Supervision of operations within installation.

2. All operations within any installation shall be conducted under the supervision of a responsible Agent or Supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature, vegetation and rubbish.

Supply of sand in installation.

4. A sufficient supply of sand shall always be kept in an installation for the purpose of extinguishing fire.

5. All enclosure walls and embankments required to be constructed by or under these rules shall be certified as being sufficient to ensure safety by a Railway Engineer in the case of installations constructed on Railway premises, and in the case of other installations by an Engineer accepted as qualified for this purpose by the Local Government.

6. The capacity in gallons of every tank and storage shed or godowns in an installation shall be conspicuously marked on it, and shall be calculated as follows:—for tanks, at the rate of 6·25 gallons per cubic foot; for sheds and godowns, at the rate of 10 gallons per 3 cubic feet.

7. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building and if it is surrounded by a wall, or moat, or combination of both, sufficient to prevent the flow of petroleum beyond certain circumscribed limits in the event of the escape of the whole contents of the tank when full.

8. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the authority granting the license may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

9. Any officer appointed by a Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

10. No installation shall be open, and no work in any installation shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

11. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications submitted with the application for a license.

12. All sheds or godowns in an installation for the storage of oil in tins, drums or cases shall be built of uninflammable material.

13. There shall be hung up in a conspicuous place in every installation for which a license has been granted, copies, in English and the Vernacular, of the rules contained in this Part, and of the conditions endorsed on the license.

CHAPTER II.—GENERAL PROVISIONS RELATING TO LICENSES.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

2. Licenses (a) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, (b) for the possession or transport of petroleum, not being dangerous or crude petroleum nor petroleum in bulk, and (c) for the possession of petroleum, in bulk or otherwise, in a minor installation, may be granted by a District Magistrate or by such other authority as the Local Government may from time to time by order in writing appoint in this behalf. In all other cases the licensing authority shall be the Local Government.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case: provided that when a license is refused by any authority other than the Local Government, such refusal shall be reported to the Local Government.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars required to be entered on it by the form prescribed for it under these rules.

Particulars of license.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

Renewal of licenses.

(2) Every such application shall be made at a date not less than fifteen days before the date on which the original license expires.

(3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and rule 10 of Chapter IV of this Part in the case of a license for transport, printed in English and the Vernacular, shall be given, together with the license, to the licensee.

Supply of rules to licensee.

CHAPTER III.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Save as provided in rule 10 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Continuance of license.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted in Form A.

Petroleum not in bulk, other than dangerous petroleum.

3. (1) The holder of a license in Form A may, at any time before the expiry of the license, apply for permission to transfer his license, to another person.

Transfer of certain licenses.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Rs5 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

4. Licenses for the possession of dangerous petroleum not in bulk in quantity exceeding forty gallons may be granted in Form B.

Dangerous petroleum not in bulk.

5. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted in Form C.

Dangerous petroleum not exceeding forty gallons.

6. Licenses for the possession of any stated quantity of petroleum in major installations in accordance with such specifications and plans as may be approved by the Local Government, on the recommendation of the Chief Inspector of Explosives, may be granted in Form D.

Storage in major installations.

7. Licenses for the possession of any stated quantity of petroleum in minor installations in accordance with such specifications and plans as may be approved by the Local Government on the recommendation of the Chief Inspector of Explosives, may be granted in Form E.

Storage in minor installations.

8. Subject to such conditions as may be prescribed by the Local Government in each case, licenses in Form F may be granted to any person engaged in the extraction of petroleum from wells for the possession of any quantity of crude petroleum in any place of storage at or near such wells.

Storage of crude petroleum in bulk.

9. (1) Licenses in Form G may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

Dangerous petroleum for use on motor-vehicles.

(2) Save in the cases provided for by the conditions of the license, the provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles.

10. Licenses for the possession of petroleum in an installation may be granted free of charge to any local authority, subject to such conditions and for such period, as the Local Government may direct.

Storage by local authority.

CHAPTER IV.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of petroleum, other than dangerous petroleum, may be granted for a period of twelve months in Form H.

General licenses for the transport of non-dangerous petroleum.

- General licenses for the transport of dangerous petroleum.
2. General licenses for the transport of dangerous petroleum otherwise than in bulk may be granted for a period of twelve months in Form I.
3. Licenses granted under rules 1 and 2 of this Chapter may authorise the holder to transport petroleum without restriction as to destination or total quantity.
- Effect of general license.
4. The holder of a general license granted under rules 1 or 2 of this Chapter shall, with each consignment of petroleum conveyed under cover of his license, issue to the person who takes charge of the petroleum for the purpose of transporting it a numbered Pass in Form J.
- Pass for transport of petroleum.
- Special licenses for the transport of petroleum other than dangerous petroleum.
5. Special licenses may be granted for the transport of petroleum, other than dangerous petroleum, in quantities exceeding five hundred gallons, in Form K.
- Special licenses for the transport of dangerous petroleum.
6. Special licenses may be granted for the transport of dangerous petroleum other than in bulk in Form L.
- Effect of special license.
7. A special license granted under rules 5 and 6 shall only cover the transport of the particular consignment entered in the license.
8. Applications for special licenses for the transport of petroleum by rail, or by road or by both shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.
- Particulars to be given in applications for special licenses.
9. Licenses in Form M. to transport dangerous petroleum, otherwise than on a motor-vehicle, may be granted to owners of motor-vehicles holding licenses under rule 9, sub-rule (1) of Chapter III of this Part, to possess petroleum and use or transport it on a motor-vehicle.
- Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.
10. Petroleum may be transported within the territories administered by the Agent to the Governor-General in Baluchistan as such Agent under cover of a license granted by the prescribed authority in any other province, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.
- Validity of license granted in another Province.

CHAPTER V.—FEES.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.
- Method of levying fees.
- (2) In all other cases the fees shall be levied by means of impressed stamps.
- (3) An application for the grant or the renewal of a license shall bear the proper stamp, and, if it be refused, the value of the separate stamp (if any) which may have been already provided by the applicant for the desired license or renewed license, minus the deductions prescribed by section 54 of the Indian Stamp Act, 1899 (11 of 1899), may be refunded to the applicant. An application should not be made on the stamped paper intended for the license or renewed license; but, where this has been wrongly done, the value of the stamp may be refunded minus—
- (i) the value of the stamp which should have been affixed to the application, and
- (ii) the deductions prescribed as aforesaid.
- Fees for licenses for possession of petroleum.
2. The following fees shall be charged for licenses for the possession of petroleum, namely:—

Non-dangerous petroleum.

	R	
(a) When the quantity to be stored, exceeds five hundred but does not exceed one thousand gallons.	12	
(b) When the quantity to be stored exceeds one thousand but does not exceed five thousand gallons.	12	for the first one thousand gallons plus R2 for every additional one thousand gallons or part thereof.
(c) When the quantity to be stored exceeds five thousand gallons, but does not exceed fifty thousand gallons.	20	for the first five thousand gallons plus R4 for every additional one thousand gallons or part thereof.
(d) When the quantity to be stored exceeds fifty thousand gallons	250	

Dangerous petroleum.

ENDORSEMENT ON FORM A.**CONDITIONS OF THE LICENSE.**

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the licensed place, which may, in the opinion of such officer, be necessary for the safety of the place, the holder of the license shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. The building shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

3. Either the doorways and other openings of the building shall be built up to such a height above the level of the road or street, or the floor sunk to such a depth below the level of the road or street, that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both sufficiently high to contain all the petroleum in case of its escape from the building.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.				Number of gallons to be stored.	
Not less than	15 feet	over		5,000 and under.	
"	20	"	"	5,000 and up to	15,000
"	30	"	"	15,000	30,000
"	40	"	"	30,000	50,000
"	60	"	"	50,000	75,000
"	80	"	"	75,000	100,000
"	100	"	"	100,000	150,000
"	150	"	"	Unlimited.	

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, or fire of any description, shall be permitted within the installation.

ENDORSEMENT ON FORM B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the licensed place, which may, in the opinion of such officer, be necessary for the safety of the place, the holder of the license shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of the Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which petroleum must be contained.

3. The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well made filling holes and well fitting screw plugs or fitted with screw cap with metal air-tight under-cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch: provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

- (1) When the capacity does not exceed two gallons, not less than 25 B. W. G.
- (2) When the capacity exceeds two gallons, but does not exceed four gallons, 20 B. W. G.
- (3) When the capacity exceeds four gallons, 16 B. W. G.

4. An air-space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of section 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The building shall be constructed of masonry or other un inflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the building shall be built up to such a height above the level of the road or street, or the floor sunk to such a depth below the level of the road or street, that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both sufficiently high to contain all the petroleum in case of its escape from the building.

A combination of these methods is permissible.

10. All ventilating openings in the building shall be protected by strong wire gauze.

11. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, or fire of any description, shall be permitted at any time within the installation.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage and for the time necessary for drawing off the petroleum and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the place of storage :—

Quantity to be stored.	Distances to be kept clear when dangerous petroleum is stored in drums of not greater capacity than 4 gallons.		Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding four gallons but not exceeding ten gallons.	
	Gallons.	Feet.	Gallons.	Feet.
Not exceeding 1,000.		25		30
From 1,000 to 5,000.		40		50
" 5,000 to 10,000.		60		70
" 10,000 to 15,000.		90		100
" 15,000 to 20,000.		130		150
" 20,000 to 30,000.		180		200
" 30,000 and over.		200		200

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions :—

- The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable material, provided however that the doors and windows may be of wood.
- Where a store-house forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has openings therein, the whole of such building shall be deemed to be the store-house and no portion of such store-house shall be used as a dwelling house or as a place where persons assemble. The store house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The store-house shall be liable to inspection by an officer authorised on this behalf.

(Description of the place above referred to.)

ENDORSEMENT ON FORM D.

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction, or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. All sheds or godowns for the storage of oil in tins, drums or cases shall be surrounded by masonry walls or embankments, or a combination of both, so constructed as to prevent the overflow of any oil that may be stored at any time within such sheds or godowns in case of its escape from the tins, drums or cases in which it is stored. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than such sheds or godowns are licensed to contain.

3. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, and no tank shall be of greater height than thirty-two feet above ground level.

4. A distance of not less than one hundred and fifty feet shall be kept clear between sheds or godowns for the storage of oil otherwise than in bulk and tanks for bulk oil storage, the distance being measured between the nearest points of the perimeters of the tanks or storage buildings, as the case may be.

Proviso.—Provided that where a screen wall intervenes the distance to be kept clear shall be not less than one hundred feet.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or building and any protected work.

Proviso.—Provided that, where a screen wall intervenes, the distance to be kept clear shall be not less than one hundred feet.

6. No fire or lights except those necessary for soldering purposes shall be permitted within the installation.

FORM E.

(RULE 7 OF CHAPTER III OF PART II.)

License to possess petroleum in a minor installation.

No.

Fee, Rs.

License is hereby granted to _____ for the storage, in the place described below, of _____ gallons of petroleum, subject to the rules for the storage of petroleum, published in Notification No. _____, dated _____, and to the further conditions on the back of this license.

District Magistrate or Authority appointed under rule 2 of Chapter II of Part II.

The

190 .

(Description of the place referred to.)

ENDORSEMENT ON FORM E.

CONDITIONS ON LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be measuring from the ground level—

(a) for horizontal tanks, not less than one-third the height of the tank ;

(b) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between buildings not forming part of the installation and the enclosure walls or embankments :—

Where the number of gallons stored is.	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 15,000	Ditto 20 "
Over 15,000 and up to 30,000	Ditto 30 "
Over 30,000 and up to 50,000	Ditto 40 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken.

5. Not more than four hundred cases of oil in addition to tins and drums shall be stored at any one time in any godown or shed in which the storage of oil in tins or drums is permitted.

6. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

7. No fire or lights, except those necessary in the soldering room and watchman's house, shall be permitted.

8. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons, either—

(a) each tank shall be separately enclosed in the manner prescribed in condition 1, or

(b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of all the oil that may be stored at any one time within such walls or embankments.

ENDORSEMENT ON FORM G.

CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet-iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well made filling holes and well fitting screw plugs or fitted with screw cap with metal air-tight under cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet-iron, or steel, and have the following thickness of metal :—

	Not less than
1. When the capacity does not exceed 2 gallons	25 B. W. G.
2. When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor vehicle, when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel, that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a store-house forms part of, or is attached to another building, and when the intervening floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble. A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one store-house, whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessel with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The store-house shall be liable to inspection by an officer authorised in this behalf.

(3) When the capacity exceeds 4 gallons	16 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacle at the time of filling

3. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

FORM M.

(Rule 9 of Chapter IV of Part II.)

General license to the owner of a motor-vehicle to transport dangerous petroleum otherwise than on a motor-vehicle.

No.

Fee, Rs. 5

License is hereby granted to _____ to transport drums containing in all _____ gallons of dangerous petroleum from _____ to _____ subject to the rules contained in Chapter IV of Part II of _____ Government Notification No. _____, dated _____, and to the further conditions on the back of this license.

This license shall continue in force till the

When the quantity exceeds 40 gallons First Assistant to the Hon'ble the Agent to the Governor-General

When the quantity does not exceed 40 gallons District Magistrate or authority appointed under rule 2 of Chapter II of Part II.

The _____ 190 .

ENDORSEMENT ON FORM M.

CONDITIONS OF LICENCE.

1. The petroleum must be contained in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than four gallons and fitted with well made filling holes and well fitting screw plugs, or with screw cap with metal air-tight under-cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch.

Provided that wooden cases shall not be necessary where the receptacles are made of tinned or galvanized sheet iron or steel and have the following thickness of metal:—

(1) When the capacity does not exceed 2 gallons	Not less than 25 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

2. An air-space of at least one-tenth of its capacity must be left in each receptacles at the time of filling.

3. The receptacles must be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure in transit.

4. The nature of the contents and the words "Highly inflammable" must be distinctly marked on the receptacles.

**THE HONOURABLE THE CHIEF COMMISSIONER OF
BRITISH BALUCHISTAN.****NOTIFICATION.**

Quetta, the 11th December 1906.

No. 5983.—The following draft rules framed in exercise of the powers conferred by section 9 of the Indian Petroleum Act, 1899 (VIII of 1899), which it is proposed to issue are published for the information of all persons likely to be affected thereby. Notice is hereby given that the said draft rules will be taken into consideration on or after the 1st February 1907.

2. Any objection or suggestion which may be received from any person with respect to the said draft rules before the date aforesaid will receive consideration.

By order,

A. L. JACOB, Captain,
Secretary to the Chief Commissioner.

PART I.**PRELIMINARY.****RULES.****1. Definitions.****PART II.****POSSESSION AND TRANSPORT OF PETROLEUM.****CHAPTER I.—OF POSSESSION OF PETROLEUM.**

1. Smoking prohibited.
2. Supervision of operations within installation.
3. Cleanliness of installation.
4. Supply of sand in installation.
5. Enclosure walls and embankments.
6. Marking of capacity of tanks.
7. Protection from lightning.
8. Testing of lightning-conductor by licensee.
9. Official testing of lightning-conductor.
10. Time for work in installations.
11. Closure of pipes and openings.
12. Materials for sheds and godowns.
13. Posting up of rules and conditions.

CHAPTER II.—GENERAL PROVISIONS RELATING TO LICENSES.

1. Applications for licenses.
2. Licensing authority.
3. Refusal of license.
4. Forfeiture of license.
5. Particulars of license.
6. Renewal of licenses.
7. Supply of rules to licensee.

CHAPTER III.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Continuance of license.
2. Petroleum not in bulk other than dangerous petroleum.
3. Transfer of certain licenses.
4. Dangerous petroleum not in bulk.

8. Storage of crude petroleum in bulk.
9. Dangerous petroleum for use on motor-vehicles.
10. Storage by local authority.

CHAPTER IV.—OF LICENSES FOR THE TRANSPORT OF PETROLEUM.

1. General licenses for the transport of non-dangerous petroleum.
2. General licenses for the transport of dangerous petroleum.
3. Effect of general license.
4. Pass for transport of petroleum.
5. Special licenses for the transport of petroleum other than dangerous petroleum.
6. Special licenses for the transport of dangerous petroleum.
7. Effect of special license.
8. Particulars to be given in application for special licenses.
9. Transport of dangerous petroleum by motorists otherwise than on a motor-vehicle.
10. Validity of license granted in another province.

CHAPTER V.—FEES.

1. Method of levying fees.
2. Fees for licenses for possession of petroleum.
3. Fees for licenses for transport of petroleum.

DRAFT RULES UNDER SECTION 9 OF THE INDIAN PETROLEUM ACT, 1899,
FOR THE IMPORTATION, POSSESSION AND TRANSPORT OF PETRO-
LEUM IN THE TERRITORIES ADMINISTERED BY THE AGENT TO THE
GOVERNOR-GENERAL IN BALUCHISTAN.

PART I.

PRELIMINARY.

Definition.

In these rules, —

- (a) "Part" means a part of these rules;
- (b) "petroleum in bulk" means petroleum in quantities exceeding five hundred gallons, contained in any one receptacle;
- (c) "installation" means a place specially prepared for the storage of petroleum;
- (d) "major installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, exceeding fifty thousand gallons, or
 - (2) in which tin-making operations are carried on;
- (e) "minor installation" means an installation—
 - (1) capable of containing an amount of oil, whether in bulk only or in combined bulk and non-bulk storage, not exceeding fifty thousand gallons, and
 - (2) in which no tin-making operations are carried on;
- (f) "protected works" includes buildings in which persons dwell or assemble, timber yards, other petroleum stores and any other place which the Local Government may declare as such by Notification;
- (g) "motor-vehicles" includes a motor bicycle, and a motor tricycle; and
- (h) "owner" as applied to a motor vehicle, includes a person who hires, or is otherwise entitled for the time being to use or work a motor-vehicle.

PART II.

POSSESSION AND TRANSPORT OF PETROLEUM.

CHAPTER I.—POSSESSION OF PETROLEUM.

Smoking prohibited.

1. No smoking shall be permitted inside any installation

Supervision of operations within installation.

2. All operations within any installation shall be conducted under the supervision of a responsible Agent or Supervisor.

Cleanliness of installation.

3. The ground in the interior of an installation shall be kept clean and free from goods of a combustible nature,

vegetation and rubbish.

Supply of sand in installation.

4. A sufficient supply of sand shall always be kept in an installation for the purpose of extinguishing fire.

5. All enclosure walls and embankments required to be constructed by or under these rules shall be certified as being sufficient to ensure safety by a Railway Engineer in the case of installations constructed on Railway premises, and in the case of other installations by an Engineer accepted as qualified for this purpose by the Local Government.

6. The capacity in gallons of every tank and storage shed or godowns in an installation shall be conspicuously marked on it, and shall be calculated as follows:—

for tanks, at the rate of 6·25 gallons per cubic foot;
for sheds and godowns, at the rate of 10 gallons per 3 cubic feet.

7. Every tank or other receptacle for the storage of petroleum in bulk, except a tank or receptacle which is not of sufficient capacity to contain ten thousand gallons of petroleum and which is so situated as not to be liable to cause danger in the event of the petroleum being ignited, shall be protected by an efficient lightning-conductor.

Explanation.—A tank or receptacle shall be deemed to be so situated as not to be liable to cause danger in the event of the petroleum being ignited, if it is not in close proximity to any other tank or receptacle, or to any building and if it is surrounded by a wall, or moat, or combination of both, sufficient to prevent the flow of petroleum beyond certain circumscribed limits in the event of the escape of the whole contents of the tank when full.

8. Not less than once in every year the licensee of an installation shall test or cause to be tested the efficiency of the conductor in such manner as the authority granting the license may, by general or special order, declare to be sufficient, and a certificate showing the date of the last test shall be posted in a conspicuous place within the installation.

9. Any officer appointed by a Local Government in this behalf may enter any installation for the purpose of testing the efficiency of the conductor, at any time after sunrise and before sunset.

10. No installation shall be open, and no work in any installation shall be permitted, between sunset and sunrise: provided that in cases where electric lighting is exclusively used, night working may be permitted by the Local Government on the recommendation of the Chief Inspector of Explosives.

11. Where there are any pipes or openings for draining out water in any enclosure wall, arrangements shall be made whereby they can be closed, and they shall only be kept open when actually necessary for drainage purposes. The nature of such arrangements shall be shown in the specifications submitted with the application for a license.

12. All sheds or godowns in an installation for the storage of oil in tins, drums or cases shall be built of inflammable material.

13. There shall be hung up in a conspicuous place in every installation for which a license has been granted, copies, in English and the Vernacular, of the rules contained in this Part, and of the conditions endorsed on the license.

CHAPTER II.—GENERAL PROVISIONS RELATING TO LICENSES.

1. All applications for licenses for the possession or transport of petroleum shall be made to the District Magistrate.

2. Licenses (a) for the possession or transport of dangerous petroleum in quantities not exceeding forty gallons, (b) for the possession or transport of petroleum, not being dangerous or crude petroleum nor petroleum in bulk, and (c) for the possession of petroleum, in bulk or otherwise, in a minor installation, may be granted by a District Magistrate or by such other authority as the Local Government may, from time to time by order in writing, appoint in this behalf. In all other cases the licensing authority shall be the Local Government.

3. The licensing authority may, for reasons to be communicated to the applicant, refuse a license in any case: provided that when a license is refused by any authority other than the Local Government, such refusal shall be reported to the Local Government.

4. Every license granted under these rules shall be liable to be forfeited for any contravention of the Act, or of any rule thereunder, or of any condition contained in such license, or for any other reason deemed by the licensing authority to be good and sufficient, and recorded by him in writing.

5. Every license and pass granted under these rules shall be held subject to the conditions endorsed on it, and shall contain all the particulars required to be entered on it by the form prescribed for it under these rules.

6. (1) Every application for the renewal of a license shall be made in the same manner as an application for an original license.

(2) Every such application shall be made at a date not less than fifteen days before the date on which the original license expires.

(3) The same fee shall be charged for the renewal of a license as for a new license.

7. When any license is granted for the possession or transport of petroleum a copy of the rules contained in Chapter I of this Part in the case of a license for possession, and rule 10 of Chapter IV of this Part in the case of a license for transport, printed in English and the vernacular, shall be given, together with the license, to the licensee.

CHAPTER III.—LICENSES FOR THE POSSESSION OF PETROLEUM.

1. Save as provided in rule 10 of this Chapter, every license for the possession of petroleum shall remain in force until the 31st of December next following the date of issue of the license.

Petroleum not in bulk, other than dangerous petroleum.
ed in Form A.

2. Licenses for the possession of petroleum, not being dangerous petroleum, otherwise than in bulk, may be granted

3. (1) The holder of a license in Form A may, at any time before the expiry of the license, apply for permission to transfer his license to another person.

(2) Such application shall be made to the District Magistrate, who shall, if he approves of the transfer, enter upon the license, under his signature, an endorsement to the effect that the license has been transferred to the person named.

(3) A fee of Rs. 5 shall be charged on each such application.

(4) The person to whom the license is so transferred shall enjoy the same powers and be subject to the same obligations under the license as the original holder.

Dangerous petroleum not in bulk.
granted in Form B.

4. Licenses for the possession of dangerous petroleum not in bulk in quantity exceeding forty gallons may be

Dangerous petroleum not exceeding forty gallons.
in Form C.

5. Licenses for the possession of dangerous petroleum in quantity not exceeding forty gallons may be granted

6. Licenses for the possession of any stated quantity of petroleum in major installations in accordance with such specifications and plans as may be approved by the Local Government, on the recommendation of the Chief Inspector of Explosives, may be granted in Form D.

7. Licenses for the possession of any stated quantity of petroleum in minor installations in accordance with such specifications and plans as may be approved by the Local Government, on the recommendation of the Chief Inspector of Explosives, may be granted in Form E.

8. Subject to such conditions as may be prescribed by the Local Government in each case, licenses in Form F may be granted to any person engaged in the extraction of petroleum from wells for the possession of any quantity of crude petroleum in any place of storage at or near such wells.

9. (1) Licenses in Form G may be granted free of charge for the possession of dangerous petroleum for use on motor-vehicles and for its transport thereon, for the purpose of use therein.

(2) Save in the cases provided for by the conditions of the license, the provisions of the ordinary rules relating to the possession of dangerous petroleum shall regulate the possession of dangerous petroleum for use on motor-vehicles.

10. Licenses for the possession of petroleum in an installation may be granted free of charge to any local authority, subject to such conditions and for such period, as the Local Government may direct.

CHAPTER IV.—LICENSES FOR THE TRANSPORT OF PETROLEUM.

General licenses for the transport of non-dangerous petroleum.
twelve months in Form H.

General licenses for the transport of dangerous petroleum.
twelve months in Form I.

3. Licenses granted under
Effect of general license.

4. The holder of a general
Pass for transport of petroleum.
petroleum for the purpose of transporting it a numbered pass in Form J.

Special licenses for the transport of petroleum other than dangerous petroleum.

Special licenses for the transport of dangerous petroleum.

Effect of special license.
in the license.

8. Applications for special licenses for the transport of petroleum by rail, or by road or by both, shall specify the description and quantity of petroleum to be transported, and the places from and to which, respectively, the petroleum is to be conveyed, and shall describe the receptacles in which it is to be contained.

9. Licenses in Form M to transport dangerous petroleum, otherwise than on a motor-vehicle, may be granted to owners of motor-vehicles holding licenses under rule 9, sub-rule (1), of Chapter III of this Part, to possess petroleum and use or transport it on a motor-vehicle.

10. Petroleum may be transported within British Baluchistan under cover of a license granted by the prescribed authority in any other province, provided that the conditions of such license are observed throughout the period during which the petroleum is in transit.

CHAPTER V.—FEES.

1. (1) Where the proceeds of fees leviable for licenses under these rules have been assigned by the Local Government to any local authority, the fees shall be levied in such manner as the local authority may from time to time direct.

(2) In all other cases the fees shall be levied by means of impressed stamps.

(3) An application for the grant or the renewal of a license shall bear the proper stamp, and, if it be refused, the value of the separate stamp (if any) which may have been already provided by the applicant for the desired license or renewed license, *minus* the deductions prescribed by section 54 of the Indian Stamp Act, 1899 (II of 1899), may be refunded to the applicant. An application should not be made on the stamped paper intended for the license or renewed license; but, where this has been wrongly done, the value of the stamp may be refunded *minus*—

- (i) the value of the stamp which should have been affixed to the application, and
- (ii) the deductions prescribed as aforesaid.

Fees for licenses for possession of petroleum.

2. The following fees shall be charged for licenses for the possession of petroleum namely :—

Non-dangerous Petroleum

R

(a) When the quantity to be stored exceeds five hundred, but does not exceed one thousand gallons. 12

(b) When the quantity to be stored exceeds one thousand, but does not exceed five thousand gallons. 12 for the first one thousand gallons plus R2 for every additional one thousand gallons or part thereof.

- (c) When the quantity to be stored exceeds ^R 20 for the first five thousand gallons five thousand gallons, but does not exceed fifty thousand gallons. *plus* R4 for every additional one thousand gallons or part thereof.
- (d) When the quantity to be stored exceeds 250 fifty thousand gallons.

Dangerous Petroleum.

- (e) When the quantity to be stored does ^R 3 not exceed forty gallons.
- (f) When the quantity to be stored 8 exceeds forty gallons, but does not exceed five hundred gallons.
- (g) When the quantity to be stored exceeds five hundred gallons. The same fees as those laid down for non-dangerous petroleum.

Fees for licenses for transport of petroleum.

3. The following fees shall be charged for licenses for the transport of petroleum.

Non-dangerous Petroleum.

Special license—

- (a) When the quantity to be transported exceeds five hundred, but does ^R not exceed five thousand gallons 1
- (b) For every additional five thousand gallons or part of five thousand gallons 1
- General license for the transport of non-dangerous petroleum by rail or by road, for twelve months 100

Dangerous Petroleum.

Special license—

- (i) When the quantity to be transported ^R 2 does not exceed forty gallons.
- (ii) When the quantity to be transported 2 for the first forty gallons *plus* 8 exceeds forty gallons but does not exceed four hundred and eighty annas for every additional forty gallons or part thereof.
- (iii) When the quantity to be transported 8 for the first four hundred and eighty gallons *plus* R2 for every additional four hundred and eighty gallons or part thereof.

General license for the transport of dangerous petroleum by the owner of a motor-vehicle by road or rail up to a maximum of sixty gallons. 5

General license for the transport of dangerous petroleum by dealers by rail or road. 100

FORM A.

(Rule 2 of Chapter III of Part II.)

License to possess petroleum (other than dangerous petroleum) otherwise than in bulk.

No.

CONDITIONS OF THE LICENSE.

If the licensing officer call on the holder of a license, by a notice in writing, to execute any repairs of the licensed place, which may, in the opinion of such officer, be necessary for the safety of the place, the holder of the license shall execute the repairs within such period, not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. The building shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

3. Either the doorways and other openings of the building shall be built up to such a height above the level of the road or street, or the floor sunk to such a depth below the level of the road or street, that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both sufficiently high to contain all the petroleum in case of its escape from the building.

A combination of these methods is permissible.

4. The following distances shall be kept clear round the building :—

Distances to be kept clear round buildings or enclosure walls.		Number of gallons to be stored.	
Not less than	15 feet	5,000 and under.	
"	20 "	Over 5,000 and up to	15,000
"	30 "	" 15,000 "	30,000
"	40 "	" 30,000 "	50,000
"	60 "	" 50,000 "	75,000
"	80 "	" 75,000 "	100,000
"	100 "	100,000 "	150,000
"	150 "	Unlimited.	

5. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, or fire of any description, shall be permitted within the installation.

FORM B.

ENDORSEMENT ON FORM B.

CONDITIONS OF LICENSE.

1. If the licensing officer call upon the holder of a license, by notice in writing, to execute any repairs of the licensed place, which may, in the opinion of such officer, be necessary for the safety of the place, the holder of the license shall execute the repairs within such period not being less than one week from the date of receipt of the notice, as may be fixed by the notice.

2. The license-holder is prohibited from delivering any quantity of dangerous petroleum exceeding three gallons to any one who has not a license under section 5 or section 6 of Act, or any less quantity of such petroleum, except in accordance with the conditions of the proviso to section 6 of the Act, as to the vessels in which petroleum must be contained.

The petroleum shall be stored in gas-tight tinned or galvanized sheet iron, steel or lead plate receptacles containing each not more than ten gallons and fitted with well made filling holes and well fitting screw plugs or fitted with screw cap with metal air-tight under-cap. Such receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch: provided that wood cases shall not be necessary when the receptacles are made of tinned or galvanized sheet iron or steel, and have the following thickness of metal :—

(1) When the capacity does not exceed two gallons	Not less than 25 B. W. G.
(2) When the capacity exceeds two gallons but does not exceed four gallons	22 B. W. G.
(3) When the capacity exceeds 4 gallons	16 B. W. G.

4. An air space of at least one-tenth of its capacity shall be left in each receptacle at the time of filling.

5. The receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of grave negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

6. The receptacles shall be labelled in accordance with the provisions of sections 7 of the Act.

7. Any receptacle, before being repaired, shall be cleared of all dangerous petroleum and of all dangerous vapours arising from the same.

8. The building shall be constructed of masonry or other unflammable material with terraced, tiled or iron roofs and with tiled or paved or earthen floors.

9. Either the doorways and other openings of the building shall be built up to such a height above the level of the road or street, or the floor sunk to such a depth below the level of the road or street, that the petroleum cannot flow out from the building in case of its escape from the receptacle in which it is contained, or the building itself shall be surrounded with a masonry wall or embankment or both sufficiently high to contain all the petroleum in case of its escape from the building.

A combination of these methods is permissible.

10. All ventilating openings in the building shall be protected by strong wire gauze.

11. No light, except a light of such strength, position and character as is not liable to ignite any inflammable vapour, or fire of any description, shall be permitted at any time within the installation.

12. All due precautions shall be taken for the prevention of unauthorised persons having access to any dangerous petroleum kept and to the vessels containing or having actually contained the same.

13. Every person managing or employed on or in connection with the place of storage shall abstain from any act whatever which tends to cause fire or explosion and which is not reasonably necessary, and shall prevent any other person from doing such act.

14. The drum or other receptacle containing dangerous petroleum shall only be opened on the licensed premises at or immediately adjoining the place of storage, and for the time necessary for drawing off the petroleum and during such drawing off every reasonable precaution shall be adopted for preventing the escape of dangerous petroleum or the vapour therefrom.

15. The following distances shall be kept clear from protected works round the place of storage:—

Quantity to be stored.	Distances to be kept clear when dangerous petroleum is stored in drums of not greater capacity than four gallons.		Distances to be kept clear when dangerous petroleum is stored in drums of capacity exceeding four gallons but not exceeding ten gallons.	
Not exceeding 1,000 gallons	.	.	25 Feet.	30 Feet.
From 1,000 to 5,000	"	.	40 "	50 "
" 5,000 to 10,000	"	.	60 "	70 "
" 10,000 to 15,000	"	.	90 "	100 "
" 15,000 to 20,000	"	.	130 "	150 "
" 20,000 to 30,000	"	.	180 "	200 "
" 30,000 and over	"	.	200 "	200 "

16. Provided that when the quantity to be possessed does not exceed 60 gallons the provisions of conditions 8, 9 and 15 shall not apply, but the licensee shall observe the following conditions:—

(i) The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable material; provided, however, that the doors and windows may be of wood.

(ii) Where a store-house forms part of or is attached to another building and when the intervening floor or partition is of an unsubstantial or inflammable character or has opening therein, the whole of such building shall be deemed to be the store-house and no portion of such store-house shall be used as a dwelling house or as a place where persons assemble. The store-house shall have a separate entrance from the open air distinct from any building or dwelling in which persons assemble.

17. The store-house shall be liable to inspection by an officer authorised on this behalf.

ENDORSEMENT ON FORM D.

CONDITIONS OF LICENSE.

1. Each tank shall either be separately surrounded by a wall or embankment of substantial construction or shall be partially sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than the tank is capable of containing, and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation, and not occupied by the tank, shall be kept entirely clear and unoccupied.

2. All sheds or godowns for the storage of oil in tins, drums or cases shall be surrounded by masonry walls or embankments, or a combination of both, so constructed as to prevent the overflow of any oil that may be stored at any time within such sheds or godowns in case of its escape from the tins, drums or cases in which it is stored. The enclosure thus formed shall be of dimensions sufficient to contain 10 per cent. more oil than such sheds or godowns are licensed to contain.

3. A distance of not less than one hundred feet shall be kept clear between one storage tank and another, and no tank shall be of greater height than thirty-two feet above ground level.

4. A distance of not less than one hundred and fifty feet shall be kept clear between sheds or godowns for the storage of oil otherwise than in bulk and tanks for bulk oil storage, the distance being measured between the nearest points of the perimeters of the tanks or storage buildings, as the case may be.

Proviso.—Provided that where a screen wall intervenes, the distance to be kept clear shall be not less than one hundred feet.

5. A distance of not less than one hundred and fifty feet shall be kept clear between any storage tank or building and any protected work.

Proviso.—Provided that where a screen wall intervenes, the distance to be kept clear shall be not less than one hundred feet.

6. No fire or lights, except those necessary for soldering purposes, shall be permitted within the installation.

FORM E.

(Rule 7 of Chapter III of Part II.)

License to possess petroleum in a minor installation.

No.

Fee, Rs.

License is hereby granted to _____ for the storage
in the place described below, of _____ gallons of petroleum, subject to the rules
for the storage of petroleum published in Notification No. _____, dated _____,
and to the further conditions on the back of this license.

District Magistrate or Authority appointed
under rule 2 of Chapter II of Part II.

The

(Description of the place referred to.)

ENDORSEMENT ON FORM E.

CONDITIONS OF LICENSE.

1. Every tank of which the capacity exceeds fifteen thousand gallons shall either be separately surrounded by a wall or embankment of substantial construction, or shall be sunk in an excavation. The enclosure thus formed shall be of dimensions sufficient to contain the total quantity of oil capable of being contained in the tank and shall be so constructed as to prevent the escape therefrom of any oil in the form of liquid, whether under the action of fire or otherwise. The space enclosed by such wall or excavation, and not occupied by the tanks, shall be kept entirely clear and unoccupied.

2. The distance to be kept clear between a tank and the walls or embankments which surround it shall be, measuring from the ground level,—

(a) for horizontal tanks, not less than one-third the height of the tank;

(b) for perpendicular tanks, not less than one-half the height of the tank.

3. The height of walls or embankments surrounding the installation shall be not less than two feet six inches from the ground level.

4. The following distances shall be kept clear between buildings not forming part of the installation and the enclosure walls or embankments:—

Where the number of gallons stored is	Distance to be kept clear.
5,000 and under	Not less than 15 feet.
Over 5,000 and up to 15,000	Ditto 20 "
Over 15,000 and up to 30,000	Ditto 30 "
Over 30,000 and up to 50,000	Ditto 40 "

Provided that these distances may be reduced by the Local Government on the recommendation of the Chief Inspector of Explosives in cases where screen walls are provided or other special precautions taken.

5. Not more than four hundred cases of oil in addition to tins and drums shall be stored at any one time in any godown or shed in which the storage of oil in tins or drums is permitted.

6. Soldering shall only be permitted in a separate room or building placed as far from the tanks as can be conveniently arranged, in which no storage or filling shall be permitted. No more tins shall be allowed in the soldering room at any one time than are necessary for expeditious working.

7. No fire or lights, except those necessary in the soldering room and watchman's house, shall be permitted.

8. If the installation contains tanks of which the capacity does not exceed fifteen thousand gallons either—

(a) each tank shall be separately enclosed in the manner prescribed in condition 1, or

(b) the entire installation shall be surrounded by a masonry wall or embankment or a combination of these forming an enclosure of dimensions sufficient to contain, and prevent the overflow of, all the oil that may be stored at any one time within such walls or embankments,

ENDORSEMENT ON FORM G.

CONDITIONS OF THE LICENSE.

1. The dangerous petroleum shall not be kept, used or transported except in gas-tight tinned or galvanized sheet iron, steel or lead plate drums or receptacles containing each not more than 4 gallons and fitted with well-made filling holes and well-fitting screw plugs or fitted with screw cap with metal air-tight under-cap. Such drums or receptacles shall be packed in strong wooden cases, the thickness of the wood to be not less than half an inch. Provided that wood cases shall not be necessary when the drums or receptacles are made of tinned or galvanized sheet iron, or steel, and have the following thickness of metal —

	Not less than
(1) When the capacity does not exceed 2 gallons	25 B. W. G.
(2) When the capacity exceeds 2 gallons	22 B. W. G.

2. The drums or receptacles shall be so substantially constructed and secured as not to be liable, except under circumstances of gross negligence or extraordinary accident, to be broken or become defective, leaky or insecure.

3. Every such vessel, not forming part of a motor-vehicle when used for transporting or keeping dangerous petroleum, shall bear the words "Dangerous Petroleum, Highly Inflammable" legibly and indelibly stamped or marked thereon, or on a metallic or enamelled label attached thereto.

4. An air-space of at least one-tenth of its capacity shall be left in each drum or receptacle at the time of filling to allow for expansion of the dangerous petroleum.

5. Before repairs are done to any such vessel that vessel shall, as far as practicable, be cleaned by the removal of all dangerous petroleum and of all dangerous vapours derived from the same.

6. The store-house or building in which the dangerous petroleum is stored shall be well ventilated and constructed of unflammable materials, provided, however, that the doors and windows may be of wood.

7. Where a store-house forms part of, or is attached to another building and when the intervening, floor or partition is of an unsubstantial or inflammable character, or has an opening therein, the whole of such building shall be deemed to be the store-house, and no portion of such store-house shall be used as a dwelling or as a place where persons assemble. A store-house shall have a separate entrance from the open air distinct from that of any dwelling or building in which persons assemble.

8. The amount of dangerous petroleum to be kept in any one store-house, whether or not upon motor-vehicles, shall not exceed sixty gallons at any one time.

9. The filling or replenishing of any vessel with dangerous petroleum shall not be carried on, nor shall the contents of any such vessel be exposed, in the presence of fire or artificial light, except a light of such construction, position and character as not to be liable to ignite any inflammable vapour, and no artificial light shall be brought within dangerous proximity of the place where any vessel containing dangerous petroleum is being kept.

10. In the case of all dangerous petroleum kept or transported for the purpose of, or in connection with any motor-vehicle, (a) all due precautions shall be taken for the prevention of accidents by fire or explosion and for the prevention of unauthorised persons having access to any dangerous petroleum kept or transported and to the vessels containing, or having actually contained, the same, and (b) every person managing or employed on or in connection with any motor-vehicle shall abstain from every act whatever which tends to cause fire or explosion, and which is not reasonably necessary, and shall prevent any other person from committing such act.

11. The store-house shall be liable to inspection by an officer authorised in this behalf.

FORM H.

(Rule 1 of Chapter IV of Part II.)

General license to transport petroleum other than dangerous petroleum.

T. G. O'LEARY, Bt.-Lt.-Col.,
Commanding 2nd Royal Irish Fusiliers.

THE HONOURABLE THE RESIDENT IN MYSORE.

NOTIFICATION.

Dated the 26th December 1906.

No. 122.—In exercise of the powers conferred by section 6 of the Bangalore Sanitary Improvements Loans Law, 1906, and with the previous sanction of the Governor General in Council, the Resident in Mysore is pleased to make the following rules under the said law for the grant of loans for the purpose of purchasing lands and erecting buildings in such localities as may, from time to time, be prescribed by Government :—

I. The Collector shall be competent to sanction loans not exceeding Rs.1,000.

Explanation.—The Collector is not precluded by this rule from granting several loans to the same individual although the aggregate amount thereof may exceed the maximum prescribed.

Provided that—

- (a) more than three loans shall not be granted to the same individual,
- (b) no such several loan shall exceed Rs.500, and
- (c) such several loans shall be for distinct purposes and be covered by separate and independent security.

II. The rate of interest shall be 6½ per cent. per annum, the Collector having the discretion to remit interest in case of borrowers who are known to be poor.

The Resident in Mysore may, if he sees fit, grant loans in special cases at reduced interest or without interest.

III. Interest shall accrue, from the date of disbursement of loans. If the loan is disbursed in instalments, interest on each instalment shall run from the date of the disbursement of such instalment.

IV. Loans shall be repayable by equal annual instalments discharging both principal and interest, the time allowed for repayment being fixed by the Collector with reference to the convenience of the borrower and the circumstances of the case, but so as not to exceed the maximum period of 10 years prescribed by section 4(2) of the Law.

The time for repayment specified above, shall count from the date of the payment of the loan, or where the loan is paid by instalment, from the date of payment of the last instalment.

In cases of extraordinary calamity, involving destruction of property, the Resident in Mysore may suspend the payment of instalments of interest and principal for such period as he may think necessary, and may remit an amount equal to the interest due for the period of such suspension. He may also in such cases sanction an additional loan not exceeding Rs.500 to an individual to whom a loan has already been granted irrespective of the fact that such additional loan may cause the total amount due on account of principal from that individual to exceed Rs.1,500.

The time allowed for repayment is liable to revision under rule XIV.

Provided that nothing in this rule shall be taken to preclude a borrower from discharging the loan at an earlier period by payment of a larger amount than the annual instalment. The excess so paid shall be credited at once in reduction of principal and the number of future instalments shall, if necessary, be decreased, but no alteration in the amount of subsequent instalment shall be allowed, nor shall postponement of payment of subsequent instalments be permitted.

V. The first repayment of the principal and interest shall not be demanded within less than twelve months from the date of disbursement of the first instalment of the loan.

VI. Repayment may be made at the Resident's Treasury, Bangalore, through the Collector.

VII. Interest at 7½ per cent. will be charged on all instalments of interest or on principal overdue.

In calculating interest under this rule, a broken period of a month shall be taken as half a month or one month according as it is less or not less than fifteen days, and a rupee may be taken as half a rupee or one rupee according as it is less or not less than eight annas.

VIII. No loan shall be granted unless the value of the security offered exceeds by at least one-fourth the amount of the loan applied for.

The nature of the security to be required shall be—

- (i) the land on which the building is to be erected and the building to be erected thereon; and
- (ii) other lands or buildings, or both, belonging to the applicant.

Officers by whom loans may be granted and the maximum amount admissible.

Rate of interest.

Period allowed for repayment and method of recovery.

Security.

If the value of the applicant's interest in the lands and buildings aforesaid does not exceed by one-fourth the amount of the loan applied for, further security consisting of lands or buildings or both belonging to other persons willing to become his sureties shall be required.

IX. If at any time the Collector is satisfied that any borrower has failed to perform any of the conditions on which the loan was made, he may proceed to recover forthwith from such person or from any surety of such person, the entire unpaid balance of the loan together with any interest payable thereon and costs, as arrears of land revenue.

X. An application for a loan shall in every case be made in writing to the Collector in Form No. I hereto annexed (printed copies of which can be obtained from the Collector's Office free of cost) and may be presented in person or sent by post. Mode of application.

XI. No loan shall be granted without a local enquiry. On receipt of an application the Amildar of the Civil and Military Station or other officer empowered by the Collector in this behalf may be required to make summary enquiry as to the correctness of the entries in the application, and as to the *bona fides* and the solvency of the applicant and the sufficiency of the security offered, and submit a report to the Collector.

XII. If after local enquiry and such further investigation as may be deemed necessary, the Collector is satisfied that the loan may be granted, he shall record a decision to the effect that the loan asked for, or a less sum, may be given and then shall at once issue an order granting the loan in Form No. II hereto annexed, which shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. The security bond to be taken in the case of collateral securities shall be in Form No. III hereto annexed.

An order rejecting an application for a loan shall be intimated to the applicant by a notice in Form No. IV hereto annexed.

XIII. Loans may, at the discretion of the Collector, be advanced in one or more instalments. Disbursements of loans.

XIV. The Collector may make provision for the proper inspection of works in course of construction for which loans have been made and for ascertaining and securing that such loans are duly applied to the purpose for which they are made. Inspection of works.

All works for which loans are made by instalments shall be inspected and reported upon before each instalment subsequent to the first is paid.

All works shall be inspected and reported on as soon as possible after the date fixed for their completion in the order granting the loan.

If it should then be found that the work has not been carried out in substantial conformity with the proposals made, the Collector may either require immediate repayment of the whole amount advanced with interest at 6½ per cent. and costs, if any, or alter the instalment fixed under Rule IV, so as to ensure repayment of the loan within the period for which it has been granted. In such cases the original loan order shall be cancelled and a fresh loan order issued, the former being recovered from the borrower if possible.

XV. The Collector shall keep a register of loans and repayments in Form No. V hereto annexed and such other accounts and statements as may from time to time be prescribed by the Resident in Mysore.

S. M. FRASER,

Resident.

No. I.

Form of application for Loans under Bangalore Sanitary Improvement Loans Law, 1906.

1. Name, Father's name and Residence of applicant—
2. Amount of Loan required—
3. Object for which the Loan is required—

PARTICULARS OF THE LAND TO BE PURCHASED OR BUILT UPON.		The nature and extent of the applicant's right in the land and whether he is the registered holder and whether the land is in his enjoyment.		The position, nature and use of proposed building.		RIGHTS OF OTHERS IN THE LAND OR BUILDING.		SECURITY OFFERED.					Name of the person who agrees to offer the land or building as security and the nature of his right in it.	Nature and extent of encumbrances if any on the property, when land or building is offered as collateral security.	Proposed time of repayment.	REMARKS.
Village, Survey number, and whether wet or dry.	Extent.	Name.	Nature and extent of right whether as co-shares, etc.	Survey number.	Mortgage.	Assessment.	In whose name registered.	IF LAND.		OTHER IM-MOVEABLE PROPERTY.						
								Acres.	Acres.							
1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	
	Acres.						Acres.						Acres.			

NOTE—1. Full information as to applicant's right to purchase or build upon the land should be entered in column 3 and as to the right of the party who consents to give other lands or buildings as security in column 13.
2. In column 15 should be entered the number of years from the date of payment of the loan within which the applicant proposes to repay the loan. This will not prevent his discharging the loan sooner if he chooses.

3. Application for a loan may be presented or sent by post or otherwise to the Collector. The application will be free of stamp duty.

4. The rate of interest charged shall be 6½ per cent. per annum, the Collector being granted discretion to remit the charge in case of borrowers who are known to be poor.

5. The loan may be discharged by annual instalments regulated so as to repay both principal and interest within the time allowed.

6. If the grantee of the loan misappropriates the whole or any portion of the loan or otherwise fails in any of the conditions of the grant, the whole unpaid balance of the loan with interest and costs will be liable to summary recovery.

Form of Verification when land or other immovable property is offered as collateral security.

I, the applicant }
surety } for the above loan, do hereby solemnly declare that what is stated in the above application regarding the nature and extent of the encumbrances on the property offered as security is true to the best of my information and belief and that I believe there are no other encumbrances on the property.

Form No. II.

Order granting a loan under the Bangalore Sanitary Improvements Loans Law, 1906.

(See Rule XII).

1. The sum of Rupees _____ is granted to _____, son of _____, residing at _____, as a loan under the Bangalore Sanitary Improvements Loans Law, 1906, for the purpose of _____, subject to the following conditions.

A. (1) That the amount of this loan shall be paid to the aforesaid _____ in _____ instalments on the execution of the necessary security bonds, the 1st on the production of this order at the Resident's Treasury, Bangalore, and 2nd on proof of that the 1st instalment has been properly utilized.

(2) That if the 1st instalment has not been utilized within the period of _____ or if it shall be proved to the satisfaction of the Collector that any portion of the loan has been applied to any other purpose than that above specified the whole unpaid balance of the loan with interest at 6½ per cent. and costs, if any, shall be deemed to at once become due.

B. (1) That the loan shall be repaid by equal annual instalments of _____, commencing from _____. It shall be open to the Collector to reduce the number of instalments and to increase the amount of annual payments so as to recover the loan within a shorter period than herein allowed, if he finds it necessary.

(2) Such annual payments shall be made into the Resident's Treasury, Bangalore, through the Collector.

(3) If default in the payment of any instalment of principal or interest occurs, and recovery cannot otherwise be made, the entire unpaid balance of the loan shall be deemed to at once become due and the whole of the lands or buildings specified under condition (c) or such portion thereof as the Collector may deem necessary shall be sold for the recovery of the amount with interest and expenses of sale, if any.

(c) That for the repayment of loan with interest and costs, if any, the immoveable property specified below is, in addition to the land for the purchase of which or building for the erection of which the loan is made, hypothecated as collateral security to Government.

(d) That the building for the erection of which this loan is made be begun within _____ months and completed within _____ months from the date of payment of the 1st instalment of this loan.

Collector.

I have understood and agreed to the aforesaid terms and conditions.

Signature of the borrower.

SUPPLEMENT TO
The Gazette of India.

No. 1.} CALCUTTA, SATURDAY, JANUARY 5, 1907.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 3rd January 1907, based on the Indian Daily Weather Reports of the period.

A depression which formed in the Bay of Bengal towards the close of the previous week, crossed the Coromandel coast near Madras on the 27th, and advanced slowly to the Konkan coast, where it disappeared on the 30th. While this depression was in existence, a feeble disturbance formed in Gujarat and was apparently transmitted eastwards. Under the influence of these two disturbances unusually wet weather prevailed in the Peninsula during the first half of the week, and rainfall extended as far north as Pendra and Chaibassa. No disturbance entered north-west India from Persia, and weather was dry throughout the week in Baluchistan, northern India and Burma.

Burma.—Skies were clear or only lightly clouded, and temperature was higher than usual, especially at night.

North-east India and Orissa.—On the approach of the disturbance from Gujarat cloud spread over the division on the 30th, and light rain fell at Chaibassa and Sambalpur. The appearance of cloud was accompanied by a large rise in night temperature, but as skies cleared, temperature fell, and at the close of the week it was normal everywhere.

The United Provinces Central India and the Central Provinces.—Skies were clear throughout the greater part of the week in the United Provinces and Central India, but in the Central Provinces there was much cloud up to the 31st, and rain fell in the southern and eastern districts on the 29th and 30th. Temperature was nearly normal in the division, except in the Central Provinces, where unusually high temperatures were recorded up to the 1st of January.

North-west India.—Skies were clear or only partially clouded for greater part of the week, but on the 3rd January pressure gave way and cloud appeared over nearly the whole division. Weather was warmer than usual, both by day and by night, more particularly in the Frontier Province and the Himalayan region.

The Peninsula.—Rain was reported on the 28th from South India, Mysore and the Circars coast, but as the depression from the Bay of Bengal advanced north-westwards, rainfall extended into the Deccan, where it was fairly general on the 29th. Rainy weather continued in the Peninsula for the next two days, but the falls became more local in character and ceased on the 1st. Skies were more or less thickly clouded, and night temperature was in consequence largely above normal, the excess being most marked in the Bombay Deccan.

The rainfall of the period, from the 30th November to the 3rd January, was largely above normal in most divisions of the Peninsula, and was also in excess in the North-west Dry Area and the rainfall sub-divisions of Ludhiana and Jaipur. In other parts of the country rainfall was in defect.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

December 28th, Gopalpur 1·63", Masulipatam 1·32", Nellore 1·74" and Madura 1·39".
 „ 29th, Gulbarga 2·62", Cocanada 2·94", Ahmednagar 2·09", Chitaldroog 1·39",
 Nizamabad 1·10" and Bijapur and Karwar 1·06".
 „ 30th, Pendra 1·46", Cocanada 1·78", Hyderabad (Deccan) 0·90", Masulipatam
 1·88" and Kurnool 2·80".
 „ 31st, Masulipatam 0·98" and Kurnool 1·61".

J. H. FIELD,

for Director General of Observatories.

E. D. MACLAGAN,

Offg. Secretary to the Government of India.

SIMLA;

The 3rd January 1907.

GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 29th December 1906.

Burma.—Slight showers fell in Sandoway and the Arracan Hill tracts during the week. Reaping of early wet weather paddy is completed in Thayetmyo and that of late wet weather paddy is proceeding satisfactorily everywhere. Threshing has commenced in Prome and Tavoy. Plucking of cotton is completed in the Gangaw township of Pakokku. Transplanting of tobacco and onions is completed in Mandalay. Sowing of beans and tobacco on islands is completed and reaping of late wet weather paddy has commenced in Myingyan. In parts of Mandalay the dry weather paddy nurseries are withering for want of water from canals. The standing crops are generally in good condition and the prospects of the harvests are on the whole favourable. The price of paddy has fallen largely in Toungoo; considerably in Bassein, Thaton, and Tharrawaddy; and slightly in Mandalay and Mergui; elsewhere it is stationary.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain during the week. Rain is wanted in Lakhimpur for the winter crops. The tea season is practically closed; the outturn is good in Nowgong and fair in Darrang. Pruning of tea has commenced in most places. Plucking of cotton; harvesting of winter rice; and transplantation of summer rice are in progress. Insects are still causing damage to the mustard crop in parts of Kamrup. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills; fair in Nowgong; and good in Sylhet. Prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 19; Kohima 10; Rangamati 9½; Dinajpur and Sibsagar 9; Barisal, Chittagong, Silehar, Tezpur, and Dibrugarh 8½; Faridpur, 7 to 8; Bogra, Malda, Sylhet, Aijal, Dhubri, Gauhati, and Nowgong 8; Comilla and Jalpaiguri 7½; Pabna 7½; Mymensingh 7½; Dacca, Noakhali, and Rampur Boalia 7; Tura 6 to 7; and Rangpur and Shillong 6½ seers per rupee. Prices have risen in seven; fallen in eight; and remain stationary in the remaining districts. There are no test works open in any district. Three hundred and sixty-four persons received gratuitous relief in Sylhet. Prices are daily falling and the condition of people is improving with the new crop now on the market.

Bengal.—Rain is reported from Bankura, Angul, Puri, Sambalpur, Ranchi and Singhbhum, the fall being light except in Angul and Singhbhum, where it was moderate. Harvesting of winter paddy is still going on. Pressing of sugarcane continues. The spring crops are doing well, but rain is needed for them in the Patna and Bhagalpur Divisions. The number of persons receiving gratuitous relief is—Muzaffarpur 919 and Darbhanga 15,847. The number of persons on test-works is—Muzaffarpur 130, and Darbhanga 1,449. The number on relief works in Darbhanga is 32,437. The price of common rice has risen in three and fallen in six districts.

United Provinces.—No rain fell during the week; it is needed in districts which have not had it. The standing crops on the whole are in good condition. Irrigation and weeding are being carried on and sugarcane pressing is in progress. Slight damage by locusts is reported in Gharwal and by frost in parts of Agra, Farrukhabad, Cawnpore, and Hamirpur. Cattle are generally healthy. Markets are full but fodder continues scarce in Sitapur and Rae Bareilly. Prices are stationary but high.

The weekly report on the scarcity is as follows:—No rain fell during the week in Gorakhpur. Irrigation continues and crops are in good condition except in tahsil Bansgaon where slight damage is reported for want of rain. Supplies and fodder are adequate and prices remain stationary. The numbers on relief are:—on works 1,196; on gratuitous relief 1,375; in poor houses 303; total 2,874.

Punjab.—Slight rain has fallen in parts of Ambala and Rawalpindi. There is very little fluctuation in the prices of food grains; wheat is rising in Rohtak and falling in Ambala, and Sialkot. Cotton picking and sugarcane pressing continue in some districts. Sowings of spring crops are still in progress in Sialkot and Rawalpindi. Harvesting of *toria* (*Brassica campestris*) is in progress. The condition and prospects of the standing crops are generally good. Rain is needed for unirrigated crops in Hissar and Rohtak. The yield of cotton is poor in Multan and average in other districts and that of *toria* (*Brassica campestris*) average in Shahpur. Locusts appeared in Rohtak, Ambala, Amritsar, Sialkot, Mianwali, and Multan but did no damage. Cattle are generally in good condition. Fodder is sufficient. There are no complaints regarding the water-supply.

North-West Frontier Province.—No rain. Unirrigated spring sowings are still in progress. The condition of the standing crops on irrigated and unirrigated areas is generally good; crops have been slightly damaged by locusts in the southern part of the Dera Ismail Khan District. The water-supply is sufficient. Fodder is ample. The condition of cattle is good except in Dera Ismail Khan. Prices are fluctuating but are easy. Prices:—wheat $14\frac{1}{2}$ to $18\frac{1}{2}$; gram $16\frac{1}{2}$ to 22; maize $16\frac{1}{2}$ to $27\frac{1}{2}$; and bajra $18\frac{1}{2}$ to 20 seers per rupee.

Jammu.—No rain. Prices are fluctuating. Prices:—wheat 17 to 24 and maize 21 to 35 seers per rupee. The condition of the standing crops is good. Fodder is sufficient. Sowings of spring crops are in progress.

Kashmir.—The weather is bright and cold. Prices are stationary.

Rajputana.—Rainfall:—Nizamit Bikaner forty-one cents. Agricultural operations are satisfactory. Prospects are generally satisfactory. Pasturage or fodder is sufficient. Prices are nearly steady throughout though still high in places.

Central India.—No rain. Autumn harvesting and picking of cotton are in progress. The standing crops and the probable outturn are good. Pasturage is good. Prices are high in Gwalior and Baghelkhand; and are stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—Rain was received in most districts during the week ranging from 1 inch in Seoni and Chhindwara to 33 cents in Bhandara. These showers have greatly benefited the spring crops but have damaged *juar* and cotton to some extent in Akola and Yeotmal. Cloudy weather has also injured the crops slightly in Nagpur, Chanda, Drug and Akola. Picking of cotton and threshing and winnowing of autumn crops still continue. Prospects are favourable and fodder and water are sufficient. Wheat has become slightly cheaper in Damoh, Drug and Bilaspur and rice in Nimar and Raipur; *juar* has become dearer by one seer per rupee in Narsinghpur and Buldana and cheaper by $1\frac{1}{2}$ seers in Damoh; elsewhere prices are steady but still maintain the scarcity level in Chanda and Bilaspur.

Bombay.—The rain during the week in parts of Ratnagiri, Kanara, the Deccan, the Karnatak and Kolhapur was beneficial to the standing crops except in parts of Kanara, Bijapur and Belgaum. More rain is needed in parts of the Deccan and the Karnatak where the crops are withering. Crops have been slightly damaged by locusts in parts of Hyderabad, Upper Sind Frontier, Thar and Parkar and Mahi Kantha; by insects in parts of Upper Sind Frontier and Thar and Parkar; and are generally in good condition elsewhere. Harvesting of autumn crops is nearly completed and threshing continues. Spring sowings are nearing completion. Cotton picking continues in Sind, Broach, the Deccan and Kathiawar. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Ahmednagar, Poona and Sholapur. Agricultural stock is sufficient except in Ahmednagar, Sholapur, Bijapur and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 23 per cent. above normal to 20 per cent. less than normal, and elsewhere normal to 25 per cent. below.

Hyderabad.—Rainfall:—16 cents. The early-rice harvest still continues. Spring crops are in good condition and weeding continues. Late rice is being sown. Prices:—wheat 8; coarse rice $7\frac{1}{2}$; and *juwar* 16 seers per rupee.

Mysore.—There was slight rain throughout the State. The standing crops are in good condition and are being generally harvested. The prospects of the season are good. Cattle are healthy and water and fodder are available.

Coorg.—Rainfall:—30 cents. Picking of coffee and reaping of rice continue. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—The rainfall of the week was heavy in Tanjore; good in Nellore, South Arcot, Madras, North Arcot, Trichinopoly, Guntur, Chingleput, and Godavari; and light to fair elsewhere. Irrigation supplies are sufficient except in parts of Kistna, Bellary, Anantapur, Salem and Madura. Ploughing, sowing, weeding and transplanting are in progress in parts. The standing crops are generally fair, but in some parts of Godavari, Kistna, Kurnool, Tanjore, they have been damaged by heavy rain. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Kistna and Bellary. Fodder is scanty in parts of Godavari, Kistna, Anantapur, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in twelve districts; has fallen in eight; and has slightly risen in three. The prices of millets

have fluctuated as follows :—*Ragi* is stationary in eight districts ; has fallen in seven ; and has slightly risen in six. *Cholam* is stationary in six districts ; has fallen in one ; and has slightly risen in seven. *Cumbu* is stationary in six districts ; has fallen in two ; and has slightly risen in eight.

The number of persons in receipt of relief during the preceding and present weeks in each Province or State is shown in the following table :—

Name of Province or State.	PRECEDING WEEK. (REVISED FIGURES.)			PRESENT WEEK.			Increase or decrease.

Government of India Notifications, Appointments, Promotions, etc.

HOME DEPARTMENT.

NOTIFICATIONS.

PUBLIC.

Calcutta, the 4th January 1907.

No. 16.—The Governor General in Council directs that the following amendments shall be made in the rules regarding the use of uniform by officers in Civil employ, published with the Notification of the Government of India in the Home Department, No. 111, dated the 15th January 1904, as amended by Notification No. 3926, dated the 8th December 1905 :—

(1) For rule IV the following shall be substituted :—

IV.—At Levées, Drawing Rooms and State ceremonials, officers of the Army in Civil employ, for whom no political or special uniform is prescribed, shall wear the uniform of the Corps or Department to which they belong: and, on all occasions on which military mess dress is worn by officers in Military employ, it may also be worn by Military officers in Civil employ. But when a Military officer is appointed substantively to any Civil office for which uniform is prescribed, he shall wear the uniform of that office.

- (2) In clause 3 of Part I of the schedule to the rules the following shall be inserted between the entries 'Director-General of Telegraphs' and 'Commissioner, Northern India Salt Revenue,' namely :—
'Director of Railway Construction.'

The 10th January 1907.

No. 74.—His Excellency the Governor General is pleased to declare that retired Judges of the Calcutta High Court shall have the privilege of private entrée to Government House.

No. 81.—The Governor General in Council hereby notifies that on the following days during 1907, which are not declared * by the Government of Bengal to be "public holidays" under section 25 of the Negotiable Instruments Act, 1881 (XXVI of 1881), the offices directly subordinate to the Government of India at Calcutta with the exception of—

- (1) The office of Issue of the Paper Currency Department,
(2) The office of the Comptroller and Auditor General,
shall be closed :—

Dated 1st October 1906.

58th Vaughan's Rifles (Frontier Force).

Lance Naick Hira Singh to be Jemadar, on probation, to fill an existing vacancy.
Dated 10th October 1906.

CANTONMENTS.

REGULATIONS.

No. 10.—The following draft of certain rules which it is proposed to make for licensing, controlling and regulating the practice of brokers, measurers and weighmen in the Cantonment of Saugor in exercise of the powers conferred by section 26, clause (20), and section 27 of the Cantonments Act, 1889 (XIII of 1889), is published, in accordance with the provisions of section 27 of the said Act, for the information of persons likely to be affected thereby and notice is hereby given that the draft will be taken into consideration on the 11th February 1907.

2. Any objections or suggestions received from any person with respect to the draft before the date aforesaid will be considered by the Governor-General in Council.

Draft Rules.

1. No person shall practise in any public place as a broker, measurer or weighman without having previously obtained from the Cantonment authority a license authorising him so to practise, and unless such license is still in force. In case of breach of this rule, the offender shall, on conviction before a Magistrate, be liable to a fine which may extend to Rs 50.

Licenses once granted, and not suspended or cancelled, may be renewed from year to year by the Secretary to the Cantonment Committee, subject to report of such renewal to the Cantonment authority.

2. No person convicted of an offence under Chapter XIII or under Chapter XVII of the Indian Penal Code, and no person who, on conviction of any offence, has been punished with imprisonment, shall, while such conviction remains in force, be licensed to practise as a broker, measurer or weighman.

3. No person shall be licensed to practise as a broker, unless he is able to read and write. But this rule shall not apply to any person who, at the time when these rules came into force, is practising as a broker in the Saugor Cantonment.

4. No person shall be licensed to practise as a measurer or weighman unless he is in possession of weights and measures, verified and stamped by order of the Cantonment authority under section 286 (1), Cantonment Code, 1889. Such weights and measures shall be produced by the licensee for inspection on demand made at any reasonable time by any member of the Cantonment Committee, or by any officer or servant of the Cantonment Committee who is in receipt of a monthly salary of not less than seven rupees, and who has been duly empowered by the Cantonment authority in this behalf, or by any Police officer above the rank of Constable.

5. Every person licensed to practise as a broker shall keep, or cause to be kept, regular and accurate accounts of all his dealings as a broker in a bound book, which shall be supplied to him at his expense by the Cantonment authority. The pages of such book shall be numbered consecutively in the office of the Secretary to the Cantonment Committee, and the first and last pages of such book shall be signed by the Secretary, who shall certify to the number of pages contained in such book. The book shall be produced by the licensee for inspection on demand made at any reasonable time by any member of the Cantonment Committee or by any officer or servant of the Cantonment authority who is in receipt of a monthly salary of not less than seven rupees, and who has been duly empowered by the Committee in this behalf.

6. The Committee shall frame—

- (a) a scale of fees payable by licensees under these rules ;
- (b) a scale of rates at which licensees may charge for their services.

The Cantonment authority may from time to time make alterations in scales so fixed.

7. No broker, measurer or weighman shall charge or endeavour to obtain payment for his services, at a higher or lower rate than that prescribed under rule 6. The licensee's charges shall be payable by the seller, or by the purchaser, according to the agreement made in each case. In the absence of any special agreement the charge shall be borne half by the seller and half by the purchaser.

8. Licenses under these rules, unless suspended or cancelled, shall be in force from the 1st of April of the year in which they are granted up to the 31st March of the ensuing year. Licenses granted on any date subsequent to the 1st April shall continue in force up to the 31st March following, and no longer. But only half fees shall be charged for licenses granted on or after the 1st October in any year.

9. Every license shall be in the vernacular, in the form appended, and shall be signed by the Secretary to the Cantonment Committee. Licenses are not transferable. The terms of every license granted under these rules shall be fully explained to the licensee, at the time when it is granted by the Secretary to the Cantonment Committee or by some servant of the Cantonment authority appointed by the Secretary for the purpose, and a copy in the vernacular of the rules and of the rates of charges fixed under rule 6 (b) shall be supplied to him with the license. Licenses shall be given in the form appended to these rules.

10. Copies in the vernacular of the rates prescribed under rule 6 (b) shall be suspended at such public offices or places as the Cantonment authority may think requisite for their due publication. No alteration in rates shall take effect until notice of the proposed alteration has been posted up at the above mentioned offices or places for a period of at least 15 days.

11. The Cantonment authority may, for good and sufficient reason, refuse to grant a license under these rules, and may for mis-conduct and non-compliance with the requirements of these rules on the part of the licensee, or for any other good and sufficient reason, suspend or cancel a license so granted. Such suspension or cancellation shall not entitle the licensee to any refund of fees paid on account of such license.

12. Every order of the Cantonment authority refusing the grant of a license under these rules or cancelling or suspending a license so granted, shall be recorded in writing by the Secretary to the Committee, and shall contain a brief statement of the reasons for the discussion of the Committee. A copy of such order shall be supplied free of cost to the person thereby affected, on application by him to the Committee.

13. The Cantonment authority shall at the time of granting a license to a weighman or measurer under these rules cause to be supplied to him a suitable badge of office. A fee not exceeding one rupee shall be paid by the licensee for such badge when first supplied or on renewal, when it becomes unserviceable. No weighman or measurer shall practise his calling in any public place without such badge, which must always be conspicuously worn by him while so practising his calling. Such badges are not transferable.

14. Every licensee under these rules shall when practising his calling produce his license, badge, or both, as the case may be, for inspection on demand made at any reasonable time by any member of the Cantonment Committee or by any officer or servant of the Cantonment authority who is in receipt of a monthly salary of not less than seven rupees, and who has been duly empowered by the Cantonment authority in this behalf.

15. Every licensee under these rules shall deliver up to the Cantonment authority the license granted to him on its expiry, suspension or cancellation. When a license is so delivered up, the badge, supplied to the licensee by the Cantonment authority in accordance with the provisions of rule 13, shall also be surrendered. But on renewal or restoration of the license, the badge, if still serviceable, shall be returned to the licensee free of charge.

16. If after issue of any license or badge granted under these rules, such license or badge is lost or destroyed, the licensee shall not practise in any public place as a broker, measurer or weighman until he has, on application to the Cantonment authority, obtained a fresh license or badge. If the Cantonment authority is satisfied that such license or badge has been accidentally lost or destroyed, a fresh license or badge may be issued by the Committee to the licensee in place of it, on payment in either case of an additional fee of eight annas. Every license as issued shall have the word "duplicate" written in large letters across it in red ink.

17. No licensee under these rules, while practising his calling in any public place, shall without reasonable cause refuse to transact business for any person calling on him to do so.

18. The following acts are included in the term "misconduct" within the meaning of rule 11 :—

- (a) Taking part in a combination to enhance or reduce the prices of goods, or to divert traffic from the Cantonment markets.
- (b) Intentional betrayal by a licensee of the interests of any person employing him, or connivance in any fraud against persons not employing him.
- (c) The purchase or sale of goods by a licensee, on his own account, while in the exercise of his calling.
- (d) Interference by a licensee between buyers and sellers, when his services are unsought, or the demand of payment from any person who has not employed him.
- (e) Demand by a licensee from any person employing him of any charge not authorised by rule 6.

Form of license for a Broker or Weighman.

(No. 9 of the Rules for licensing Brokers, Measurers or Weighmen.)
(To be maintained in duplicate, the bound copy being retained in the
Cantonment office for record.)

of _____ caste _____ resident
is hereby authorised to practise as a _____
in all public places within the limits of the Saugor Cantonment. This license shall not be
in force after the 31st March _____.

Not transferable.

The attention of the licensee is drawn to the rules (non-compliance with which may entail cancellation of the license, *vide* rule 11) and the rates of charges fixed under rule 6 (b), copies of which have been supplied to him with this license.

The sum of R _____ has been paid on account of this license.

Secretary, Cantonment Committee

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

No. 555 of 1906.—John Carbury Holford, of Castle Hill, Buckland Newton, in the county of Dorset, England. *Improvements in typewriting machines.* (Specification filed 22 December 1906.)

No. 170 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

No. 186 of 1894.—Edward Waller Stoney. *Spiral switch handle and combined spiral switch handle lock and point indicator.* (From 2 January 1907 to 2 January 1908.)

No. 387 of 1899.—Fatehmaahmed Imamsaheb. *Improvements in fibre extracting machines.* (From 26 February 1907 to 26 February 1908.)

No. 41 of 1900.—Ganesh Ramchandra Marathe. *The new improved spinning machine.* (From 21 December 1906 to 21 December 1907.)

No. 224 of 1900.—N. Futchally and Company. *A machine for a speedy decortication of alopecurus fibre and other fibrous plants.* (From 22 January 1907 to 22 January 1908.)

No. 5 of 1901.—John King Macdonald. *Improvements in sewing machines.* (From 18 February 1907 to 18 February 1908.)

No. 102 of 1901.—Mokshagundam Visvesvaraya. *Improving the automatic action of sluice gates of dams or waste weirs of storage reservoirs.* (From 2 January 1907 to 2 January 1908.)

- No. 185 of 1901.—George Jones Atkins. *Improvements in the electrolysis of chlorides of metals of the alkalis and alkaline earths for the purpose of obtaining chlorine and apparatus therefor.* (From 3 December 1906 to 3 December 1907.)
- No. 186 of 1901.—George Jones Atkins. *Improvements in the manufacture of chlorine and in the employment thereof for bleaching, for disinfecting, for the treatment of metals and metallic ores, and so forth.* (From 3 December 1906 to 3 December 1907.)
- No. 356 of 1901.—William John Osborn. *Improvements in apparatus for filling vessels with petroleum.* (From 7 April 1907 to 7 April 1908)
- No. 459 of 1902.—Horace Gabriel Heimann. *Improvements in punkah pulling machines.* (From 21 January 1908 to 21 January 1909.)

No. 171 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased:—

- No. 9 of 1902.—Cornelius Edward Cardew. *A lid or cover for axle-boxes otherwise known as journal-boxes, such as used in engines, tenders, cars, or other vehicles running on railways or tramways.* (Specification filed 3 October 1902.)
- No. 98 of 1902.—Louis Charles Phillip Stromeier. *An improved letter file to be named the "corner clip letter file."* (Specification filed 22 September 1902.)
- No. 110 of 1902.—Nernst Electric Light, Limited, Gilbert Scott Ram and Eustace Graham Sheppard. *Improvements in and relating to Nernst lamps.* (Specification filed 3 October 1902.)
- No. 122 of 1902.—William Richard Sumption Jones. *Improvements in railway coupling apparatus.* (Specification filed 26 September 1902.)
- No. 205 of 1902.—Frank Wiggins. *Improvements in self-tightening clutches for pulleys.* (Specification filed 23 September 1902.)
- No. 243 of 1902.—Jules Adolphe Besson. *Improvements in the process for the purification and concentration of saccharine juices and products from sugar manufactories.* (Specification filed 23 September 1902.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof —

The sum of Rs 50 for each of the above inventions.

- No. 66 of 1899.—Edward William McKenna. *A method of and machinery for renewing old steel rails.* (Specification filed 2 October 1899)
- No. 67 of 1899.—Edward William McKenna. *Charging machine.* (Specification filed 2 October 1899.)
- No. 68 of 1899.—Edward William McKenna. *A saw table.* (Specification filed 2 October 1899.)
- No. 117 of 1899.—James Major, and Thomas James Wood. *Improvements in dyeing, bleaching, or otherwise treating with liquids cops of yarn, and an apparatus therefor.* (Specification filed 25 September 1899.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (a) After the expiration of the sixth year and before the expiration of the seventh year from the date of the filing of the specification—

The sum of Rs 50 for each of the above inventions.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 15. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,

Secretary under the Inventions
and Designs Act, V of 1888.

* Agents for sale of the Legislative Department publications

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through Local Governments to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agent to the particular Government under whose orders they were originally issued.

[The amounts within parentheses are for packing and postage.]

SUPPLEMENT TO
The Gazette of India.

No. 2.} CALCUTTA, SATURDAY, JANUARY 12, 1907.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 10th January 1907, based on the Indian Daily Weather Reports of the period.

Weather was dry during the first half of the week in northern India, but on the 6th pressure gave way briskly in Gujarat, south Rajputana and the adjacent districts of Central India, and an area of low pressure was formed there. On the 7th a rapid fall of the barometer in Baluchistan, accompanied by thick cloud in that area, showed the formation of another depression, which also apparently was of local origin and was not transmitted from Persia. On the 8th this depression was shown lying over north Rajputana and the south-west Punjab, and cloud had extended over north-west India, except in Sind and Gujarat, while snow was falling in Kashmir. The area of low pressure from Gujarat had in the meantime entered Central India, and skies were cloudy there and over the whole of the United and Central Provinces. The depression in Rajputana was in practically the same position on the 9th, and had given snow and rain in the west Himalayas, and rain in the submontane districts of the Punjab, while the area of low pressure in Central India had also been stationary, but had increased in intensity and importance. The combined action of these two disturbances caused during the next twenty-four hours widespread precipitation extending over the west Himalayas, the submontane and east Punjab, the United and Central Provinces and the east of Central India. Both disturbances then filled up rapidly and had practically disappeared by the morning of the 10th. In the Peninsula no disturbance of any importance appeared, but there were a few falls of rain—due to generally unsettled conditions shown chiefly by the presence of cloud.

Burma.—Skies were clear or only lightly clouded, and temperature was generally above normal, except in Tenasserim.

North-east India and Orissa.—Skies were clear over the greater part of the division until the 10th, when the approach of the area of low pressure from Gujarat caused the appearance of cloud in all parts except Assam. Temperature was nearly normal during the first part of the week and was in general excess during the second.

The United Provinces, Central India and the Central Provinces.—Skies were nearly clear during the first few days of the week, but the advance eastward of the area of low pressure from Gujarat caused an increase of cloud, and by the end of the week skies were overcast in the whole division, and night temperature was in consequence considerably above normal. Rain was reported on the 10th from the east of Central India and most stations in the United Provinces and the northern districts of the Central Provinces.

North-west India.—Skies were cloudy throughout the week in Kashmir, but in the plains of north-west India they were clear till the formation of the depression in Baluchistan and its advance into north Rajputana, when cloud spread over the whole division, except Sind and Gujarat. Snow commenced falling in Kashmir on the 8th and continued in that region during the remainder of the week, while rain was received in the Frontier Province and parts of the Punjab and of Rajputana on the 9th and 10th. Temperature was in general excess throughout the week, and was most largely above normal at night, but a rapid fall in maximum temperature occurred in the area of rainfall at the close of the period.

The Peninsula.—Skies were cloudy, and local falls of rain were reported on most days of the week. Temperature was nearly normal till the 7th, when night temperature rose and remained in slight to moderate excess during the rest of the week.

The rainfall of the period, from the 30th November to the 10th January, was practically normal or in excess over the greater part of the Peninsula, and in the Punjab, the Frontier Province and Rajputana. The excess was largest in the Deccan and Mysore.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

January 6th, Negapatam 1·08" and Pamban 1·85".

" 7th, Pamban 1·01".

" 8th, Sonemarg 0·57".

" 9th, Ludhiana 0·76", Murree 1·15" and Leh 0·42".

" 10th, Meerut 0·89", Roorkee 1·21", Dehra Dun 1·84", Chakrata 2·03", Jhansi 0·45", Simla 2·04", Delhi 0·63", Lahore 0·58" and Rawalpindi 0·98".

J. PATTERSON,
for Director General of Observatories.

E. D. MACLAGAN,
Offg. Secretary to the Government of India.

SMMLA ;
The 10th January 1907.

GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 5th January 1907.

Burma.—Slight showers fell in Sandoway and Kyaukpyu during the week. Sowing of early wet weather paddy has commenced in the Southern Shan States. Reaping of late wet weather paddy has commenced in irrigated tracts of Minbu and has been completed in Pegu, Tavoy, and the Monywa sub-division of Lower Chindwin. Threshing is completed in Henzada and is progressing in Tharrawaddy, Prome, Tavoy, and in the Northern Shan States. Ploughing for dry weather paddy has commenced in the Yeu sub-division of Shwebo and is progressing in the Monywa sub-division of Lower Chindwin. Sowing continues in Kyaukse and in Upper Chindwin and is completed in the Pakokku township of Pakokku. Plucking of cotton in Thayetmyo and gathering of groundnuts in Magwe are progressing. Reaping of sesamum is completed in the Monywa sub-division of Lower Chindwin. The standing crops are generally in good condition. The price of paddy has risen slightly in Rangoon, Pyapon, Mandalay, and Shwebo; it has fallen considerably in Tharrawaddy, Toungoo, and Minbu; largely in Akyab and Thaton; and slightly in Maubin and Henzada.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain during the week. Rain is wanted for mustard and other winter crops in the Surma Valley and in Upper Assam. The tea season is practically closed; the outturn is good in Sylhet and Nowgong and fair in Darrang. Pruning of tea has commenced in most places. Plucking of cotton; harvesting of winter rice; pressing of sugarcane; gathering of pulses; and transplantation of summer rice are in progress. Insects are still causing damage to the mustard crop in parts of Kamrup. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and the Jaintia Hills; fair in Nowgong; and good in Sylhet. Prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 18; Kohima 10; Rangamati 9½; Nowgong and Sibsagar 9; Silchar, Tezpur, and Dibrugarh 8½; Barisal, Chittagong, Dinajpur, Jalpaiguri, Aijal, Dhubri, and Gauhati 8; Faridpur 7 to 8; Bogra, Pabna and Rampur Boalia 7½; Mymensingh and Sylhet 7½; Noakhali and Malda 7; Tura 6 to 7; and Rangpur and Shillong 6½ seers per rupee. Prices have risen in six; fallen in five; and have remained stationary in the remaining districts. One hundred and seventy-six persons received gratuitous relief in Sylhet.

Bengal.—Moderate rainfall is reported from Sambalpur and Palamau, and a slight fall from Cuttack. Harvesting of winter rice is nearly finished. Sugarcane-pressing continues. Spring crops are doing well. But rain is still needed for them in the Patna Division, and also in parts of the Hooghly, Bhagalpur, Purnea, Palamau, and Singhbhum districts. The number of persons receiving gratuitous relief is:—Muzaffarpur 1,608 and Darbhanga 19,453. The number of persons on test and relief works in Darbhanga is 585 and 48,381, respectively. The price of common rice has risen in ten and fallen in five districts.

United Provinces.—The week was rainless though cloudy and rain is needed generally for spring crops. Weeding and irrigation continues. The condition of crops is good though some injury is reported to the *arhar* crop by frost in one tahsil of the Cawnpore district. Agricultural stock is on the whole in good condition. Supplies are adequate, but fodder is still scarce in Sitapur and Rae Bareilly. Prices continue stationary.

The weekly report on the scarcity is as follows:—rain is urgently needed in Gorakhpur. Crops are in good condition except in parts of the Bhat tract where damage is reported both from rust and deficient moisture. Irrigation, weeding and cane pressing continue. Markets are full. Prices have fallen slightly but are still high. The numbers on relief are:—on works 377, on gratuitous relief 1,613, in poor houses 352, total 2,342.

Punjab.—Slight rain has fallen in parts of Jullundur, Ferozepur, Lahore, Amritsar, and Sialkot. The price of wheat is rising in Rohtak, Ambala, and Sialkot and falling in Rawalpindi and Multan; there is very little fluctuation in the prices of other food grains. Harvesting of autumn crops; cotton picking; and sugarcane pressing are in progress in some districts. The condition and prospects of the standing crops are generally good. Rain is needed for unirrigated crops in Rohtak, Ambala and Shahpur. Locusts appeared in Ambala, Jullundur, Sialkot, Shahpur, and Multan causing slight damage in those districts. The condition of cattle is good. Fodder is sufficient. There are no complaints regarding the water-supply.

North-West Frontier Province.—Rainfall *nil*. Spring sowings are still progressing. The condition of the standing crops on irrigated and unirrigated areas is good. Locusts have slightly damaged the wheat and oil seeds crops in Dera Ismail Khan. The water-supply is ample. Fodder is sufficient. The condition of cattle is good except in the Tank tahsil of the Dera Ismail Khan district. Prices show a downward tendency. Prices:—wheat 15 to 19; gram 17 to 22; maize 15 to 27½; and bajra 18½ to 20 seers per rupee.

Jammu.—There was slight rain during the week. Prices are fluctuating. Prices:—wheat 11 to 22 and maize 12 to 28 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tahsil. Sowing of spring crops is nearly over.

Kashmir.—The weather was bright except on the last day of the week when it was cloudy with slight rain. Prices are almost stationary.

Rajputana.—Agricultural operations are proceeding satisfactorily and prospects are generally satisfactory. Pasturage or fodder is sufficient. Prices are nearly steady throughout though still high in places.

Central India.—There were light showers in parts of Bhopawar during the week but no rain elsewhere. Spring sowings and autumn reappings are in progress. The standing crops and probable outturn are good. Pasturage is good. Prices are normal in Gwaior and Bhopal; high in Baghelkhand; and steady elsewhere. Poppy cultivation is in progress in Malwa and Indore.

Central Provinces.—The weather is cloudy and cool but no rain fell except in parts of Bhandara and Balaghat, improving prospects of the spring crops. Threshing and winnowing of autumn crops; and picking of cotton are in full swing. *Yuar* has been slightly damaged by frost in Jubbulpore and wheat plants by cloudy weather in parts of Hosnangabad; linseed and gram in Wardha, *tar* and gram in Burhanpur tahsil (Nimar), and linseed in Bilaspur and Bhandara tahsils have also been slightly damaged by cloudy weather and by insect pests. The standing crops are generally in good condition and prospects are favourable. Fodder and water are ample everywhere. The prices of food grains have risen slightly in Jubbulpore, Mandla, Nimar, Chhindwara, and Wardha and have fallen in the Chhattisgarh division and in the districts of Damoh, Narsinghpur, and Yeotmal; prices elsewhere are steady but still exceed the scarcity rate in Wardha, Chanda, and Bilaspur; rates are generally cheaper than those ruling at this time last year.

Native States.—Kawardha received nearly one inch of rain during the week. Threshing of rice and *kodon*; picking of cotton; and sugarcane pressing continue. Spring crops are flourishing and prospects are good. Fodder and water are sufficient. Prices have risen in Raigarh owing to large rice exports towards Bengal; elsewhere prices are:—wheat 11 to 20; rice 13 to 17; and *kodon* 18 to 23 seers per rupee.

Bombay.—There was rain during the week in parts of Surat, Ratnagiri, Kanara the Deccan, the Karnatak and Kolhapur. The standing crops have been slightly damaged by locusts and insects in parts of Hyderabad; by recent rain in parts of Kanara and Belgaum; are withering in parts of the Deccan and Bijapur; and are generally in good condition elsewhere. Harvesting of autumn crops is nearly completed and threshing continues. Cotton picking is progressing in Hyderabad, Thar and Parkar, Broach, the Deccan and Kathiawar. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Ahmednagar, Poona and Sholapur. Agricultural stock is sufficient except in Thar and Parkar, Ahmednagar, Sholapur, Bijapur, and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 10 per cent. above normal to 24 per cent. less than normal, and elsewhere normal to 25 per cent. below.

Hyderabad.—Rainfall one inch eleven cents. The early rice harvest is nearing completion. Spring crops are in fair to good condition. Weeding continues. Late rice sowing continues. Prices:—wheat 7½; coarse rice 7½; and jowar 15½ seers per rupee.

Mysore.—There was slight rain throughout the State during the week. Prices are generally steady. The standing crops are in good condition and are being generally harvested. The prospects of the season are good; cattle are healthy and water and fodder are available.

Coorg.—Rainfall two cents. Picking of coffee and reaping of rice continues. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—Rainfall *nil* in the Central districts and Malabar; good in Guntur, Anantapur, Vizagapatam Agency, Kurnool, Kistna and Nellore; and light to fair elsewhere. Irrigation

supplies are sufficient except in parts of Kistna, Bellary, Salem and Madura. Ploughing, sowing, weeding and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Godavari, Kistna, Guntur, and Kurnool have been damaged by recent rains. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Kistna and Bellary. Fodder is scanty in parts of Godavari, Kistna, Salem, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in six districts; has fallen in twelve; and has very slightly risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in six districts; has fallen in eight; and has slightly risen in seven. *Cholam* is stationary in four districts; has fallen in five; and has slightly risen in five. *Cumbu* is stationary in two districts; has fallen in five; and has slightly risen in eight.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table:—

Name of Province.	PRECEDING WEEK. (REVISED FIGURES.)			PRESENT WEEK.			Increase or decrease.

When attending at the Viceregal Court, Ladies will appear in black and Officers in uniform will wear a crape band on the left arm.

By Command,

F. L. ADAM, *Lt.-Col.,*
Military Secretary to the Viceroy.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Calcutta, the 18th January 1907.

The following Statute is published for general information :—

THE MARRIAGE WITH FOREIGNERS ACT, 1906.

[6 EDW. 7, CHAPTER 40.]

An Act to amend the Law with respect to Marriages between British Subjects and Foreigners.

[29th November 1906.]

Be it enacted by the King's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Brit-
with
oad.

1. (1) Any British subject who desires to be married in a foreign country to a foreigner according to the law of that country may, if it is desired for the purpose of complying with the requirement of the law of that country to obtain the certificate hereinafter mentioned, give notice of the marriage, if resident in the United Kingdom, to the registrar, and if resident abroad, to the marriage officer, and apply to the registrar or officer for a certificate that after proper notices have been given no legal impediment to the marriage has been shown to the registrar or officer to exist, and the registrar or officer shall, after the conditions set out in the Schedule to this Act have been complied with, give the certificate applied for unless the certificate is forbidden or a caveat is in operation as provided in that Schedule, or some legal impediment to the marriage is shown to the registrar or officer to exist.

(2) If a person—

- (a) knowingly and wilfully makes a false oath or signs a false notice of marriage for the purpose of a certificate under this section; or
- (b) forbids the granting of a certificate under this section by falsely representing himself to be a person who is authorised to forbid the certificate, knowing that representation to be false,

that person shall be guilty of perjury, and if the offence is committed abroad, may be tried in any county or place in the United Kingdom in which the offender may be, and dealt with in the same manner in all respects as if the offence had been committed in that county or place.

(3) If any person enters a caveat on grounds which the registrar or officer, or, in case of appeal, the Registrar General declares to be frivolous, that person shall be liable to pay as a debt to the applicant for the certificate such sum as the registrar or officer or, in the case of appeal, the Registrar General considers to be proper compensation for the damage caused to the applicant by the entering of the caveat.

(4) Such fees may be charged in respect of any notice of an intended marriage, or any application for or grant of a certificate, or the entering of a caveat under this section, as may be fixed, as respects certificates to be granted by or caveats entered with registrars, by the Registrar General, with the consent of His Majesty in Council, and, as respects certificates to be granted by or caveats entered with a marriage officer, as may be fixed by Order under the Consular Salaries and Fees Act, 1891.

2. (1) Where arrangements have been made to the satisfaction of His Majesty with A. D. 1906. any foreign country for the issue by the proper officers of that country, in the case of persons subject to the marriage law of that country proposing to marry British subjects in the United Kingdom, of certificates that after proper notices have been given no impediment according to the law of that country has been shown to exist to the marriage, His Majesty may, by Order in Council, make regulations—

- (a) requiring any person, subject to the marriage law of that foreign country, who is to be married to a British subject in the United Kingdom, to give notice of the fact that he is subject to the marriage law of that country to the person by or in the presence of whom the marriage is to be solemnised; and
- (b) forbidding any person to whom such a notice is given to solemnise the marriage or to allow it to be solemnised until such a certificate as aforesaid is produced to him.

(2) If any person knowingly acts in contravention of, or fails to comply with, any such regulation, he shall be guilty of a misdemeanour, and shall be liable to a fine not exceeding one hundred pounds, or to imprisonment for a term not exceeding one year.

(3) Nothing in this section shall be taken to relate or have any reference to any marriages between two persons professing the Jewish religion solemnised according to the usages of the Jews in the presence of the secretary of a synagogue authorised by either the Births and Deaths Registration Act, 1836, or the Marriages (Ireland) Act, 1844, or by the Marriage and Registration Act, 1856, to register such a marriage, or of a deputy appointed by such secretary by writing under his hand, and approved by the president for the time of the London committee of deputies of the British Jews by writing under his hand.

3. His Majesty may by Order in Council make general regulations prescribing the forms to be used under this Act and making such other provisions as seem necessary or expedient for the purposes of this Act, and may by Order in Council revoke, alter, or add to any Order in Council made under this Act.

4. In this Act, unless the context otherwise requires,—

the expressions "Registrar General" and "registrar" mean respectively the Registrar General within the meaning of the Births and Deaths Registration Act, 1836, and a superintendent registrar of marriages within the meaning of the Marriage Act, 1836, and

the expression "marriage officer" means a marriage officer for the time being under the Foreign Marriage Act, 1892, and includes any person for the time being empowered to register a marriage under section eighteen of that Act.

5. In the application of this Act to Scotland—

- (1) references to the forbidding of a certificate shall not apply;
- (2) a reference to a caveat shall be construed as a reference to an objection, and the provisions respecting the entry of a caveat on frivolous grounds shall not apply;
- (3) the expressions "Registrar General" and "registrar" mean respectively the Registrar General of births, deaths, and marriages in Scotland, and the registrar of births, deaths, and marriages for a parish or district under the Registration of Births, Deaths, and Marriages (Scotland) Act, 1854, and the Acts amending that Act;
- (4) paragraph (a) of subsection one of section two shall be read as if the following words were inserted after the word "solemnised," namely, "or to any registrar, law agent, or other person whom he desires to draw up any declaration of irregular marriage between him and a British subject"; and paragraph (b) of the same subsection shall be read as if the following words were inserted after the word "solemnised," namely, "or to aid in effecting the said irregular marriage";
- (5) the duly appointed minister of a synagogue shall be substituted in subsection (3) of section two for the secretary of the synagogue or deputy as described in that subsection.

6. In the application of this Act to Ireland the expressions "Registrar General" and "registrar" mean respectively the Registrar General and registrar within the meaning of the Marriages (Ireland) Act, 1844.

7. This Act may be cited as the Marriage with Foreigners Act, 1906.

SCHEDULE.

PART I.

PROVISIONS APPLICABLE EXCEPT IN SCOTLAND.

A.—CONDITIONS.

1. The applicant shall sign a notice stating the name, surname, profession, condition, nationality, and residence of each of the parties to the marriage, and whether each of the parties is or is not a minor.

5. 2. The applicant shall at the time of giving the notice make and subscribe in a book to be kept by the registrar or officer for the purpose, an oath—
- (a) that the applicant believes that there is no impediment to the marriage by reason of kindred or alliance, or otherwise; and
 - (b) that the applicant has for three weeks immediately preceding had his usual residence within the district of the registrar or officer; and
 - (c) if the applicant, not being a widower or widow, is under the age of twenty-one years, that the consent of the persons whose consent to the marriage is required by law has been obtained thereto, or that there is no person having authority to give that consent, as the case may be.
3. The registrar or officer shall file every such notice and keep it with the archives of his office, and shall forthwith enter in a book of notices to be kept by him for the purpose, and post up in some conspicuous place in his office a copy of every such notice, and shall keep it so posted up for at least twenty-one days.
4. The book in which the notice is entered, and the copy posted up, shall be open at all reasonable times without fee to the inspection of any person.

B.—PROVISIONS AS TO FORBIDDING CERTIFICATE, AND AS TO CAVEATS.

5. Any person whose consent is required by law to marriages solemnised in England may forbid the certificate by writing the word "forbidden" opposite to the entry of the application in the book of notices, and by subscribing thereto his name and residence and the character by reason of which he is authorised to forbid the certificate.

6. (a) Any person may enter with the registrar or officer a caveat against the granting of the certificate, signed by him or in his behalf and stating his residence and the grounds of his objection.

(b) The registrar or officer shall examine into the matter of the caveat and decide whether it ought to obstruct the giving of the certificate or not, but he may if he thinks fit refer the matter to the Registrar General to decide. If the registrar or officer decides the question himself, and decides that the caveat ought to obstruct the granting of the certificate, the applicant for the certificate may appeal to the Registrar General in manner provided by regulations made under this Act.

(c) The caveat shall cease to operate—

- (i) if withdrawn by the persons entering it; or
- (ii) if it is decided by the registrar or officer or by the Registrar General on appeal that it ought not to obstruct the giving of the certificate.

PART II.

PROVISIONS APPLICABLE IN SCOTLAND.

A.—CONDITIONS.

1. The applicant shall give a notice to the registrar of the parish or district in which he shall have resided for a period of not less than fifteen clear days previous to the giving thereof. Such notice shall be in the form as nearly as may be set forth in Schedule A to the Marriage Notice (Scotland) Act, 1878, but shall state, in addition to the particulars therein set out, the nationality of the parties to the intended marriage. 41

2. On the receipt of a notice of an intended marriage the registrar, being satisfied that the notice is conformable to the requirements of this Act, shall forthwith enter the particulars set forth in the notice in the Marriage Notice Book kept in terms of the Marriage Notice (Scotland) Act, 1878, and shall on the same day post or put up in a conspicuous and accessible place on the door or outer wall of his office a public notice of the intended marriage, in the form as nearly as may be set forth in the Schedule B annexed to the said last-mentioned Act, but stating, in addition to the particulars therein set out, the nationality of the parties to the intended marriage, and shall keep the same so posted or put up for seven consecutive days thereafter.

B.—PROVISIONS AS TO OBJECTIONS.

3. (a) Any person may enter with the registrar an objection against the granting of the certificate signed by him or on his behalf, and stating his residence and the grounds of his objection.

(b) The registrar shall refer any objection to the Registrar General, who shall decide whether it ought to obstruct the granting of the certificate or not, and shall instruct the registrar accordingly, and the instructions so given shall be carried out by the registrar.

(c) The objection shall cease to operate—

- (i) if withdrawn by the person entering it; or
- (ii) if it is decided by the Registrar General that it ought not to obstruct the granting of the certificate.

J. M. MACPHERSON,
Secretary to the Government of India.

No. 130-G.B.—With the sanction of His Majesty's Government, the Governor-General in Council is pleased to recognise the appointment of Mr. Thomas Kipping as Vice-Consul for Norway at Cocanada.

*Notification under the Cantonment Act XIII of 1889.**The 18th January 1907.*

No. 234-I.B.—In exercise of the powers conferred by section 25 of the Cantonment Act XIII of 1889, as applied to the Cantonment of Nowgong by the Notification of the Government of India in the Foreign Department, No. 5024-I., dated the 24th December

1891, and with reference to the Notification No. 50-B., dated the 11th January 1907, imposing property rates in the Cantonment of Nowgong, the Governor General in Council hereby extends to the said Cantonment the provisions of the Enactments and rules herein-after specified for the imposition of penalties for contravention of the provisions of the Enactments and rules for the assessment and recovery of the said tax in the adapted form set forth below. The said provisions as so adapted may be cited as "the Nowgong Cantonment Taxation Penal Regulations" :—

ENACTMENT OR RULE.

ADAPTED FORM.

Whoever—

- (a) contravenes any provision of any of the Sections, Sub-Sections or clauses mentioned in the first column of the following table, or of any regulation made thereunder or,
- (b) fails to comply with any requisition lawfully made upon him under any of the said Sections, Sub-Sections or clauses, shall be punished for each such offence with fine which may extend to the amount mentioned in that behalf in the third column of the said table.

The City of Bombay Municipal Act, 1888, Section 471, as amended by Section 58, the City of Bombay Municipal (Amendment) Act, 1905.

Explanation.—The entries in the second column of the said table headed "Subject" are not intended as definitions of the offences described in the Sections, Sub-Sections and clauses mentioned in the first column or even as abstracts of those Sections, Sub-Sections or clauses, but are inserted merely as reference to the subjects of the Sections, Sub-Sections and clauses, the numbers of which are given in the first column.

Section, Sub-Section or Clause.	Subject.	Fine which may be imposed.
1	2	3

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India

- No. 217 of 1902.—John McGlashan. *Improvements in the manufacture of sugar.* (From 13 January 1907 to 13 January 1908.)

No. 277 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased:—

No. 179 of 1901.—Frank Edmund Winsland and George Ernest Moore. *Improvements in apparatus suitable for packing tea.* (Specification filed 30 November 1901.)

No. 200 of 1901.—Henry Smith. *Method or process of, and apparatus for, decorating wood work.* (Specification filed 15 January 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof —

The sum of Rs50 for each of the above inventions.

No. 267 of 1899.—Charles Felton Scott. *Improvements in systems of electrical distribution.* (Specification filed 6 October 1899.)

No. 234 of 1899.—Harry Phillips Davis. *Improvement in controllers for electric motors.* (Specification filed 6 October 1899.)

Fee in respect of the continuance of an exclusive privilege—

4 (d) After the expiration of the sixth year and before the expiration of the seventh year from the date of the filing of the specification—

The sum of Rs50 for each of the above inventions.

No. 257 of 1895.—William Jackson. *Improvements in apparatus for subjecting materials to the action of hot air, more especially intended for use in drying tea leaves and other produce.* (Specification filed 11 October 1895.)

Fee in respect of the continuance of an exclusive privilege—

4 (A) After the expiration of the tenth year and before the expiration of the eleventh year from that date—

The sum of ₹100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 15. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

The Patents Office will be closed to the public from 3 P.M., 24th January 1907, to 11 A.M., 26th January 1907.

H. G. GRAVES,
Secretary under the Inventions
and Designs Act, V of 1888.

**OFFICE OF THE CONTROLLER OF PRINTING, STATIONERY
AND STAMPS.**

NOTIFICATION.

Calcutta, 15th January 1907.

Indenting officers are informed that the Stationery Store will be closed from the 10th March to the 31st March next, both days inclusive, for the triennial verification of stock.

Officers requiring Stationery before the 1st April should arrange to send their indents not later than the 15th February, as indents received after that date will in all probability not be complied with till after 1st April 1907. Telegraphic requisitions for Stationery in cases of extreme urgency will be received up to March 1st.

M. J. COGSWELL,

Controller of Printing, Stationery and Stamps.

**THE HONOURABLE THE AGENT TO THE GOVERNOR GENERAL IN
BALUCHISTAN.**

NOTIFICATION.

Quetta, the 10th January 1907.

By order, etc.,

J. L. MAFFEY,

Assistant Secretary to the Chief Commissioner,
North-West Frontier Province.

The 14th January 1907.

No. 5.—The Chief Commissioner and Agent to the Governor-General is pleased, under the provisions of section 22 of the Code of Criminal Procedure, 1898, to appoint Captain Stephen Hector Jacob to be a Justice of the Peace within and for the territories included in the Administration of the North-West Frontier Province.

The 15th January 1907.

No. 6.—The Chief Commissioner and Agent to the Governor-General is pleased, under the provisions of section 22 of the Code of Criminal Procedure, 1898, to appoint Major Armine Brereton Dew to be a Justice of the Peace within and for the territories included in the Administration of the North-West Frontier Province.

By order, etc.,

A. H. GRANT,

Secretary to the Chief Commissioner,
North-West Frontier Province.

REVENUE COMMISSIONER'S OFFICE—NORTH-WEST FRONTIER PROVINCE.

NOTIFICATIONS.

Peshawar, the 10th January 1907.

No. 128.—The Revenue Commissioner, North-West Frontier Province, in exercise of the powers conferred on him by sections 20 and 65 of the Excise Act (XII of 1896), is pleased, with the previous sanction of the Chief Commissioner, to make the following rules as to the possession and sale of cocaine and of the preparations and admixtures of cocaine :—

1. A license for the sale of cocaine shall not be given to any person other than a druggist, chemist or medical practitioner approved by the Collector.

2. The license issued by the Collector shall in all cases expire on the 31st day of March following the date of issue. No fee shall be charged for a license.

3. No license for the vend of cocaine shall authorise the licensee to possess more than one ounce of cocaine without the previous sanction of the Revenue Commissioner obtained to the raising of this limit in each particular case.

4. Any cocaine in respect of which an order of confiscation is passed under the provision of the Excise Act XII of 1896, as amended by Act VII of 1906, shall be delivered to the Deputy Commissioner of the district in which such an order is passed and forwarded by him to the Medical Store Depot, Lahore Cantonments, for disposal.

5. The license shall be in the form given below :—

License for the sale of cocaine by druggist, chemist and medical practitioners.

Register No.

Name and description of licensee.

Locality of vend premises.

The person named above and hereinafter called the licensee is licensed to sell cocaine subject to the provisions of Act XII of 1896, as amended by Act VII of 1906, and the rules thereunder and to the following conditions :—

1. This license is not transferable.

2. The licensee shall not sell or keep or store cocaine in any place except in the premises described above.
3. The licensee shall be responsible for the acts and omissions of every person employed by him in carrying on his business and of all his servants, as if the said acts and omissions were his own.
4. The licensee shall purchase all cocaine to be sold under his license either direct from Europe or from a licensed vendor thereof in India, and he shall not receive or have in possession cocaine obtained elsewhere.
5. The licensee shall not at any time have in his possession more than one ounce of cocaine.
6. The licensee shall not sell cocaine to any person other than—
 - (a) a medical practitioner, that is to say, a person who has been registered under an European or American Medical Act or who has received a medical diploma from an Indian University or College and who practises medicine according to European methods;
 - (b) a dental surgeon, that is to say, a person who has received a European or American degree in dental surgery or who practises dental surgery in European methods;
 - (c) a person producing a prescription of a medical practitioner as defined in (a) or in the case of the licensee who is a medical practitioner, for whom he has himself prescribed;
 - (d) a person holding a license in this form.
7. The licensee shall retain every prescription on the authority of which he has sold cocaine, and he shall not sell cocaine more than once on the authority of any one prescription.
8. The licensee shall keep a correct daily account in the following form, to be balanced at the close of each day, a separate set of pages being set aside for cocaine and for each preparation and admixture thereof stocked by him:—
 - (1) Date.
 - (2) Balance in hand yesterday.
 - (3) Quantity received this day and whence received.
 - (4) Total quantity to be accounted for.
 - (5) Quantity sold this day.
 - (6) Name of purchaser.
 - (7) Address.
 - (8) Signature of purchaser.
 - (9) Date of prescription (if any) and name of medical practitioner who granted it.
 - (10) Remaining in store.
 - (11) Remarks.
9. The licensee shall produce his license and accounts of sale of cocaine and each preparation and admixture thereof for inspection at once on the demand of any officer specially or generally authorized by the Collector or officer in charge of excise.
10. This license may be cancelled by the Collector if any breach of the Excise Act, 1896, or of the rules made thereunder or of the above-mentioned conditions is committed by the license-holder or his partner or agent or any other person employed in the premises for which this license is granted.
11. At the determination or expiration for any cause of this license the license-holder shall hand over to the Collector any cocaine of which he is not able to dispose forthwith, and such cocaine shall then be dealt with as directed in rule 4 of these rules.

The 14th January 1907.

No. 186.—It is hereby notified that, in accordance with section 50 of the Punjab Court of Wards Act II of 1903, as applied to the North-West Frontier Province by Regulation V of 1904, the Court of Wards releases from its superintendence the persons and the properties of Ghulam Haidar Khan and Sher Bahadur Khan, sons of Mir Rahman Khan of Shab-Kadr in the Peshawar District, with effect from the 15th January 1907.

By order, etc.,

M. F. O'DWYER,

Revenue Commissioner, North-West
Frontier Province

**OFFICE OF REVENUE AND FINANCIAL SECRETARY TO CHIEF
COMMISSIONER, NORTH-WEST FRONTIER PROVINCE.**

NOTIFICATION.

Peshawar, the 14th January 1907.

No. 178.—With reference to North-West Frontier Province Notification No. 4900, dated the 15th November 1906, the Chief Commissioner, North-West Frontier Province, in accordance with the provisions of Section 27 (1) and (2) (p) of the Co-operative Credit Societies Act, X of 1904, is pleased to make the following rules which shall come into operation with effect from the date of this Notification.

RULES.

1. Any dispute touching the business of a Society between members or past members of the Society or persons claiming through a member or past member or between a member or past member or persons so claiming and the Committee or any officer of the Society shall be referred for decision to the Registrar, or if he so directs, to arbitration.
2. If the dispute is referred to arbitration and the parties do not agree in the choice of an arbitrator or arbitrators, they or either of them may apply to the Collector to appoint an arbitrator or arbitrators, and the Collector shall have authority to make the appointment accordingly.
3. In proceedings under these rules which relate to any dispute the statements of the parties and their witnesses shall be recorded, and the Registrar or arbitrator or arbitrators, as the case may be, shall decide the case after hearing the evidence and considering any documentary evidence produced, and shall record the decision, which shall be final.

M. F. O'DWYER,

Revenue and Financial Secretary to the Chief
Commissioner, N.-W. Frontier Province.

**NORTH-WEST FRONTIER PROVINCE ADMINISTRATION—PUBLIC
WORKS DEPARTMENT.**

Irrigation Branch.

NOTIFICATION.

Lahore, the 9th January 1907.

No. 9-R.I.F.—In exercise of the powers conferred by Section 75 of the Northern India Canal and Drainage Act of 1873 (VIII of 1873) and with the previous sanction of the Governor-General in Council, the Chief Commissioner of the North-West Frontier Province is pleased to sanction the schedule of rates hereinafter set forth for the supply of water for purposes other than irrigation, and to declare it applicable to the following canals, namely:—

Lower Swat River Canal.
Kabul River Canal.

Schedule of Rates for the supply of water for purposes other than irrigation.

Purpose for which supplied.	Rate.	Per.
	<i>R a. p.</i>	
Brick making and <i>pisé</i> wall building	0 3 0	100 cubic feet.
Laying concrete and brick or stone masonry	0 2 0	100 cubic feet.
Metalling roads	10 0 0	Mile.
Water supplied in bulk	1 0 0	2,500 cubic feet.
Watering roadside or avenue trees	2 8 0	Canal mile of 5,000 feet for Kharif Crop.
	5 0 0	Canal mile of 5,000 feet for Rabi Crop.

Proviso.—No charge shall be made for water used for the manufacture of bricks not subsequently burnt in a kiln or for *pisé* wall building if taken from a village tank lawfully supplied from a canal.

2. Punjab Irrigation Branch Notification No. 651-I, dated the 5th April 1898, so far as it relates to the Swat River Canal, is hereby cancelled.

J. J. MULLALLY,

Secretary for Irrigation, North-West Frontier Province.

AGENT TO THE GOVERNOR GENERAL IN CENTRAL INDIA.

NOTIFICATIONS.

Indore, the 11th January 1907.

IMPOSITION OF PROPERTY RATES.

No. 50-B.—In exercise of the powers conferred by Section 17, Sub-Section (1) of the Cantonment Act, 1889 (XIII of 1889), as applied to the Cantonment of Nowgong by the Notification of the Government of India in the Foreign Department No. 5024-I., dated the 24th December 1891, and of all other powers enabling him in this behalf, and with the previous sanction of the Governor General in Council, the Governor General's Agent in Central India hereby directs that the following tax shall be imposed in the Cantonment of Nowgong, with effect from the 1st April 1907.

PROPERTY RATES.

1. A general rate of 10 per cent. per annum on the rateable value of houses, buildings and lands situate outside the limits of any Bazar.

2. A general rate of 7 per cent. per annum on the rateable value of houses, buildings and lands situate within the limits of any Bazar.

Provided that—

(1) No property rate shall be leviable in respect of—

(a) any buildings exclusively occupied for public worship or religious or charitable purposes, or

(b) any houses, buildings or lands belonging to Government and used for Government purposes, or occupied by Government servants entitled as such to free quarters.

The City of
Bombay Municipal
Act, 1888, Section
143.

The following buildings shall not be deemed to be buildings exclusively occupied for public worship or for charitable purposes within the meaning of clause (a), namely:—

(c) buildings in which any trade or business is carried on, and

(d) buildings in respect of which rent is derived, whether such rent is or is not applied exclusively to religious or charitable purposes.

(2) From the time the said property-rate is first levied, the Cantonment Authority shall undertake the conservancy of all houses and buildings made liable to the said rate within the limits of the Cantonment.

The Notifications Nos. 3047 and 3048, dated the 26th March 1897, authorising the imposition of a latrine tax in the Nowgong Cantonment are hereby cancelled.

NOTIFICATION UNDER THE CANTONMENT ACT, XIII OF 1889.

No. 51-B.—In exercise of the powers conferred by Section 17, Sub-Section (2) of the Cantonment Act (XIII of 1889), as applied to the Cantonment of Nowgong by the Notification of the Government of India in the Foreign Department No. 5024-I., dated the 24th December 1891, and with reference to the Notification No. 50-B., of this date imposing property rates in the Cantonment of Nowgong, the Hon'ble the Agent to the Governor General in Central India, with the previous sanction of the Governor General in Council, hereby applies to the said Cantonment the provisions of the enactments and rules hereinafter specified for the assessment and recovery of the said tax, in the adapted form set forth below. The said provisions, as so adapted, may be cited as "the Nowgong Cantonment Taxation Regulations."

ADAPTED FORM.

ENACTMENT OR
RULE.

Liability for Property Rates.

1. (1) Property rates shall be leviable primarily from the actual occupier of the premises upon which the said rates are assessed if such occupier holds the said premises immediately from Government or from the Cantonment Authority.

Primary responsibility for property rates on whom to rest.

The City of
Bombay Municipal
Act, 1888, Section
146 (1).

(2) Otherwise the said rates shall be primarily leviable as follows, *vis* :—

(a) If the premises are let, from the lessor ;

(b) If the premises are sublet, from the superior lessor ;

(c) If the premises are unlet, from the person in whom the right to let the same vests.

The City of
Bombay Municipal
Act, 1888, Section
146 (2).

**ENACTMENT OR
RULE.**

ADAPTED FORM.

The City of
Bombay Municipal
Act, 1888, Section
149.

2. (1) If any premises assessed to any property rate are let, and their rateable value exceeds the amount of rent payable in respect thereof to the person from whom under the provisions of the last preceding rule, the said rate is leviable, the said person shall be entitled to receive from his tenant the difference between the amount of the property rate levied from him and the amount which would be leviable from him if the said rate were calculated on the amount of rent payable to him.

(2) If the premises are sublet and their rateable value exceeds the amount of rent payable in respect thereof to the tenant by his sub-tenant, or the amount of rent payable in respect thereof to a sub-tenant by a person holding under him, the said tenant shall be entitled to receive from his sub-tenant, or the said sub-tenant shall be entitled to receive from the person holding under him, as the case may be, the difference between any sum recovered under this Section from such tenant or sub-tenant, and the amount of property rate which would be leviable in respect of said premises if the rateable value thereof were equal to the difference between the amount of rent which such tenant or sub-tenant receives and the amount of rent which he pays.

(3) Any person entitled to receive any sum under this Section shall have for the recovery thereof, the same rights and remedies as if such sum were rent payable to him by the person from whom he is entitled to receive the same.

Notice of transfer, etc., of premises assessable to property rates.

The City of
Bombay Municipal
Act, 1888, Section
149.

3. (1) Whenever the title of any person primarily liable for the payment of property rates on any premises to or over such premises is transferred, the person whose title is so transferred, and the person to whom the same shall be transferred, shall, within three months after the execution of the instrument of transfer, or after its registration, if it be registered, or after the transfer is effected, if no instrument be executed, give notice of such transfer in writing to the Cantonment Magistrate,

(2) In the event of the death of any person primarily liable as aforesaid, the person to whom the title of the deceased shall be transferred, as heir or otherwise shall give notice of such transfer to the Cantonment Magistrate within three months from the death of the deceased.

The City of
Bombay Municipal
Act, 1888, Section
150.

4. (1) The notice to be given under the last preceding Section shall be in the form either of Schedule A or Schedule B as the case may be, and shall state clearly and correctly all the particulars required by the said form.

(2) On receipt of any such notice, the Cantonment Magistrate may, if he thinks it necessary, require the production of the instrument of transfer, if any, or of a copy thereof obtained under Section 57 of the Indian Registration Act, 1877.

The City of
Bombay Municipal
Act, 1888, Section
151.

5. (1) Every person primarily liable for the payment of a property rate on any premises, who transfers his title to or over such premises without giving notice of such transfer to the Cantonment Magistrate as aforesaid, shall in addition to any other liability which he incurs through such neglect, continue liable for the payment of all property rates from time to time payable in respect of the said premises until he gives such notice or until the transfer shall have been recorded in the Cantonment Magistrate's books.

(2) But nothing in this Section shall be held to diminish the liability of the transferee for the said property rates or to affect the prior claim of the Cantonment Magistrate on the premises, conferred by Section 38 for the recovery of the property rates due thereupon.

The City of
Bombay Municipal
Act, 1888, Section
152.

6. (1) When any new building is erected, or when any building is rebuilt or enlarged, or when any building which has been vacant is re-occupied, the person primarily liable for the property rates assessed on the building shall within fifteen days give notice thereof in writing, to the Cantonment Magistrate.

(2) The said period of fifteen days shall be counted from the date of the completion, or of the occupation, whichever first occurs, of the building which has been newly erected or rebuilt, or of the enlargement, as the case may be, and in the case of a building which has been vacant, from the date of the re-occupation thereof.

The City of
Bombay Municipal
Act, 1888, Section
153.

7. (1) When any building or any portion of a building, which is liable to the payment of a property rate is demolished or removed, otherwise than by order of the Cantonment Authority, the person primarily liable for the payment of the said rate shall give notice thereof in writing to the Cantonment Magistrate.

(2) Until such notice is given, the person aforesaid shall continue liable to pay every such property rate as he would have been liable to pay in respect of such building, if the same, or any portion thereof had not been demolished or removed.

ADAPTED FORM.

ENACTMENT
RULE.

Valuation of Property assessable to Property rates.

8. (1) In order to fix the rateable value of any building or land assessable to a property rate, there shall be deducted from the amount of the annual rent for which such building or land might reasonably be expected to let from year to year, a sum equal to ten *per centum* of the said annual rent, and the said deduction shall be in lieu of all allowance for repairs or on any account whatsoever.

The City of
Bombay Municipality
Act, 1888, Section
154.

(2) The value of any machinery contained or situate in or upon any building or land shall not be included in the rateable value of such building or land.

9. (1) To enable him to determine the rateable value of any building or land and the person primarily liable for the payment of any property rate leviable in respect thereof, the Cantonment Magistrate may require the owner or occupier of such building or land or of any portion thereof to furnish him, within such reasonable period as the Cantonment Magistrate prescribes in this behalf, with information or with a written return signed by such owner or occupier—

Cantonment Magistrate may call for
information or returns from owner or
occupier or enter and inspect assessable
premises.

(a) as to the name and place of abode of the owner or occupier, or of both the owner or occupier of such building or land, and

(b) as to the dimensions of such building or land or of any portion thereof and the rent, if any, obtained for such building or land or any portion thereof.

(2) Every owner or occupier on whom such requisition is made shall be bound to comply with the same and to give true information or to make a true return to the best of his knowledge and belief.

(3) The Cantonment Magistrate may also for the purpose aforesaid make an inspection of any such building or land.

Assessment Book.

10. The Cantonment Magistrate shall keep a book to be called "the Assessment Book" in which shall be entered every official year—

Assessment Book what to contain.

The City of
Bombay Municipality
Act, 1888, Section
156.

(a) A list of all buildings and lands in the Cantonment, distinguishing each either by name or number as he shall think fit;

(b) the rateable value of each such building and land determined in accordance with the foregoing provisions of these Regulations;

(c) the name of the person primarily liable for the payment of the property rates if any, leviable on each such building or land;

(d) if any such building or land is not liable to be assessed to the general tax, the reason of such non-liability;

(e) when the rates of the property rates to be levied for the year have been duly fixed by the Cantonment Magistrate, and the period fixed by public notice as hereinafter provided for the receipt of complaints against the amount of rateable value entered in any portion of the assessment book has expired, and, in the case of any such entry which has been complained against, when such complaint has been disposed of in accordance with the provisions hereinafter contained, the amount at which each building or land entered in such portion of the assessment book is assessed to each of the property rates, if any, leviable thereon;

(f) such other details, if any, as the Cantonment Magistrate from time to time thinks fit to direct.

11. (1) When any building or land is let to two or more persons holding in severalty, the Cantonment Magistrate may, for the purpose of assessing such building or land to the property rates, either treat the whole thereof as one property, or with the written consent of the owner of such building or land, treat each several holding therein, or any two or more of such several holdings together, or each floor or flat, as a separate property.

Treatment of property which is let to
two or more persons in separate occu-
pancies.The City of
Bombay Municipality
Act, 1888, Section
158.

(2) When the Cantonment Magistrate has determined to treat all the several holdings comprised within any one building or land under this Section as one property, he may, subject to any general conditions which may from time to time be prescribed by the Cantonment Authority in this behalf, at any time not later than seven days before the first day of any half-year for which an instalment of general-tax will be leviable in respect of the said property, sanction a drawback of one-fifth part of the general tax leviable.

Allowance of drawback in such cases.

ENACTMENT OR
RULE.

ADAPTED FORM.

The City of
Bombay Municipal
Act, 1888, Section
159.

12. (1) When the name of the person primarily liable for the payment of property rates in respect of any premises cannot be ascertained, it shall be sufficient to designate him in the assessment-book and in any notice which it may be necessary to serve upon the said person under these rules "the holder" of such premises without further description.

(2) If, in any such case, any person in occupation of the premises shall refuse to give information as may be requisite for determining who is primarily liable as aforesaid, such person shall himself be liable, until such information is obtained, for all property rates leviable on the premises of which he is in occupation.

The City of
Bombay Municipal
Act, 1888, Section
160.

13. (1) When the entries required by clauses (a), (b), (c), and (d) of Section 11 have been completed, as far as practicable, the Cantonment Magistrate shall give public notice thereof and of the place where the Assessment-book or a copy of it may be inspected.

(2) Such public notice shall be proclaimed by beat of drum, and also by posting placards in conspicuous places in the Bazaars.

The City of
Bombay Municipal
Act, 1888, Section
161.

14. (1) Every person who reasonably claims to be the owner or occupier of some premises entered in the Assessment-book of the agent of any such owner or occupier, shall be permitted, free of charge, to inspect and to take extracts from any portion of the said book which relates to the said premises.

(2) Any person not entitled under sub-section 1 to inspect and take extracts from any portion of the Assessment-book free of charge shall be permitted to do so on payment of such fee as shall from time to time be prescribed in this behalf by the Cantonment Magistrate with the approval of the Cantonment Authority.

The City of
Bombay Municipal
Act, 1888, Section
162.

15. (1) The Cantonment Magistrate shall at the time and in the manner prescribed in section 13 give public notice of a day, not being less than 15 days from the publication of such notice, on or before which complaints against the amount of any rateable value entered in the Assessment-book will be received in his office.

(2) In every case in which any premises have for the first time been entered in the Assessment-book as liable to the payment of property rates or in which the rateable value of any premises liable to such payment has been increased, the Cantonment Magistrate shall, as soon as conveniently may be after the issue of the public notice under sub-section (1), give a special written notice to the owner or occupier of the said premises specifying the nature of such entry and informing him that any complaint against the same will be received in his office at any time within fifteen days from the service of the special notice.

The City of
Bombay Municipal
Act, 1888, Section
163.

16. (1) Every complaint against the amount of any rateable value entered in the Assessment-book must be made by written application to the Cantonment Magistrate which shall be left at his office on or before the day or the latest day fixed in this behalf in the public or special notice aforesaid.

(2) Every such application shall set forth briefly but fully the grounds on which the valuation is complained against.

The City of
Bombay Municipal
Act, 1888, Section
164.

17. The Cantonment Magistrate shall give notice, in writing, to each complainant of the day, time and place when and whereat his complaint will be investigated.

The City of
Bombay Municipal
Act, 1888, Section
165.

18. (1) At the time and place so fixed, the Cantonment Magistrate shall investigate and dispose of the complaint in the presence of the complainant if he shall appear, and, if not, in his absence.

(2) For reasonable cause, the Cantonment Magistrate may from time to time adjourn the investigation.

(3) When the complaint is disposed of, the result thereof shall be noted and any necessary amendment shall be made in accordance with such result, in the Assessment-book.

The City of
Bombay Municipal
Act, 1888, Section
166.

19. (1) When all such complaints if any have been disposed of, and the entries required by clause (e) of section 10 have been completed in the assessment-book, the said book shall be authenticated by the Cantonment Magistrate, who shall certify under his signature, that except in the cases, if any, in which amendments have been made as shown therein, no valid objection has been made to the rateable values entered in the said book.

(2) Thereupon the said Assessment-book, subject to such alterations as may thereafter be made therein, under the provisions of the next following rule shall be accepted

ADAPTED FORM.

ENACTMENT OF
RULES.

as conclusive evidence of the amount of each property rate leviable on each building and land in the official year to which the book relates.

20. (1) The Cantonment Magistrate may upon the representation of any person concerned, or upon any other information at any time during the official year to which an Assessment-book relates, amend the same by inserting therein the name of any person whose name ought to be so inserted or any premises previously omitted, or by striking out the name of any person not liable for the payment of any property rate, or by increasing or reducing the amount of any rateable value and of the assessment based thereon, or by making or cancelling an entry, exempting any premises from liability to any property rate.

The City of
Bombay Municipality
Act, 1888, Section
167.

(2) Every such amendment shall be deemed to have been made, for the purpose of determining the liability, or exemption of the person concerned in accordance with the altered entry, from the earliest day in the Current Official year when the circumstances justifying the amendment existed.

21. (1) It shall not be necessary to prepare a new Assessment-book every Official year. The Cantonment Magistrate may adopt the entries in the last preceding year's book, with such alterations as he thinks fit, as the entries for each new year.

The City of
Bombay Municipality
Act, 1888, Section
168.

(2) But public notice shall be given in accordance with Sections 13 and 15 every year and the provisions of the said Section and of Sections 16 to 20 both inclusive shall be applicable each year.

Refund of Property rates for vacancies.

22. When any building or land or any portion of any premises which the Cantonment Magistrate has treated under Section 11 as a separate property, has been vacant or unproductive of rent for not less than thirty consecutive days, the Cantonment Magistrate shall, subject to the provisions hereinafter contained, refund two-thirds of the amount of general tax, if any, paid for the number of days that such vacancy lasted.

The City of
Bombay Municipality
Act, 1888, Section
175.

23. (1) No refund of any property-rate shall be claimable from the Cantonment Magistrate as aforesaid, unless notice in writing of the vacancy shall have been given by the person liable for the payment of the rate or his agent, to the Cantonment Magistrate.

The City of
Bombay Municipality
Act, 1888, Section
176.

(2) No refund shall be paid by the Cantonment Magistrate for any period previous to the day of the delivery of such notice.

(3) When a vacancy continues from one half-year in respect of which property rates are, under Section 26, recoverable into the next following half-year, no refund of any property rate shall be claimable, from the Cantonment Magistrate as aforesaid on account of such continued vacancy, unless notice thereof shall be given to the Cantonment Magistrate as aforesaid within thirty days from the commencement of the said next following half-year.

24. No refund of general tax shall be claimable in any case, in which the Cantonment Magistrate has sanctioned a drawback under Sub-Section 2, Section 11.

The City of
Bombay Municipality
Act, 1888, Section
178.

25. It shall be in the discretion of the Cantonment Magistrate to disallow any claim for refund of any property rate unless application therefor is made to him in writing within thirty days after the expiry of the half-year to which the claim relates, accompanied by the bill presented to the applicant under Section 27 for the amount of the rate from which the refund is claimed.

The City of
Bombay Municipality
Act, 1888, Section
179.

Collection of Taxes.

26. Each of the property rates shall be payable in advance in half-yearly instalments on each first day of April and each first day of October.

The City of
Bombay Municipality
Act, 1888, Section
197.

27. (1) When any property rate or any instalment of such rate, shall have become due, the Cantonment Magistrate shall, with the least practicable delay, cause to be presented to the person liable for the payment thereof a bill for the sum due.

The City of
Bombay Municipality
Act, 1888, Section
200.

(2) Every such bill shall specify the period for which, and the premises in respect of which the rate is charged, and shall also give notice of the time within which an appeal may be preferred, as hereinafter provided, against such rate.

**ENACTMENT OR
RULE.****ADAPTED FORM.**

The City of
Bombay Municipal
Act, 1888, Section
201.

28. (1) All the sums due for each half-year for the property rates by any one person on account of one and the same property shall be charged to such person in one bill and shall be recoverable from him in the lump: Provided that nothing herein contained shall affect the liability of such person to any increased tax to which he may be assessed on account of the said property under Section 20.

(2) If any one person is liable for all or any of the said rates on account of more properties than one, it shall be competent to the Cantonment Magistrate to charge to such person in one or several bills, as he shall think fit, the several sums payable by him on account of such properties: Provided that if such person by written notice to the Cantonment Magistrate, requests to be furnished with several bills, the Cantonment Magistrate shall comply with such request in respect of the taxes for which such person becomes liable after receipt by the Cantonment Magistrate of his said notice.

The City of
Bombay Municipal
Act, 1888, Section
202.

29. (1) If the amount of rate for which any bill has been presented as aforesaid is not paid into the Cantonment Office within fifteen days from the presentation thereof, the Cantonment Magistrate may cause to be served upon the person liable for the payment of the same, a notice of demand in form of Schedule C or to the like effect.

(2) For every notice of demand which the Cantonment Magistrate causes to be served on any person under this rule, a fee of such amount not exceeding one rupee as shall in each case be fixed by the Cantonment Magistrate shall be payable by the said person and shall be included in the costs of recovery.

The City of
Bombay Municipal
Act, 1888, Section
203.

30. If the person liable for the payment of the said rate do not, within 15 days from the service of the notice of demand pay the sum due, or show sufficient cause for non-payment of the same to the satisfaction of the Cantonment Magistrate, and if no appeal is preferred against the said rate, as hereinafter provided, such sum, with all costs of the recovery, may be levied under a Warrant in the form of Schedule D, or to the like effect, to be issued by the Cantonment Magistrate by distress and sale of the goods and chattels of the defaulter, or if the defaulter be the occupier of any premises in respect of which a property rate is due, by distress and sale of any goods and chattels found on the said premises.

The City of
Bombay Municipal
Act, 1888, Section
204.

31. The goods and chattels of any person liable for the payment of any rate, for levy of which a Warrant has been issued as aforesaid, may be distrained wherever found.

The City of
Bombay Municipal
Act, 1888, Section
205.

32. The officer charged with the execution of a Warrant of distress issued under Section 30, shall forthwith make an inventory of the goods and chattels which he seizes under such Warrant, and shall at the same time give a written notice, in the form of Schedule E, to the person in possession thereof at the time of seizure, that the said goods and chattels will be sold as therein mentioned.

The City of
Bombay Municipal
Act, 1888, Section
206.

33. (1) If the Warrant is not in the meantime suspended by the Cantonment Magistrate or discharged, the goods and chattels seized, shall after the expiry of the period named in the notice served under the last preceding rule, be sold by order of the Cantonment Magistrate who shall apply the proceeds or such part thereof as shall be requisite, in discharge of the sum due and of the costs of recovery.

(2) The surplus, if any, shall be forthwith credited to the Cantonment Fund, but, if the same be claimed by written application to the Cantonment Magistrate within three months from the date of the sale, a refund thereof shall be made to the person in possession of the goods and chattels at the time of the seizure. Any surplus not claimed within three months as aforesaid shall be the property of the Cantonment Authority.

The City of
Bombay Municipal
Act, 1888, Section
207.

34. For every distraint made under these rules, a fee shall be charged at the rate set forth in Schedule F, and the said fee shall be included in the costs of recovery.

The City of
Bombay Municipal
Act, 1888, Section
208.

35. The Cantonment Magistrate may in his discretion, remit the whole or any part of any fee chargeable under the last preceding rule, or under clause (2), Section 29.

The City of
Bombay Municipal
Act, 1888, Section
209.

36. (1) If the sum due on account of any property rate remains unpaid, after a bill has been duly presented to the person primarily liable for the payment thereof, and the said person be not the occupier for the time being of the premises in respect of which the rate is due, the Cantonment Magistrate may present a bill for the amount to the occupier of the said premises, or if there are two or more occupiers thereof, may present a bill to each of them for such portion of the sum due as bears to the whole amount due the same ratio which the rent paid by such occupier bears to the aggregate amount of rent paid by them both or all in respect of the said premises.

ADAPTED FORM.

ENACTMENT OR
RULE.

(2) If the occupier or any of the occupiers fails within 15 days from the presentation of any such bill to pay the amount therein claimed, the said amount may be recovered from him in accordance with the foregoing provisions.

(3) No arrears of a property rate shall be recovered from any occupier under this rule, which has remained due for more than one year, or which is due on account of any period for which the occupier was not in occupation of the premises on which the rate is assessed.

(4) If any sum is paid by, or recovered from, an occupier under this rule, he shall be entitled to credit therefor in account with the person primarily liable for the payment of the same.

37. (1) If the Cantonment Magistrate shall at any time have reason to believe that any person from whom any sum is due on account of any property rate, or who would be liable for any sum on account of the rate if the current half-year had come to a close, is about forthwith to remove from the Cantonment, the Cantonment Magistrate may direct the immediate payment by such person of the sum so due or about to become due by him and cause a bill for the same to be presented to him.

Summary proceedings may be taken against persons about to leave the Cantonment.

The City of Bombay Municipal Act, 1888, Section 210.

(2) If on presentation of such bill, the said person do not forthwith pay the sum due or about to become due by him, the amount shall be leviable by distress and sale in the manner hereinbefore prescribed, except that it shall not be necessary to serve on the defaulter any notice of demand, and the Cantonment Magistrate's Warrant for distress and sale may be issued and executed without any delay.

38. Instead of proceeding against the defaulter by distress and sale as hereinbefore provided, or after a defaulter shall have been so proceeded against unsuccessfully or with only partial success, any sum due or the balance of any sum due as the case may be, by such defaulter, on account of a property rate may be recovered from him by a suit in any Court of competent jurisdiction.

Defaulters may be sued for arrears, if necessary.

The City of Bombay Municipal Act, 1888, Section 211.

39. Property rates due under these rules in respect of any building or land shall, subject to the prior payment of land revenue, if any, due to the Cantonment Authority thereupon, be a first charge upon the building or land, and upon the goods and chattels, if any, found within or upon such building or land and belonging to the person liable for such rates.

Property rates to be a first charge on premises on which they are assessed.

The City of Bombay Municipal Act, 1888, Section 212.

40. The Cantonment Magistrate may, with the approval of the Cantonment Authority, from time to time write off any sum due on account of any rate or the costs of recovering any rate, which shall, in his opinion, be irrecoverable.

Writing off of irrecoverable taxes.

The City of Bombay Municipal Act, 1888, Section 216.

Appeals against Valuations and Taxes.

41. (1) Subject to the provisions hereinafter contained, appeals against any rateable value or rate fixed or charged under these regulations shall be heard and determined by the Cantonment Authority.

Appeals when and to whom to lie.

The City of Bombay Municipal Act, 1888, Section 217.

(2) But no such appeal shall be heard by the said Authority unless—

- (a) it is brought within fifteen days after the accrual of the cause of complaint;
- (b) in the case of an appeal against rateable value, a complaint has previously been made to the Cantonment Magistrate under section 16 and such complaint has been disposed of;
- (c) in the case of an appeal against any amendment made in the assessment-book under Section 20 during the official year, a complaint has been made by the person aggrieved within fifteen days after he first received notice of such amendment, and his complaint has been disposed of;
- (d) in the case of an appeal against a rate, or in the case of an appeal made against a rateable value after a bill for any property rate assessed upon such value has been presented to the appellant, the amount claimed from the appellant has been deposited by him with the Cantonment Magistrate.

Cause of complaint when to be deemed to have accrued, namely:—

42. For the purposes of the last preceding rule, cause of complaint shall be deemed to have accrued as follows,

The City of Bombay Municipal Act, 1888, Section 218.

- (a) in the case of an appeal against a rateable value, on the day when the complaint made to the Cantonment Magistrate under Section 16 against such value has been disposed of;

ENACTMENT OR
RULE.

ADAPTED FORM.

The City of
Bombay Municipal
Act, 1888, Section
219.

(b) in the case of an appeal against any amendment made in the assessment-book, under Section 20 during the official year, on the day when the complaint made to the Cantonment Magistrate by the person aggrieved against such amendment is disposed of ;

(c) in the case of an appeal against a rate, on the day when payment thereof is demanded or when a bill therefor is presented.

43. (1) Every rateable value fixed under these rules against which no complaint is made as hereinbefore provided, and, the amount of any sum claimed from any person under these rules on account of any rate, if no appeal therefrom is made as hereinbefore provided, and, the decision of the Cantonment Authority upon any appeal against any such value or rate, shall be final.

(2) Effect shall be given by the Cantonment Magistrate to every decision of the Cantonment Authority on any appeal against any such value or rate.

SCHEDULE C

(See Section 29, Nowgong Cantonment Taxation Regulations.)

Form of Notice of Demand

To _____

Take Notice that the Cantonment Magistrate, Nowgong, demands from you the sum of _____ due from you on account of *property rates on your house* No _____ for the half-year ending the _____ day of _____ 19____, and that if the said sum is not paid into the Cantonment Office, or if sufficient cause for non-payment of the sum is not shown to the satisfaction of the Cantonment Magistrate within 15 days from the service of the Notice, a warrant of distress will be issued for the recovery of the same with costs.

Dated this _____ day of _____ 190 .

Cantonment Magistrate, Nowgong, Central India.

SCHEDULE D

(See Section 30, Nowgong Cantonment Taxation Regulations.)

Form of Distress Warrant.

To _____

(Name of officer charged with the execution of the Warrant)

Whereas _____ of _____ has not paid or shown sufficient cause to my satisfaction for the non-payment of the sum of _____ due for the property rate on the houses mentioned in the margin for the half-year ending the _____ day of _____ 19____, although the said sum has been duly demanded in writing from the said _____ and fifteen days have elapsed from the service of the Notice of demand;

This is to command you to distrain the goods and chattels of the said _____ (or any goods and chattels found on the premises in respect of which the said tax is due) to the amount of the said sum of Rs _____, and such further sum as may be sufficient to defray the costs of recovering the said amounts, and if within five days next after such distress the said sum shall not be paid, together with such further sum as shall be sufficient to defray the said costs, to sell the said goods and chattels; and having paid and deducted out of the proceeds of the sale the said sum of _____, and the costs of recovering the same, to pay the surplus, if any, into the Cantonment Fund.

If sufficient distress cannot be found of the goods and chattels of the said _____ (or on the said premises) you are to certify the same to me together with this Warrant

Dated this _____ day of _____ 19 .

Cantonment Magistrate, Nowgong, Central India.

SCHEDULE E.

(See Section 32, Nowgong Cantonment Taxation Regulations.)

Form of Inventory and Notice.

To

residing at _____

Take Notice that I have this day seized the goods and chattels specified in inventory beneath this, for the sum of Rs _____ due for the property-rates on the house mentioned in the margin for the half-year ending the _____ day of _____ 19____ and that unless you pay into the Cantonment Office at Nowgong the amount due together with the costs of recovery, within five days from the day of the date of the Notice, the goods and chattels will be sold.

Dated this _____ day of _____ 19____.

(Signature of the Officer
Executing the Warrant)

INVENTORY.

(Here state particulars of the goods and chattels seized)

SCHEDULE F.

(See Section 34, Nowgong Cantonment Taxation Regulations.)

Table of Fees Payable in Distraints.

Sum distrained for		Fees.
		Rs a. p.
Under 5 rupees		0 4 0
Rupees 5 and under 10 rupees		0 8 0
" 10 " " 15 "		0 12 0
" 15 " " 20 "		1 0 0
" 20 " " 25 "		1 4 0
" 25 " " 30 "		1 6 0
" 30 " " 35 "		1 12 0
" 35 " " 40 "		2 0 0
" 40 " " 45 "		2 4 0
" 45 " " 50 "		2 8 0
" 50 " " 60 "		3 0 0
" 60 " " 80 "		3 12 0
" 80 " " 100 "		4 8 0
Above 100 rupees		5 0 0

The above fees are to include all expenses except when peons are kept in charge of property distrained, in which case 4 annas must be paid daily for each peon so employed.

By order,

L. W. REYNOLDS,

First Assistant to the Agent to the Governor General in Central India

PART V.

Bills introduced in the Council of the Governor General of India for making Laws and Regulations, Reports of Select Committees presented to the Council, and Bills published under Rule 23.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of the Governor General of India for the purpose of making Laws and Regulations on the 18th January 1907:—

NO. 1 OF 1907.

A Bill further to amend the Coroners Act, 1871, and the Prisoners Act, 1900.

WHEREAS it is expedient further to amend the Coroners Act, 1871, and the Prisoners Act, 1900; It is hereby enacted as follows:—

1. This Act may be called the Coroners (Amendment) Act, 1907.
Short title.

2. In section 9 of the Coroners Act, 1871, Amendment of section 9, Act IV, 1871, for the word "buried" the words "disposed of" shall be substituted.

3. To section 15 of the said Act the following shall be added, Addition of proviso section 15, Act IV of 1871, namely:—

"Provided that the Coroner may dispense with a view of the body, if he is satisfied, from medical evidence or certificates, that death was due to some infectious disease."

4. In section 17 of the said Act, for the Amendment of sec- words and figures "Act tion 17, Act IV of 1871. No. XV of 1869 to provide facilities for obtaining the evidence and

appearance of prisoners and for service of process upon them), the words and figures "Part IX of the Prisoners Act, 1900," shall be substituted.

5. After section 18 of the Coroners Act, 1871, IV of 1871, Addition of new sec- the following shall be tion 18A, Act IV of inserted, namely:—

"18A. Any document purporting to be a [of Act Report of Chemical report under the hand of 1898, s. 1 Examiner. any Chemical Examiner or Assistant Chemical Examiner to Government upon any matter or thing duly submitted to him for examination or analysis and report in the course of any proceeding under this Act, may be used as evidence in any inquest under this Act."

6. To section 21 of the said Act the follow- Addition to section ing shall be added, 21, Act IV of 1871. namely:—

"and the whole, or such part thereof as to the Coroner seems fit, shall be recoverable in the same manner as a fine imposed under section 31."

7. For section 25 of the said Act the follow- Substitution of new ing shall be substituted, section 25, Act IV of namely:— 1871.

"25. When the jury or majority of the jury Procedure where find that the death of the death is found due to a deceased person was occa- criminal act. sioned by the criminal act of another, the Coroner shall immediately after the inquest forward a copy of the inquisition to the Commissioner of Police."

8. For section 26 of the said Act the following shall be substituted, namely:—
Substitution of new section 26, Act IV of 1871.

"26. The Coroner may also, where the verdict justifies him in so doing, issue his warrant for the apprehension of the person accused and send him forthwith to a Magistrate empowered to commit the accused for trial."
Power to arrest and commit for trial.

9. Section 27 of the said Act is hereby repealed.
Repeal of section 27, Act IV of 1871.

10. In section 28 of the said Act, for the word "burial" the word "disposal" shall be substituted.
Amendment of section 28, Act IV of 1871.

11. In section 11 of the Prisoners Act, 1900, III of 1900, for the words "Justice of the Peace or Coroner" the words "or Justice of the Peace" shall be substituted.
Amendment of Act III of 1900, section 11.

STATEMENT OF OBJECTS AND REASONS.

THE main object of this Bill is to repeal section 27 of the Coroners Act, 1871, and to amend sections 25 and 26 of the said Act and section 11 of the Prisoners Act, 1900, so as to withdraw the power of the Coroners of Calcutta and Bombay to commit accused persons to the High Court or to jail pending trial and to take bail for their appearance before that Court while leaving the Coroners power to arrest the accused and send him forthwith to a Magistrate empowered to commit him for trial. As shown in the cases of *Queen-Empress v. Mahomed Rajudin* (1890), I. L. R. 16 Bom. 159, and *Emperor v. Jogessur Passi* (1903), 7 C. W. N. 889, practical difficulties have arisen, both in Bombay and Calcutta, from the co-existence of two jurisdictions in these matters, namely, that possessed by the Coroner, and that possessed by the Chief Presidency Magistrate; and it is proposed to overcome such difficulties by depriving the Coroner of the authority now vested in him to commit accused persons to the High Court and to commit accused persons to prison. Thus the Magistrate alone will exercise jurisdiction in these matters at the instance of the Commissioner of Police or when the accused has been sent to him under arrest by the Coroner.

2. At the same time it is proposed to take the opportunity of bringing the Coroners Act up to date and of remedying certain minor defects in its working. An explanation of the changes proposed will be found in the subjoined *Notes on Clauses*.

The 5th January 1907.

H. ADAMSON.

Notes on Clauses.

Clause 2.—This alteration is intended to include other methods of disposing of the corpse than by burial such as exist in Bombay and elsewhere.

Clause 3.—This proviso is to meet difficulties experienced in procuring the inspection by juries of the dead bodies of persons who have died of plague, small-pox and other infectious diseases.

Clause 4.—Act XV of 1869 was repealed by Act III of 1900 which took its place.

Clause 5.—There is no reason why the report of a Chemical Examiner to Government should not be in itself as sufficient evidence in inquests as it is in inquiries and trials under the Criminal Procedure Code. The proposed new section will save delay in the proceedings and harassment to the Chemical Examiner.

Clause 6.—The Act at present lays down no procedure for the recovery of forfeited recognizances. It is proposed that they should be recovered in the same manner as fines imposed by the Coroner.

Clause 7.—The police, who in all cases would be simultaneously holding an investigation, have all the necessary powers of arrest and of securing attendance before the Presidency Magistrate. It is not necessary, therefore, that the Coroner should do more than forward the inquisition to the Commissioner of Police.

Clauses 8 and 9.—The object of the amendment of section 26 and repeal of section 27 has been shown above.

Clause 10.—The word "burial" in section 28 seems to be due to a too close imitation of the English law, overlooking the Hindu custom of cremation.

Clause 11.—The object of the proposed amendment of section 11 of the Prisoners Act, 1900, has been already explained.

J. M. MACPHERSON,
 Secretary to the Government of India.

PART VI.

Proceedings of the Council of the Governor General of India, assembled for the purpose of making Laws and Regulations.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

PROCEEDINGS OF THE COUNCIL OF THE GOVERNOR GENERAL OF INDIA,
ASSEMBLED FOR THE PURPOSE OF MAKING LAWS AND REGULATIONS,
UNDER THE PROVISIONS OF THE INDIAN COUNCILS ACTS,
1861 AND 1892 (21 & 25 VICT., CAP. 67,
AND 55 & 56 VICT., CAP. 14).

The Council met at Government House, Calcutta, on Friday, the 18th January 1907.

PRESENT:

His Excellency the Earl of Minto, P.C., G.C.M.G., G.M.S.I., G.M.I.E., Viceroy and Governor General of India, *presiding*.
The Hon'ble Sir Denzil Ibbetson, K.C.S.I.
The Hon'ble Mr. H. Erle Richards, K.C.
The Hon'ble Mr. E. N. Baker, C.S.I.
The Hon'ble Major-General C. H. Scott, C.B., R.A.
The Hon'ble Sir Harvey Adamson, K.T., C.S.I.
The Hon'ble Mr. J. F. Finlay, C.S.I.
The Hon'ble Mr. Gopal Krishna Gokhale, C.I.E.
The Hon'ble Mr. A. A. Apcar, C.S.I.
The Hon'ble Mr. W. T. Hall, C.S.I.
The Hon'ble Nawab Bahadur Khwaja Salimulla of Dacca, C.S.I.
The Hon'ble Nawab Saiyid Muhammad Sahib, Bahadur.
The Hon'ble Munshi Madho Lal.
The Hon'ble Mr. Gangadhar Rao Madhav Chitnavis, C.I.E.

The Hon'ble Sir S. W. Edgerley, K.C.V.O., C.I.E.

The Hon'ble Mr. F. A. Slacke.

The Hon'ble Mr. H. A. Sim, C.I.E.

The Hon'ble Tikka Sahib Ripudaman Singh of Nabha.

The Hon'ble Dr. Rashbehari Ghose, C.I.E., D.L.

NEW MEMBER.

The Hon'ble DR. RASHBEHARI GHOSE took his seat as an Additional Member of Council.

QUESTIONS AND ANSWERS.

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Will Government be pleased to state what action is to be taken should the total abolishment of the Government opium revenue at the instance of the Anti-Opium party in England be decided upon? Is Government prepared to support the Secretary of State's statement made in the House of Commons as to the desirability of the English Parliament making good to India the loss of revenue which will be brought about if the persistent efforts of the Anti-Opium party in Parliament are successful?"

The Hon'ble MR. BAKER replied:—

"The proposals of the Chinese Government in regard to Indian opium have only recently been received, and are under consideration. The Government of India think that there would be no advantage in anticipating the result of the negotiations. With reference to the second part of the question, it does not appear from the report of Mr. Morley's speech in the House of Commons on the 30th May 1906 that he made any such definite statement as is implied in the question."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Will Government be pleased to state whether it is a fact that the Government of Madras has sanctioned a grant of Rs. 30,000 for the publication of Dr. Pope's Tamil Lexicon? If so, will Government be pleased to move the Government of the United Provinces to give similar encouragement to the compilation and completion of the Urdu Lexicon—*The Amir ul Logat*?"

The Hon'ble SIR HARVEY ADAMSON replied:—

"The Madras Government recently submitted proposals to the Secretary of State for the payment by the Government of £400 a year for five years as a contribution towards the cost of compiling and publishing a Tamil-English lexicon, the materials for which have been collected by Mr. Pope of Oxford University. The Secretary of State has however withheld his sanction pending a further consideration of the scheme and of its probable cost. The Government of India have no information regarding the Urdu lexicon—the *Amir ul Logat*."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked:—

"Has the attention of the Government been drawn to a recent decision of the High Court of Bombay which has declared railway receipts not negotiable, and, if so, is it the intention of Government to take measures to legalise the negotiability of such receipts?"

The Hon'ble MR. FINLAY replied:—

"The Government are aware that railway receipts are not negotiable. The question of making them negotiable instruments has been considered several

times and hitherto the Government have refused to propose legislation with that object, one of the main reasons for the decision being the great diversity of opinion among the commercial community. If commercial opinion ever asks for the change in the law with some approach to unanimity, the Government will be willing to consider the question again."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Having regard to the fact that the Bengal Government was unable to reply to a question on the subject asked at the meeting of its Legislative Council on the 10th November last, will Government be pleased to state the exact stage at which the Calcutta Improvement Trust Scheme has arrived, and whether it will be possible to place the official papers regarding this subject on the Council table at an early date?"

The Hon'ble SIR HARVEY ADAMSON replied—

"A summary of the Calcutta Improvement Scheme as provisionally approved by the Government of India was referred in July 1905 for the opinions of the Municipal Corporation and other local bodies concerned, and the papers were then published. It is understood that those opinions have been received and considered by the Government of Bengal and that His Honour the Lieutenant-Governor is about to address the Government of India on the subject. No papers can be placed upon the Council table at present."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Having regard to the objection taken by certain members of the Bengal Legislative Council at its meeting of the 10th November last to the introduction in that Council of the Bill for the amendment of the Bengal Tenancy Act of 1885, on the grounds that the Council is unable now to legislate for the Province of Eastern Bengal and Assam and that it is desirable that the amendments to be made by the Bill should apply to that Province also, will Government be pleased to state whether there is any objection to the withdrawal of the Bill from the local Council and its introduction in the Legislative Council of the Government of India?"

The Hon'ble SIR DENZIL IBBETSON replied :—

"The question whether the Bill for the amendment of the Bengal Tenancy Act should be introduced in the local or in the Imperial Council was duly considered by the Government of India when the draft Bill first came before them. They decided that the proposed legislation should be undertaken in the Provincial Council; mainly because the detailed examination of the Bill by the officers of Eastern Bengal and Assam which would have been necessary before the Bill could have been introduced to apply to both provinces would have involved a delay which it was important to avoid; but partly also because the different conditions of the two provinces may render advisable some small variations in the detailed provisions of the Act as it will be passed for Bengal, before it is applied to the sister province. But before sanctioning its introduction in the Bengal Council, the Government of India consulted the Government of Eastern Bengal and Assam, and ascertained that it accepted the principles and main provisions of the Bill, and was prepared to introduce similar legislation as soon as the Bengal Bill had been passed. The present Lieutenant-Governor announced his intention of adopting this course, in the meeting of his Legislative Council of the 18th December 1906.

"On general grounds, it is always advisable that the Imperial Council should be relieved of legislation which a Provincial Council is competent to undertake; and this is especially desirable in the case of Tenancy legislation, where, as the Hon'ble Babu Jogendra Nath Mukharjee pointed out when the Bengal Bill was introduced, it is most important that the Bill should be considered by men who are intimately acquainted with local conditions, and immediately representative of the interests which will be affected."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Has the attention of the Government been drawn to the statement in the *Englishman* of the 10th November last where it is stated that it is proposed to make a rule that in future officiating service will count for pension. Will Government be pleased to state whether it is a fact that a definite conclusion has been arrived at in this matter? And, if so, will Government be pleased to place the papers regarding the same on the Council table?"

The Hon'ble MR. BAKER replied :—

"Certain proposals on this subject were submitted to the Government of India by the Government of Bengal in August last and were referred back to the Local Government for further information. No decision has yet been arrived at."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to lay on the Council table a statement showing—

- (a) the approximate number of men employed in the Subordinate and Ministerial service of the Revenue, Judicial, Educational, Medical, Postal and Telegraph Departments of the various Local Governments ;
- (b) the maximum pay drawn in each grade of the service of such Departments ; and
- (c) the date when the number and pay of the men in such Departments were last increased?"

The Hon'ble SIR HARVEY ADAMSON replied :—

"A statement showing the number of employes drawing Rs. 75 and upwards in the Departments mentioned was published in the Gazette of India of the 4th June 1904. The fuller information now asked for could not be furnished without an expenditure of time and labour which the Government of India cannot regard as commensurate with its probable utility."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to state whether it is a fact that the amounts payable for tentage and travelling allowance (and particularly permanent travelling allowance) to Deputy Collectors and Magistrates, and officers of other Departments of the Provincial Service, are less than those payable to officers who are Civilians or members of the recently organized Police Department, and, if so, will Government be pleased to state the reason for this difference?"

The Hon'ble MR. BAKER replied :—

"The broad principle on which travelling allowances are fixed is that they should be sufficient, but not more than sufficient, to cover the expenses which an officer of any particular class may reasonably be expected to incur in travelling on the public service. A similar principle applies to tentage, which is confined to the Madras and Bombay Presidencies, and which is intended to enable officers to provide themselves with the tents they require for their official duties."

"It is the case that officers of the Imperial branches of the service ordinarily receive higher rates of travelling allowance than those of the Provincial branch. The reason for this is that, in the opinion of Government, the reasonable expenses of travelling are greater in the former case than in the latter."

"No change has been made in the rates of travelling allowance admissible to officers of the Police Department under the recent reorganization."

The Hon'ble NAWAB BAHADUR KHAWJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to state whether any *ad interim* report has been made to Government by the Hon'ble Mr. K. G. Gupta, I.C.S., on Special Duty on fisheries and fish supply of Bengal? If not, has Government observed that certain comments have been made in the public papers regarding what appears to be derived from Mr. Gupta's investigation?"

The Hon'ble MR. FINLAY replied :—

"No *ad interim* report has been made by Mr. K. G. Gupta on the fisheries of Bengal, but he has submitted one progress report to the Government of Bengal. The Government have not observed any comments in the public newspapers on the subject."

The Hon'ble NAWAB BAHADUR KHAWJA SALIMULLA OF DACCA asked :—

"Will Government be pleased to state—

(a) whether any and what correspondence has taken place between the Government of India and the Secretary of State regarding the disability and hardship suffered by British Indian subjects in the Transvaal and Natal;

(b) whether the attention of Government has been drawn to the memorial of the British Indian Association of the Transvaal to the Secretary of State for the Colonies with reference to the Vrededopp Stands Ordinance of 1906 published in the *Transvaal Government Gazette* dated 28th September, praying *inter alia* that His Majesty the King-Emperor may disallow the Ordinance?

"Will Government be pleased to place on the Council table any correspondence or papers on this subject?"

The Hon'ble MR. FINLAY replied :—

"(a) The Government of India have from time to time communicated with the Secretary of State regarding the treatment of British Indians in the Transvaal and Natal. Full information on the subject in regard to both Colonies up to the beginning of 1905 was given to this Council in Lord Curzon's speech in the Budget Debate on the 29th of March 1905. Lord Curzon then summarised the correspondence and described the action taken by the Government of India up to that time. As that speech is accessible to Hon'ble Members, I need not repeat what Lord Curzon said. The only addition I need make is to lay on the table a copy of the despatch of the 20th of July 1904 from the Secretary of State for the Colonies to the Government of the Transvaal.

"There has been correspondence with the Secretary of State subsequent to 1904 on the same subject, but it cannot yet be made public.

"The Government of India have, however, consistently pursued the policy indicated by Lord Curzon, and have lost no opportunity of pleading the cause and doing all in their power to protect the interests of British Indians in South Africa.

"(b) The Government of India have received no information in regard to the memorial of the British Indian Association of the Transvaal referred to by the Hon'ble Member."

The Hon'ble NAWAB BAHADUR KHAWJA SALIMULLA OF DACCA asked :—

"(a) Will Government be pleased to state whether any correspondence has recently taken place between the Government and the Secretary of State regarding the question of separation of the magisterial and executive duties of Revenue-officers?"

"(b) Will Government be pleased, before it finally resolves on such separation, to institute a proper and thorough enquiry by an independent Commission and have up to date evidence recorded of men and officers having personal experience ?

"(c) Will Government be pleased to wait and see the actual result of the experiment of such separation, tried in some of the Native States, before it takes final action in British India ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

"The Government of India have not yet addressed the Secretary of State regarding the separation of magisterial and executive duties. A large mass of evidence has been collected, and until this is digested the Government of India are unable to say what action will be taken."

The Hon'ble NAWAB BAHADUR KHWAJA SALIMULLA OF DACCA asked :—

"Has the attention of Government been drawn to an article in the *Pioneer* of the 24th November last concerning the Indian Account Department ? Will Government be pleased to appoint a small Commission of Government expert officers and one or two gentlemen of mercantile and business experience with a view to re-organization of the mode and method of keeping Government accounts so as to make them suitable to the present times ?"

The Hon'ble MR. BAKER replied :—

"Government have observed the article in question, which does not however appear to them to call for any special notice. They do not consider that any occasion exists for appointing a Committee to enquire into the accounts system, which is under expert supervision, and is adapted to the conditions of the country."

CORONERS (AMENDMENT) BILL.

The Hon'ble SIR HARVEY ADAMSON moved for leave to introduce a Bill further to amend the Coroners Act, 1871, and the Prisoners Act, 1900. He said :—"The grounds of the proposed legislation are fully set forth in the Statement of Objects and Reasons, to which I have nothing to add."

The motion was put and agreed to.

The Hon'ble SIR HARVEY ADAMSON introduced the Bill.

The Hon'ble SIR HARVEY ADAMSON moved that the Bill, together with the Statement of Objects and Reasons relating thereto, be published in English in the Gazette of India, and in the Bombay Government Gazette, and the Calcutta Gazette.

The motion was put and agreed to.

The Council adjourned to Friday, the 1st February, 1907.

J. M. MACPHERSON,
Secretary to the Government of India,
Legislative Department.

CALCUTTA :

The 18th January, 1907. }

SUPPLEMENT TO
The Gazette of India.

No. 3.} CALCUTTA, SATURDAY, JANUARY 19, 1907.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 17th January 1907, based on the Indian Daily Weather Reports of the period.

The disturbed weather prevailing in north-west and central India at the close of the previous week was the cause of a few isolated falls of rain in those regions on the 11th. On the next day a depression appeared in west Persia, where it gave rain, and commenced affecting Baluchistan and Kashmir on the 14th, but on entering India it disappeared rapidly without causing any precipitation, except in Kashmir, where light falls of snow occurred on the 15th and 16th. During the last three days of the week weather was disturbed in the south-east of the Bay of Bengal, and moderately heavy rain was reported from the Andamans on the 16th and 17th, while one or two stations in Lower Burma also had light falls. With the above exceptions weather was dry and settled over the whole Indian regions throughout the week.

Burma.—Skies were clear or only very lightly clouded until the close of the week, when the disturbance in the south-east of the Bay caused the appearance of cloud over the greater part of the province, and gave light falls of rain at Rangoon and Toungoo. The increase of cloud produced a rapid rise in night temperature, which was in moderate to large excess on the 16th and 17th, but before this change occurred, temperature was normal or in defect in Tenasserim, and in only slight excess elsewhere.

North-east India and Orissa.—In Assam the mornings were foggy throughout the week, but in other parts of the division skies were clear or only lightly clouded. During the first half of the week temperature was slightly above normal, but the low temperature conditions prevailing in the Central Provinces extended into north-east India on the 14th,

and during the remainder of the week temperature was in defect in the western districts of the division, especially in Orissa.

The United Provinces, Central India and the Central Provinces.—Cloud did not disappear entirely from the division after the disturbed weather of the previous week till the 13th, and the rain given by the disturbance was the cause of lower temperature than usual up to the 17th, more particularly in Central India and the Central Provinces, where the defect in the maximum averaged 6° on the 11th and again on the 15th.

North-west India.—Skies were thickly clouded in Kashmir during the greater part of the week, and snow was reported from Sonemarg, Dras and Minimarg on the 15th and a few very light falls on the following day. In the plains of north-west India there has been very little cloud, and in Baluchistan skies have been clear, except on the 13th. Mean temperature was slightly below normal in the eastern districts of the division and did not differ much from normal in other parts of the plains, but in Baluchistan and at most stations in Kashmir it was persistently in excess.

The Peninsula.—Skies were cloudy in the south-eastern districts throughout the week, but in the remainder of the Peninsula skies cleared on the 14th, and night temperature, which up to that time had been in general excess, fell, and during the remaining days was normal or in defect.

The rainfall of the period, from the 30th November to the 17th January, was normal or in excess in the Punjab, the Frontier Province and Rajputana, and in excess over the greater part of the Peninsula. The excess represented as a percentage of the normal was largest in the Deccan and Mysore.

The following summarises the chief rainfall amounts of the week, as reported at 8 h., each day :

- January 12th, Coimbatore 0·50".
- „ 15th, Sonemarg 0·72".
- „ 16th, Port Blair 1·68".
- „ 17th, Port Blair 2·04" and Slipper Island 1·34".

SIMLA;
The 17th January 1907.

GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday 12th January 1907.

Burma.—Reaping of wet weather paddy is nearly completed in both Lower and Upper Burma. Threshing and winnowing are in progress. Miscellaneous standing crops in Upper Burma are generally in good condition. Cultivation of dry weather paddy is in progress in Katha, Lower Chindwin, and Kyaukse. The price of paddy has fallen largely in Amherst; changes elsewhere are unimportant.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain during the week. Rain is wanted in Cachar, the Naga Hills and Upper Assam. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute has commenced. Plucking of cotton; pressing of sugarcane; gathering of mustard; and transplantation of summer rice are in progress. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills; fair in Nowgong; and good in Sylhet. The prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 17; Kohima and Sibsagar 10; Malda $9\frac{1}{2}$; Rangamati, Silchar, and Nowgong 9; Tezpur $8\frac{1}{2}$; Barisal, Chittagong, Jalpaiguri, Gauhati, and Dibrugarh 8; Faridpur 7 to 8; Dinajpur $7\frac{1}{2}$; Dacca and Bogra $7\frac{1}{2}$; Mymensingh, Rampur Boalia, Pabna, and Sylhet $7\frac{1}{2}$; Noakhali and Dhubri 7; Tura 6 to 7; Rangpur $6\frac{1}{2}$; Shillong $6\frac{1}{2}$; and Aijal 6 seers per rupee. Prices have risen in eight; fallen in five; and remain stationary in the remaining districts. Five hundred and nineteen persons received gratuitous relief in Sylhet.

Bengal.—Light rainfall is reported from Shahabad, Champaran, Sambalpur and Palamau. Harvesting of *aman* paddy is almost over. Pressing of sugarcane continues. Spring crops are doing well. Rain is needed for them in the Patna Division, and also in Monghyr and Bhagalpur. The number of persons receiving gratuitous relief is—Muzaffarpur 1,570 and Darbhanga 19,739. The number of persons on test and relief works in Darbhanga is 1,497 and 53,772, respectively. Fodder and water-supply are sufficient. The price of common rice has risen in eight and fallen in three districts.

United Provinces.—Rain has fallen in all districts except Lucknow, Sultanpur and Partabgarh; the heaviest falls being in the Himalayan western submontane and Upper Doab districts. The standing crops have benefited and are doing well. Weeding and sugarcane pressing are in progress. Slight damage from hail is reported in Bahraich; from rust in Barabanki; and from insects in Azamgarh. Markets are full. Fodder continues scarce in Sitapur and Rae Bareilly and is deficient in Basti. Prices are stationary but show a tendency to fall.

The weekly report on the scarcity is as follows:—Twenty-five cents of rain fell in the Gorakhpur district during the week. The standing crops have been benefited. Supplies and fodder are sufficient. Agricultural stock is in good condition. Slight damage by rust is reported in parts of the Sadr tehsil. Prices are stationary. The numbers on relief are:—on works 208, on gratuitous relief 769, in poor houses 347, total 2,324.

Punjab.—Good to moderate rain has fallen in all districts except Shahpur, Mianwali, and Multan. There are slight fluctuations in the prices of food grains; wheat is rising in Shahpur and Rawalpindi and falling in Rohtak, Gurgaon, Sialkot, and Lyallpur. Cotton is still being picked in Lahore and Amritsar; and sugarcane pressings continue in Jullundur, Amritsar and Sialkot. Sowings of barley are in progress in Sialkot; cutting of *toria* (*Brassica Campestris*) is going on in Lahore. The condition and prospects of the standing crops are generally good. The recent rain wherever received has benefited the standing crops. Crops on the Shahpur inundation canals are withering and more rain is badly wanted in Hissar. Locusts appeared in parts of Sialkot but did no damage; the locust hoppers now on wing in parts of Shahpur are being destroyed; the turnip crop has been damaged in parts of Multan by a disease called "hadda." Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water-supply.

North-West Frontier Province.—Rain fell in Hazara and Peshawar ranging from 17 cents. to 1.29 inches; there was no rain in other districts. The water-supply is sufficient. The standing spring crops are in good condition but oilseeds in Dera Ismail Khan are below average. Wheat and barley are still being sown on unirrigated areas. Pressing of

sugarcane continues; the outturn is excellent. Fodder is sufficient. Prices are slightly falling. Prices:—Wheat 15 to 19½; maize 15 to 29; gram 17½ to 22; and bajra 18½ to 22½ seers per rupee.

Jammu.—No rain. Prices are fluctuating. Prices:—Wheat 11 to 24 and maize 12 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil where it is reported to be scarce.

Kashmir.—The weather was partially bright and cloudy with slight rain. Prices are almost stationary.

Rajputana.—There were showers during the week in Tonk, Kotah, Jhallawar, Jaipur, Kishangarh, Alwar, Karauli, Bharatpur, Dholpur, Ajmer and Merwara; the maximum fall was 70 cents in Alwar. Agricultural operations are satisfactory and prospects are generally satisfactory. Pasturage and fodder is sufficient. Prices are rising in Hill Tracts and are nearly steady elsewhere, though still high in places.

Central India.—There were slight showers during the week in Bhopal, Malwa, and Dhar and Barwani in Bhopawar. Autumn harvesting, ploughing for and sowing of spring crops, and picking of cotton are in progress. The standing crops and the probable outturn are good. Crops have been slightly damaged by hail in part of Khilchipur in the Bhopal Agency. Pasturage is good. Prices are high in Baghelkhand and Malwa and stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—Rain was received in fourteen districts during the week ranging from 6 cents in Amraoti to 46 cents in Betul, where it also hailed. These showers have greatly benefited the spring crops, but have damaged linseed slightly in Drug. Picking of cotton and threshing and winnowing of autumn crops still continue. Cloudy weather and insects have injured *tur* and gram a little in Chanda; *tur* in Bhandara, and gram in Raipur. Prospects are generally favourable and fodder and water are sufficient. The price of gram has risen slightly in Damoh, Jubbulpore, Seoni, Hoshangabad, and Wardha and that of rice has fallen in Chanda and Drug; wheat has become slightly cheaper in Nagpur, Drug, and Raipur and dearer in Saugor and Chanda; the price of *juar* has dropped from 20 to 22 seers per rupee in Nimar and risen by 1½ seers in Wardha; elsewhere prices are steady but still exceed the scarcity level in Wardha and Bilaspur.

Native States.—Rainfall measured (in cents):—Chuikhadan 56; Rajnandgaon 53; Khairagarh 45; Kawardha 40; Kankar 14; and Sakti 4. Sugarcane pressing; picking of cotton; and threshing of rice and *kodon* are in progress. Prospects are good. Fodder and water are ample. Prices are:—wheat 12 to 20; rice 13 to 17; and *kodon* 18 to 23 seers per rupee.

Bombay.—There was rain during the week in parts of Sukkur, Ratnagiri, Kanara, East Khandesh, Ahmednagar, the Karnatak and Palanpur. There has been slight damage to the standing crops by locusts in parts of Karachi and Hyderabad; by insects in parts of Hyderabad, Thar and Parkar, and Broach; crops are withering in parts of the Deccan and Bijapur; and are generally in good condition elsewhere. Threshing of autumn crops is in progress. Cotton picking continues in Hyderabad, Thar and Parkar, Ahmedabad, Panch Mahals, Broach, Ahmednagar, Poona, Kathiawar and Cutch. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Ahmednagar, Poona and Sholapur. Agricultural stock is sufficient except in Ahmednagar, Sholapur, Bijapur and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 10 per cent. above normal to 28 per cent. less than normal and elsewhere normal to 30 per cent. below.

Hyderabad.—Rainfall:—Five cents. The early rice harvest is nearing completion. Late rice sowings continue in parts of a few taluks. Spring crops are in fair to good condition generally. Prices:—Wheat 7½; coarse rice 7½; and *jowar* 16 seers per rupee.

Mysore.—Prices are generally steady. The standing crops are in good condition and are being generally harvested. Prospects of the season are good. Cattle are healthy. Water and fodder are available.

Coorg.—Rainfall 42 cents. Picking of coffee and reaping of rice continue. Prices of food grains are falling. Water and fodder are sufficient.

Madras.—Rainfall fair in Tinnevely and Madura; light in Coimbatore, Nilgiris, Tanjore, Malabar, South Canara, Kurnool, Nellore and Chingleput; but no rain elsewhere. Irrigation supplies are sufficient except in parts of Kistna, Bellary, Anantapur, Salem and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Godavari, Kistna, Guntur and

Kurnool, have been damaged by the recent rains and some in parts of Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Kistna and Bellary. Fodder is scanty in parts of Kistna, Salem, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in six districts; has fallen in twelve; and has slightly risen in five. The prices of millets have fluctuated as follows:—*Ragi* is stationary in nine districts; has fallen in five; and has slightly risen in seven. *Cholam* is stationary in four districts; has fallen in three; and has slightly risen in seven. *Cumbu* is stationary in four districts; has fallen in seven; and has slightly risen in four.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table:—

Telegraphs.

ADMINISTRATION REPORT OF THE INDO-EUROPEAN TELEGRAPH
DEPARTMENT FOR 1905-06.

Nos. 509-514—13, dated Calcutta, the 16th January 1907.

RESOLUTION.

READ—

The Administration Report of the Indo-European Telegraph Department for the year 1905-06.

ORDERED.—That copies of the report be forwarded to the Home, Finance, and Public Works Departments, the Government of Bombay, and the Director General of Telegraphs, for information.

Ordered, also, that the report be published in the Supplement to the *Gazette of India*.

W. L. HARVEY,

Secretary to the Government of India.

ADMINISTRATION REPORT

OF THE

INDO-EUROPEAN TELEGRAPH DEPARTMENT

FOR

1905-1906.

Capital and Revenue Account.

1. *Capital*.—The net outlay during 1905-06 under Capital was Rs. 3,90,784, which raised the expenditure on Capital account to the end of the year to Rs. 1,43,62,362. On the construction of the Central Persia line a sum of Rs. 21,991 was expended during the year, of which amount Rs. 17,204 was on account of cash, and Rs. 4,787 on account of stores expenditure. This Account has also been debited during the year with Rs. 2,63,069, on account of the Indian extension of the Central Persia telegraph line, of which Rs. 34,453 was for cash and Rs. 2,28,616 for Stores. A sum of Rs. 433 also remains at debit of this account on account of the Henjam Bunder

Abbas telegraph line, being the amount spent after the submission of the bill for recovering the cost of the line from the Persian Government.

In the Persian Gulf Section Rs. 23,031 has been expended on the construction of buildings, the cost during the year for constructing the Henjam building was Rs. 18,129, and for additions to the Indo-European telegraph buildings at Karachi was Rs. 4,902. The cost of constructing buildings in the Persian section during the year was Rs. 2,006, of which Rs. 999 was for an addition to Teheran Dispensary, the balance being expended on other petty works in this section. The balance under Capital represents an increase of Rs. 80,254 under Suspense Heads, which includes a sum of Rs. 58,460 held under advance, being the amount recoverable from the Persian Government on account of erecting the Henjam Bunder Abbas line:

The following statement shows how the above increase is made up:—

	Increase.	Decrease.	Total.
	Rs.	Rs.	Rs.
Works	3,10,530	...	3,10,530
Suspense—			
Stores	22,244	...	22,244
Other heads	58,010	...	58,010
Total	3,90,784	...	3,90,784

A summary of the year's transactions on Capital account is given in Appendix A.

2. *Revenue*.—A summary of the earnings and expenditure* for the year 1905-06 will be found in Appendix B. The earnings of the year were Rs. 16,66,232, or a decrease of Rs. 27,371 on those for 1904-05, *viz.*, Rs. 16,93,603. The expenditure during the year was Rs. 8,91,864, as compared with Rs. 10,77,679 during 1904-05, or a decrease of Rs. 1,85,815. The net result is a profit of Rs. 7,74,368 for the year, as compared with the profit of Rs. 6,15,924 in 1904-05.

3. The following statements show the chief differences between the earnings and expenditure of the current and previous years, details being found in Appendix B:—

Earnings.

Head of Account.	1904-05 .	1905-06.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Traffic Earnings	11,75,903	10,03,004	...	1,72,899
Common Purse	6,19,815	7,73,489	1,53,674	...
Australasian Message Fund	—1,25,053	—1,26,051	...	998
Profit and Loss	30	—1,194	...	1,224
Total Message Revenue	16,70,695	16,49,248	1,53,674	1,75,121
Miscellaneous Revenue	22,908	16,984	...	5,924
Total	16,93,603	16,66,232	1,53,674	1,81,045
Net Decrease	27,371

* Excluding the cost of the London Office Establishment (2,108L.), which is included as part of the establishment of the Secretary of State.

Expenditure.

Head of Account.	1904-05.	1905-06.	Increase.	Decrease.
	Rs.	Rs.	Rs.	Rs.
Persian Gulf Section :—				
General charges . . .	1,25,014	1,17,334	...	7,680
Line maintenance . . .	46,888	57,846	10,958	...
Signalling . . .	2,11,649	2,16,094	4,445	...
Cable maintenance . . .	2,95,100	1,47,236	...	1,47,864
Persian Section :—				
General charges . . .	1,20,451	1,22,180	1,729	...
Line maintenance . . .	1,46,822	1,04,943	...	41,879
Signalling . . .	1,24,062	1,19,088	...	4,974
Expenditure by other Departments	7,693	7,143	...	550
Total . . .	10,77,679	8,91,864	17,132	2,02,947
Not Decrease	1,85,815

Under the Persian Gulf Section the large decrease under Cable Maintenance is principally due to less expenditure during the year of Rs. 94,157, and Rs. 35,121 under Repairs to Cables and to the Cable Steamer respectively. The short charge under General Charges is principally due to charges in Europe being less as compared with last year's figures. The excess of Rs. 10,958 under Line Maintenance is due to increase of Establishment under Line Conservancy and increased expenditure under Repairs and Renewals of Lines. The increase under Signalling is mainly due to annual increases of pay to Signalling Establishment.

In the Persian Section the not decrease of Rs. 45,124 is mainly due to charges under Repairs and Renewals of Lines, being less in comparison with the actuals of 1904-05.

Net Revenue.

4. On a total Capital expenditure of Rs. 1,43,62,362 a net profit of Rs. 7,74,368 was earned during the year, which gives a dividend of 5.391 per cent. (Appendix D). The dividends earned during the past five years are as follows :—

Year.	Interest on Capital.
	Rs.
1901-02	7.89
1902-03	4.50
1903-04	4.97
1904-05	4.408
1905-06	5.391

Cis-Indian Joint Purse.

5. Appendix C deals with the transactions in connection with this Agreement, which was entered into in 1878.

	£	s.	d.
The Department's share of the whole Purse after certain adjustments shows a decrease of	1,637	0	0

Which is explained as follows—

	£	s.	d.
Decrease on Indian traffic	8,287		
Less Department's share of Indian Guarantee	3,908		
	<hr/>		
Increase on Trans-Indian traffic	4,379	0	0
	2,742	0	0
	<hr/>		
	1,637	0	0

The above decrease is mainly due to a reduction in the rate between Europe and India from 2s. 6d. to 2s. a word from 1st August 1905, and also to the fact that, from the same date, British, Colonial, or Indian Government messages exchanged between Europe and India or the Far East were carried at half rates.

The payments by the Government of India on account of the Indian Guarantee from 1st March 1902 to 31st March 1906 are shown in Appendix C (I).

6. *Interruptions affecting Joint Purse Traffic.*—There were no interruptions stopping traffic between Karachi and Teheran. Between Teheran and London the Indo-European Company's lines were totally interrupted for an aggregate of 21 days 8 hours and 53 minutes. This was mainly due to revolutionary disturbances in Russia.

7. On the Turkish route interruptions occurred between Fao and Constantinople lasting 41 days 4 hours 5 minutes. The working of this route continues to be unsatisfactory. The Fao-Bushire cable was interrupted for 22 hours 5 minutes during the year.

During the last five years the Turkish route west of Fao has been interrupted as follows :—

1901-1902.			1902-1903.			1903-1904.			1904-1905.			1905-1906.		
Days.	H.	M.	Days.	H.	M.	Days.	H.	M.	Days.	H.	M.	Days.	H.	M.
40	3	40	42	9	37	23	11	50	65	1	55	41	4	15

The Department was liable to the Joint Purse for 22 days' interruptions between Constantinople and Fao at Fcs. 50 per diem.

Australasian Message Fund.

8. The Departmental receipts for this year show a decrease of 210% on the receipts in 1889, on which the original Australasian Message Fund was based. See Appendix C (2).

Traffic.

9. The following table gives the amounts paid into the Joint Purse by the Department as compared with its independent traffic revenue* :—

	For Joint Purse, &c.		Independent Revenue.	Total.
	Indian.	Trans-Indian.		
	Fcs. sds.	Fcs. sds.	Fcs. sds.	Fcs. sds.
Persian Gulf Section	1,315,119.46½	125,233.39	43,262.11118	1,483,614.96743
Persian Section	172,981.79½	16,729.5815½	19,008.00226½	208,719.3742½
Total francs	1,488,101.25½	141,962.9715½	62,270.11344½	1,692,334.34164½

10. Appendix E gives the number of messages and words carried under the different classes :—1, State; 2, Commercial and Private; 3, Press, during the past five years.

11. The average length of "private and commercial" messages was 11.24 words in 1905-1906 as compared with 11.49 words in the previous year. The average length, calculated from the averages of the past seven years, is 12.38 words.

12. *Check of Errors.*—The accuracy of transmission over the lines of the Department for the past two years is shown below, and is satisfactory. The percentage of errors against words examined was as follows :—

For 1904-1905	:	:	:	:	:	:	0.126 per cent.
„ 1905-1906	:	:	:	:	:	:	0.070 „

* The independent traffic revenue is that obtained from traffic not touching India, such as for telegrams between the stations of Jask and Bushire.

13. *Complaints and Errors.*—The number received for investigation amounted to 203, being 20 more than the total for the year 1904-1905. Of this number 115 were from Europe and 88 from India; 54 related to messages *via* Turkey.

Of the above, 86 were not admitted by the Administrations concerned, or are still being investigated by them, and of the remaining 117 this Department is responsible for 13.

Offices.

14. The number of offices open to the public throughout the year, excluding those on the Teheran-Meshed (Persian Government) line, was in the Persian Gulf Section 11 and in the Persian Section 15, including 7 offices on the Central Persia line.

PERSIAN GULF SECTION.

Cables.

15. The total length of the various cables on 31st March 1906 was 1950·799 knots, as against 1950 757 knots in the former year, the increase being due to repairs and diversion of Karachi Harbour cables.

Three faults occurred during the year, and two continued into this from the previous year, making a total of five faults. Two were due to teredo, one to corrosion of guards, and one to manufacture. The other remains for further development before removal.

There were two interruptions on the Bushire-Manora cables, aggregating 2 days 2 hours 59 minutes, but as an alternative cable or the Mekran Coast land line was available, through communication was not interrupted. The Fao-Bushire cable was interrupted for 22 hours and 5 minutes.

The expenditure of cable for repairs and renewals amounted to 18·839 knots, the lengths recovered at sea being 15·341 knots, which were only fit for stripping for core.

Manora Cable Factory.

16. The expenditure of cable during the year and cable in stock at the end of the year was as follows:—

	Knots.
Cable in stock on 1st April 1905	61·396
Manufactured at Manora	31·475
Recovered at sea for Harbour work	7·566
Excess brought into stock	0·061
	<hr/>
	100·498
Deduct cable expended, 1905-1906	31·638
Henjam Bunder Abbas line	15·172
Sold to Submarine Defences	0·061
	<hr/>
	46·871
Balance 31st March 1906	<hr/> 53·627 <hr/>

The amount of cable stripped for core was 24·913 knots.

17. In October 1905 cables, 15 knots in length, were laid between Henjam and Bunder Abbas. In connection with these cables a land line was also erected in Kishm (30·75 miles) with cable houses and office buildings, but, pending the settlement of certain questions with the Persian Government, the line has not been opened for traffic.

Cable Steamer "Patrick Stewart."

18. The cable steamer "Patrick Stewart" steamed 4,650 knots, and the engineering staff either wholly or in part was absent from headquarters on cabling work for 64 days during the year. The actual earnings of the ship were Rs. 5,604-0-6.

MEKRAN COAST LAND LINE.

19. The total lengths on the 31st March 1906 were the same as last year, *viz.*, 687·96 miles of line and 1,393·42 miles of wire.

The total interruptions (i.e., simultaneous interruption to both wires) during the year lasted for 54 hours 40 minutes. Partial interruptions (i.e., those not affecting communication) amounted to 215 hours.

The causes of the faults are summarised as follows:—

	Number	Duration. Hours.
Definitely traced to preventable causes:—		
Corroded wires	6	136
Unpreventable causes:—		
Cyclones and floods	2	59
Malice	2	20

General Remarks.

Nothing of particular interest occurred during the year; the districts along the line remained quiet and the people friendly.

PERSIAN SECTION.

Teheran-Bushire Line.

20. The faults from all causes, including contacts between the wires during the past three years, have been—

Year.	1 Wire.	2 Wires.	3 Wires.
	Hours.	Hours.	Hours.
1903-1904	123	4	Nil.
1904-1905	298	43	15
1905-1906	135	15	Nil.

The causes of the faults may be summarised as follows:—

	Teheran-Bushire Section.		Central Persia Section.	
	Number.	Duration. Hours.	Number.	Duration. Hours.
Definitely traced to preventable causes:—				
Faulty maintenance	1	3
„ construction	1	34
Unpreventable causes:—				
Cyclones and exceptional storms	2	31
Animals, birds, and dead snakes	4	39
Malice	10	73	1	9
Other unpreventable causes	1	4

21. *Wilful damage.*—398 acts of wilful damage were reported during the year on the Teheran-Bushire Section, being 138 less than last year. They were distributed along the line as follows:—

Sub-section.	Locality.	No. of Miles.	No. of acts, 1905-1906.	No. of acts, 1904-1906.
1st	Teheran to Ardistan	221	95	108
2nd	Ardistan to Abadeh	199	54	66
3rd	Abadeh to Siraz	157	144	245
4th	Siraz to Bushire	156	104	119

CENTRAL PERSIA LINE.

5th	Ardistan to Anar	256	30	} 196
6th	Anar to Bam	244	90	
7th	Bam to Indian Frontier	211	7	

The amount claimed from the Persian Government for damages on the Teheran-Bushire Section was Krans 7,051.* Of this sum Krans 4,710 were collected locally; the balance, Krans 2,341, has been deducted from the Jask Royalty.

* 4 Krans=1 Rupee approximately.

General Remarks.

22. There is nothing of particular interest to report during the year under review.

TEHERAN-MESHED LINE.

23. This line is the property of the Persian Government, but maintained by the Indo-European Telegraph Department. It is 568 miles in length. It worked satisfactorily during the year and was interrupted only for 141 hours.

No events of a political nature affected this line during the year.

CENTRAL PERSIA LINE.

24. The line from Kashan to the Eastern frontier of Persia, which was commenced on the 2nd December 1902, has been completed through Yezd, Anar, Kerman, and Bam, to a point 25 miles beyond Bam, and 596 miles distant from Kashan. Beyond this a single wire line has been constructed to form a connection with the Indian line from Quetta to Robat. It was completed on 9th May 1904 and is 211 miles long.

The construction of a line from Karachi to Panjgur was commenced on 14th September 1905, and 170 miles had been completed at the end of the year. This line will be continued to meet the Central Persia line at a point near Robat.

INDO-EUROPEAN TELEGRAPH DEPARTMENT.

Stores.

25. The principal items of expenditure under this head have been as follows:—

	Rs.
Stores purchased in India	12,668
London stores, including freight, landing charges and exchange.	3,51,297
Stores from other Departments	5,566

The following were the principal issues of stores including adjustments to the end of March 1906:—

	Rs.
For repairs to cable	54,956
For cable steamer	11,313
For Henjam Bunder Abbas line	13,151
For Karachi Panjgur line	2,28,616

The issues to repairs and renewals of land line and offices in the Persian Gulf Section amounted to Rs. 21,847, and in the Persian Section to Rs. 12,924.

INDIA OFFICE,

H. A. KIRK,

8th November 1906.

Director-in-Chief.

ORDERS OF THE STAR OF INDIA AND THE INDIAN EMPIRE,

NOTIFICATION.

Fort William, the 25th January 1907.

No. 2-S.I.—His Excellency the Grand Master of the Most Exalted Order of the Star of India and of the Most Eminent Order of the Indian Empire held a Grand Chapter of both Orders in the Diwan-i-Am at Agra, at 9 P.M., on Saturday, the 12th January 1907.

At this ceremony His Excellency the Grand Master in accordance with His Majesty's Commands first *invested* His Highness Maharaja Sri Krishnaraja Wadiar Bahadur, of Mysore, with the Insignia of the First Class; and the Hon'ble Mr. John Prescott Hewett, C.S.I., C.I.E., Indian Civil Service, with the Insignia of the Second Class, of the Most Exalted Order of the Star of India; and *decorated* the Hon'ble Mr. John Mitchell Holms, Indian Civil Service; the Hon'ble Mr. Leslie Alexander Selim Porter, Indian Civil Service; Sardar Bahadur Gurmukh Singh; and the Hon'ble Mr. William Henry White, J.P., with the Badge of the Third Class of the same order.

His Excellency then *invested* Major His Highness Maharaja Raj Rajeshwar Siromani Sri Sir Ganga Singh Bahadur, K.C.S.I., K.C.I.E., of Bikaner, A.D.C. to His Royal Highness the Prince of Wales, with the Insignia of the First Class; and Maharaja Bhagwati Prasad Singh, of Balrampur in Oudh; and Herbert Hope Risley, Esq., C.S.I., C.I.E., Indian Civil Service, with the Insignia of the Second Class, of the Most Eminent Order of the Indian Empire; and *decorated* Lionel Truninger, Esq.; Charles Raitt Cleveland, Esq., Indian Civil Service; Thomas Robert John Ward, Esq.; the Hon'ble Malik Umar Haiyat Khan; James Houssemayne DuBoulay, Esq., Indian Civil Service; Major William John Daniel Dundee, Royal Engineers; the Hon'ble Mr. Ibrahim Rahimtoola; the Hon'ble Pandit Sunder Lal; Arthur Hills Gleadowe-Newcomen, Esq., F.R.G.S., F.S.A., V.D.; Edward Anthony Doran, Esq.; Major Malcolm Sydenham Clarke-Campbell; and John Bolster, Esq., with the Badge of the Third Class of the same order.

Before the proceedings of the Chapter began, His Excellency the Viceroy, with the special permission of His Majesty the King-Emperor, *invested* His Majesty the Amir of Afghanistan as a Knight Grand Cross of the Most Honourable Order of the Bath and *decorated* Colonel Arthur Phayre with the Badge of the third class of the same order.

The following members of the two Orders attended:—

GEOLOGY AND MINERALS.

Calcutta, the 26th January 1907.

No. 894—82.—In exercise of the power conferred by section 20 of the Indian Mines Act, 1901 (VIII of 1901), the Governor General in Council is pleased to direct that for the last sentence in rule 30 of the rules regarding Mine Managers and their certificates, published with Notification No. 2968—82, dated 21st April 1906, the following shall be substituted, namely :—

“ Every regulation made by the Board under this rule shall be published in the local official gazette, and except as regards examinations held before the end of January 1907, no such regulations shall take effect until six months from the date on which it was first so published.”

EMIGRATION.

Calcutta, the 25th January 1907.

No. 822—48.—In exercise of the powers conferred by section 80 of the Indian Emigration Act, 1883 (XXI of 1883), the Governor General in Council is pleased to direct that in Scale No. 2 (A) [Of Ordinary Provisions, showing the daily rations and the resulting weekly quantities per emigrant] of Schedule G, annexed to the Rules published with the Notification of the Government of India in the Department of Revenue and Agriculture, No. 94-E., dated the 18th March 1886 [as subsequently amended], the following additions shall be made, namely :—

- (1) After the words “ (A) Of Ordinary Provisions ” add the words “ applicable to emigrant vessels sailing from ports other than Madras.”
- (2) At the end of the Scale (A) insert the following :—

THE FOLLOWING SCALE OF ORDINARY PROVISIONS IS PRESCRIBED FOR EMIGRANT VESSELS SAILING FROM THE PORT OF MADRAS.

[In provisioning emigrant vessels, water, salt, tobacco and medical comforts shall be shipped for the whole voyage, dry provisions for issue, when cooking is impossible, for one-twentieth part of the voyage and ordinary provisions for the rest of the voyage. Two emigrants under ten years of age shall count as one emigrant.]

Showing the Daily Rations, and the resulting weekly quantities per emigrant.

			1	12		Bales	
			7 gallons		Tanks	From municipal hydrants.

(a) In the case of emigrants proceeding to places west of the Cape, or to Fiji and South Australia, fresh mutton (sheep) at scale rate shall be supplied for one week, dried fish for two weeks, and preserved mutton for the rest of the voyage. As one sheep weighing 60 lbs. yields about 25 lbs. of available flesh, four sheep are approximately equivalent to one week's supply of fresh mutton at scale rate for 100 emigrants, and shall be so reckoned in calculating requirements.

(b) In the case of emigrants proceeding to places east of the Cape, and to Fiji and Torres Straits, fresh mutton (sheep) at scale rate shall be supplied for one week, and dried fish for the rest of the voyage.

(c) In the case of emigrants proceeding to places west of the Cape, or to Fiji and South Australia, in lieu of fresh potatoes, 16 days' supply of preserved potatoes (at scale rates and according to rule of substitution) shall be shipped at Madras. In substituting dried preserved potatoes for fresh potatoes, one part by weight of preserved potatoes shall be reckoned as equal to four parts by weight of fresh potatoes.

(d) In the case of vessels proceeding to Colonies west of the Cape, five-sevenths of the allowance of mutton (sheep) and vegetables shall be taken at Madras, and two-sevenths the balance at the Cape or St. Helena.

(e) Of the whole quantity of water required for emigrants, Masters, officers and crew, cabin and other passengers, if any, and the live stock, a reduction of three-sevenths will be allowed when a condenser is carried, and further reduction of one-seventh if the vessel is to take water at an intermediate port.

N.B.—Excepting spirits or wine, no surplus articles of diet, or water, of a previous voyage shall be utilized as emigrant stores for any succeeding voyage.

W. L. HARVEY,
Secretary to the Government of India.

ARMY DEPARTMENT.

Fort William, the 25th January 1907.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India, Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

GOVERNMENT OF INDIA. DEPARTMENT OF COMMERCE AND INDUSTRY.

INVENTIONS and DESIGNS.

Calcutta, the 24th January 1907.

N O T I F I C A T I O N S .

No. 347 P.—APPLICATIONS in respect of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act during the week ending 21st January 1907 :—

- No. 41 of 1907.—James Blair, manager, Surma Valley Saw Mills, Limited, Bhanga Bazar, South Sylhet, in the Province of Eastern Bengal and Assam, India. *Improvements in tea chests.*
- No. 42 of 1907.—James Ross England, merchant, John Henry Kirby, banker and Charles Michael Rein, merchant, all of Houston, county of Harris, state of Texas, United States of America. *Reed organs.*
- No. 43 of 1907.—Reginald E. G. Burroughs, merchant, of the Town of New Liskeard, in the province of Ontario, and Dominion of Canada. *Improvements in pipe cleaners.*
- No. 44 of 1907.—Ganga Singh, temporary overseer, Irrigation Department, Quetta. *Recovering lost articles from inaccessible depths, whether in seas, rivers, wells, artesian borings or vertical mining shafts.*
- No. 45 of 1907.—James Robinson Hatmaker, gentleman, of No. 25 Rue de la Faisanderie, Paris, France. *Improved milk-food for infants and others and method of manufacture.*

No. 348 P.—The undermentioned design has been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Government of Madras, Bombay and Burma. This and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2, Bankshall Street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying.

- No. 1-D of 1907.—Miss Nistarini Mitter, spinster, of 1 Loudon Street, Calcutta, Bengal, India. *A pictorial flag showing a tiger, crescent, star, sun, moon, and the words "Bande Mataram" in Deb Nagri character.*

No. 349 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M. at the Secretary's office, 2 Bankshall Street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

- No. 270 of 1906.—William Henry Hoyle, cotton spinner, of 86 Chorley New road, Bolton, in the county of Lancaster, England, and Thomas Barker, consulting engineer, of 352 Church road, Smithills, Bolton, aforesaid. *Improvements in and connected with spinning machinery or machinery for working textile fibres.* (Specification filed 9 January 1907.)
- No. 272 of 1906.—Maneckshaw Jamshedji Chanjibhoy Mistry, typist, residing at Dhobhi Talao, Bombay. *A detaching device for vehicles.* (Specification filed 11 January 1907.)
- No. 285 of 1906.—Harvey Coale, manufacturer, of 1511 Guilford Avenue, Baltimore, Maryland, United States of America. *Improvements in the manufacture of artificial cork.* (Specification filed 9 January 1907.)

No. 289 of 1906.—Charles Arthur Jarvis, gentleman, of 31 Cressida road, Highgate, London, England. *Improvements in apparatuses for automatically delivering measured quantities of liquid disinfectant to flushing cisterns.* (Specification filed 9 January 1907.)

No. 290 of 1906.—Jules Rene Blum, civil engineer, of 49 Boulevard Pereire, Paris, France. *Improvements in or relating to apparatus for removing dust by suction from carpets, furniture, or the like.* (Specification filed 9 January 1907.)

No. 291 of 1906.—Ernest August Gieseler, engineer, of 121 Eisenacherstrasse, Berlin, Germany. *Improvements in gravity filters.* (Specification filed 9 January 1907.)

No. 350 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 321 of 1895.—Samuel Cleland Davidson. *Improvements in stoves or apparatus for heating air.* (From 18 January 1907 to 18 January 1908.)

No. 379 of 1896.—Samuel Cleland Davidson. *Improvements in tea leaf rolling machines.* (From 5 February 1907 to 5 February 1908.)

No. 56 of 1898.—John James Marsland. *An improved latrine seat for the use of natives of India, to be called "The Aryan Latrine Seat".* (From 13 January 1907 to 13 January 1908.)

No. 284 of 1898.—Mephan Ferguson. *An improved machine for closing the locking bar or bars used in the construction of certain kinds of rivetless pipes.* (From 17 February 1907 to 17 February 1908.)

No. 285 of 1898.—Mephan Ferguson. *Improvements in machines for forming dove-tail or approximately dove-tail edges on plates to be used in the manufacture of rivetless pipes.* (From 17 February 1907 to 17 February 1908.)

No. 165 of 1899.—William Jackson. *Improvements in apparatus for sifting, sorting and classifying tea, or other products, or materials.* (From 17 June 1907 to 17 June 1908.)

No. 76 of 1900.—William Jackson. *Improvements in apparatus for dividing tea leaves, coffee and other materials.* (From 24 September 1907 to 24 September 1908.)

No. 187 of 1900.—Radhika Nath Saha. *Improvements in stylographic and fountain pens.* (From 14 December 1906 to 14 December 1907.)

No. 93 of 1901.—The Linotype Company, Limited. *An improved type justifying machine.* (From 15 January 1907 to 15 January 1908.)

No. 260 of 1901.—Thomas Alva Edison. *Improvements in storage batteries.* (From 22 January 1907 to 22 January 1908.)

No. 345 of 1901.—Arthur Burden Campbell Rogers. *A process and the manner of producing, preparing and making compressed "bhusa" into bales of a particular weight.* (From 18 January 1907 to 18 January 1908.)

No. 232 of 1902.—William Henry Perkin and Whipp Brothers and Tod, Limited. *Improvements in the treatment of raw cotton and cotton good to reduce the inflammability thereof.* (From 30 January 1907 to 30 January 1908.)

No. 239 of 1902.—The Linotype Company, Limited. *Improvements in displayed advertisement linotypes and in machines for making them and repeat linotypes.* (From 28 January 1907 to 28 January 1908.)

No. 240 of 1907.—The Linotype Company Limited. *Improved mechanism for spacing and justifying tabular matter in linotype machines.* (From 28 January 1907 to 28 January 1908.)

No. 367 of 1902.—William Jackson. *Improvements in apparatus for rolling tea leaf and the like.* (From 28 April 1908 to 28 April 1909.)

No. 480 of 1902.—The Sherardizing Syndicate, Limited. *Improvements in or relating to the deposition of metals or compounds.* (From 4 February 1907 to 4 February 1908.)

No. 330 of 1904.—William Jackson. *Improvements in apparatus for drying tea leaves and other produce.* (From 12 April 1909 to 12 April 1910.)

No. 359 of 1904.—William Jackson. *Improvements in apparatus for heating air for supporting combustion in furnaces; especially intended for use in heating air for burning liquid fuel in the furnaces of tea-drying machines and the like.* (From 12 April 1909 to 12 April 1910.)

No. 485 of 1904.—William Jackson. *Improvements in apparatus for rolling tea-leaf and the like.* (From 19 June 1909 to 19 June 1910.)

No. 351 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased:—

No. 217 of 1901.—Pedro Victor San Martin. *Improved process for tanning.* (Specification filed 19 December 1901.)

No. 86 of 1902.—Benjamin Garver Lamme. *Improvements in systems of electrical distribution.* (Specification filed 18 October 1902.)

No. 245 of 1902.—Dr. Carl Freiherr Auer von Welsbach. *Improvements in accumulators or secondary batteries.* (Specification filed 18 October 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof —

The sum of Rs50 for each of the above inventions.

No. 317 of 1900.—Juggan Nath Pershad. *A burglar catching machine or trap.* (Specification filed 16 October 1901.)

Fee in respect of the continuance of an exclusive privilege—

4 (b) After the expiration of the fourth year and before the expiration of the fifth year from the date of filing of the specification.

The sum of Rs50 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 15. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions
and Designs Act, V of 1888.

BOARD OF EXAMINERS.

NOTICES.

Specimens of Persian Manuscripts for the use of candidates for the Degree of Honour and High Proficiency examinations in Persian, published in facsimile by the Board of Examiners, Fort William, under the authority of the Government of India. Price R6. Forwarded V.-P. P., on application to the Secretary, Board of Examiners, 4, Park Street.

For the convenience of Civil and Military officers desirous of appearing for examination in oriental languages, the Board of Examiners will in future publish periodically a collection of specimen papers set for the examination held by them.* Collections of papers for 1902-1903, 1903-1904, 1904-1905 and 1905-1906 are ready for sale. Price R3 per copy and may be obtained on application to the Secretary, Board of Examiners, 4, Park Street.

No. 289.—In accordance with the provisions of section 31 of Act XII of 1896 (The Excise Act) the Chief Commissioner is pleased to appoint and hereby appoints, the Resident of Kashmir, for the time being, to be the officer to grant passes for the import into the North-West Frontier Province, of spirits and fermented liquor manufactured in Kashmir.

No. 290.—In exercise of the power conferred on him by section 31 of Act XII of 1896 (The Excise Act) the Chief Commissioner, North-West Frontier Province, is pleased to fix the following rate of duty to be levied on all spirits brought into North-West Frontier Province from Kashmir through Hazara.

On all spirits, R7 per imperial gallon, or six quart bottles of the strength of London proof, the duty to be increased or reduced in proportion as the strength exceeds or is less than London proof.

M. F. O'DWYER,

Revenue and Financial Secretary to the Chief
Commissioner, N.-W. Frontier Province.

REVENUE COMMISSIONER'S OFFICE—NORTH-WEST FRONTIER PROVINCE.**NOTIFICATION.**

Peshawar, the 21st January 1907.

No. 291.—In exercise of the powers vested in him by sections 31 and 65 of Act VII of 1896 (The Excise Act) the Revenue Commissioner, North-West Frontier Province, hereby makes the following rules to regulate the import of Kashmir spirits from the State Distillery at Srinagar into the North-West Frontier Province. The rules shall come into force with effect from the date of this notification.

RULES.

1. No spirit or fermented liquor shall be imported from Kashmir into the North-West Frontier Province except by the Abbottabad-Domel Road *via* Garhi Habibullah.

2. Except under the provisions of Rule 5, no person shall import spirit or fermented liquor manufactured in Kashmir into the North-West Frontier Province unless he holds a license in some district of the North-West Frontier Province for either the wholesale or the retail vend of imported spirit or fermented liquor.

3. Every person holding such license who desires to import spirit or fermented liquor manufactured in Kashmir into the North-West Frontier Province must first obtain from the Deputy Commissioner of the district in which he holds a license under the preceding rule a permit specifying the name of the importer, the amount and class of the spirit or fermented liquor to be imported and the district to which it is to be imported. On the production of such permit and on the payment of the prescribed duty, the Resident in Kashmir will grant a pass for the import into the North-West Frontier Province of spirit or fermented liquor to the amount specified in the permit.

The pass shall specify:—

- (a) the name of the importer;
- (b) the district in which he holds a license for the sale of imported spirit or fermented liquor;
- (c) the class or amount of spirit or fermented liquor or both to be imported;
- (d) the amount of duty paid;
- (e) the destination of the spirit or fermented liquor;
- (f) the period during which the pass will remain in force.

Provided that no single consignment under this pass shall be of a quantity less than 8 gallons.

The Resident shall send a duplicate of each pass to the Deputy Commissioner, who issued the permit.

4. On arrival of the spirit or fermented liquor in the North-West Frontier Province the pass shall be presented for examination to the Assistant Commissioner or Extra Assistant Commissioner in charge of the Excise revenue at Abbottabad. If no material irregularity is discovered at such examination and the pass appears to be correct, the Assistant Commissioner or Extra Assistant Commissioner shall endorse it and return it to the person in charge of the spirit or fermented liquor imported. On arrival at the district from which the permit was obtained, the pass shall be again presented for examination to the officer in charge of the Excise revenue of the district.

5. Every person desiring to import spirit or fermented liquor manufactured in Kashmir into the North-West Frontier Province for his private consumption must apply to the Resident in Kashmir for the issue of a pass. On payment to him of the prescribed duty the Resident shall issue a pass specifying—

- (1) the name of the importer;
- (2) the class and amount of spirit or fermented liquor covered by the pass;
- (3) the amount of duty paid.

A memorandum shall be attached at the foot of the pass to be signed by the person to whom the pass is issued, stating that the liquor covered by the pass is for private consumption only and not for sale. The Resident shall send a duplicate of each such pass to the Revenue Commissioner, North-West Frontier Province.

Provided that no person shall import for private consumption more than six dozen quarts of spirit or fermented liquor during the half-year in which the pass is issued.

6. The passes granted by the Resident in Kashmir under Rules 3 and 5 shall have full force and effect to cover consignments in their transit from Kashmir to the North-West Frontier Province through the recognized route, provided—

- (a) that all spirit is conveyed in casks securely closed and sealed, or, if in bottles is packed in packing cases securely wired and sealed, so that bulk shall not be broken in transit, and
- (b) that marks to show its serial number and the quantity and strength of its contents shall be legibly cut or printed on each cask or packing case in agreement with the entry made in the pass in respect of such cask or packing case.

M. F. O'DWYER,
Revenue Commissioner, North-West Frontier Province.

NORTH-WEST FRONTIER PROVINCE—MEDICAL DEPARTMENT.

* Agents for sale of the Legislative Department publications.

NOTICE.—Books and Acts required for private use only can be purchased. Applications should be accompanied by a remittance, unless it is wished that the books should be sent by value-payable post, in which case, besides the ordinary postage, an additional charge is made for registration and commission.

Books and Acts required for the public service should be obtained through Local Governments to whom the applicant is subordinate.

Application for Government publications which are no longer in print should be made to the Agent to the particular Government under whose orders they were originally issued.

[The amounts within parentheses are for packing and postage.]

IN THE COURT OF THE MUNSIFF AT BANSI, DISTRICT BASTI.

SUIT NO. 516 OF 1906.

Lachman Prasad Shukul, *Plaintiff,**versus*Mussammat Biranja, *Defendant.*

To Mussammat Biranja, wife of Adhar Shukul, dwelling at village Jigna in the Nipal Estate, within the limit of the Court at Taulihwa, District Nipal.

Whereas the plaintiff has instituted a suit against you for possession over 3 pies 1 khums share of Mauza Rohaon Khurd, Tappa Aunya, Pargana Rasulpur, District Basti, you are hereby summoned to appear in this Court in person or by duly authorised pleader of the Court, on the second (2nd) day of February 1907 at 11 o'clock in the forenoon, to answer the abovenamed plaintiff, and you are hereby required to take notice that in default of your appearance, the issues will be settled in your absence.

Given under my hand and the seal of the Court this 19th day of January 1907.

AGHORNATH MUKERJI,
Munsiff.

IN THE COURT OF MUNSIFF.

SUIT NO. 1053 OF 1906.

(Sections 64 and 68 of the Code of Civil Procedure.)

IN THE COURT OF MUNSIFF AT MIRZAPUR.

Hanuman Das, and Baho, Sital Prasad, sons of Bandho Lal, deceased, by caste Kalwar, proprietor of the firm Bandho Lal Hanuman Das, residing at Mohalla Bhaensahiya Tola, City Mirzapur, *Plaintiffs,*

versus

Jhaggu Ram *alias* Ram Kishun Ram, parentage unknown, residing at Bhagwan Babus Achanack Lac Godown, Calcutta, *Defendant.*

To Jhaggu Ram *alias* Ram Kishun Ram, *Defendant.*

Whereas the plaintiffs have instituted suit in this Court against you for Rs 59-15-0, you are hereby summoned to appear in this Court in person or by a duly authorized pleader of the Court duly instructed and able to answer all material questions relating to the suit, or who shall be accompanied by some other person able to answer all such questions, on the 29th day of January 1907 at 11 o'clock in the forenoon, to answer the abovenamed plaintiffs; and as the day fixed for your appearance is appointed for the final disposal of the suit, you must be prepared to produce all your witnesses on that day; and you are hereby required to take notice that, in default of your appearance on that day before mentioned, the suit will be heard and determined in your absence.

Given under my hand and the seal of the Court this 4th day of January 1907.

B. L. MERH,
Munsiff.

SUPPLEMENT TO
The Gazette of India.

No. 4. } CALCUTTA, SATURDAY, JANUARY 26, 1907.

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time, containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.
DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 24th January 1907, based on the Indian Daily Weather Reports of the period.

Pressure was falling in Persia on the 18th and the fall extended into north-west India the next day, making pressure slightly below normal in Sind and the Frontier Province. On the 21st there was another fall of the barometer in north-west India, and pressure continued to decrease there throughout the remainder of the week with the result that on the 24th a depression, within which pressure was nearly a quarter of an inch in defect, was lying over Sind, north-west Rajputana and the southwest Punjab, and pressure gradients over northern India were completely reversed, allowing an inflow of winds from the Bay of Bengal into north-east India, and from the Arabian Sea into Rajputana, while easterly winds were blowing up the Gangetic plain. The precipitation given by these abnormal conditions was, however, very scanty, and on the 24th was confined to light falls of rain in Assam and light snow and rain in Kashmir and the Punjab hills. Weather was, however, disturbed in Kashmir for the greater part of the week, as snow commenced falling there on the 20th, but there has been no precipitation in Baluchistan or the plains of north-west India. Weather was dry throughout the week in other parts of the Indian region, except for light rain in Burma on the 18th and 19th.

Burma.—The disturbance which was affecting the weather in the south-west of the Bay at the close of the previous week moved northwards, and gave rain over the greater part of Burma on the 18th and 19th. Skies then cleared, and dry weather prevailed in the province for the remainder of the week. The rain caused a rapid fall of day temperature, which was very largely below normal on the 18th and 19th, while the thick cloud produced unusually high temperature by night. With the cessation of rainfall and

the disappearance of cloud these abnormal conditions soon passed away, and temperature was again nearly normal on the 22nd and continued so for the rest of the week.

North-east India and Orissa.—There was very little cloud up to the 24th, when skies clouded over in consequence of the inflow of humid winds from the Bay and light rain occurred in Assam. Temperature was normal, except in Orissa where it was in defect, but a rapid rise took place with the change of conditions at the end of the week, and on the 24th both maximum and minimum temperatures were in general excess..

The United Provinces, Central India and the Central Provinces.—Skies were almost clear up to the 21st when cloud appeared in the north-west of the United Provinces, and during the next three days spread over the whole of that area and the east of Central India. Temperature was in defect over the greater part of the division during the first three days of the week, but it then rose, and by the 24th mean temperature was in excess everywhere.

North-west India.—The barometer fell rapidly in Kashmir on the 19th, and from the 20th to the end of the week snow fell every day in that region. No precipitation occurred elsewhere, except in the Punjab hills. Skies were cloudy in Kashmir, the Frontier Province and the Punjab throughout the week, and on the 21st cloud appeared in Baluchistan, and on the 22nd in Rajputana and Gujarat. A noteworthy feature in the meteorological conditions was the unusually high temperature which prevailed over practically the whole division, especially in Baluchistan, where on the 21st it averaged 18° above normal.

The Peninsula.—The only rain reported was a light fall of 0·19" at Pamban on the 22nd. Skies were clear, except for light cloud in the south, and temperature was nearly normal.

The rainfall of the period, from the 30th November to the 24th January, was normal or in excess in the interior of Burma, in excess in practically the whole of the Peninsula, and normal in the North-west Dry Area and the sub-divisions of Lahore, Ludhiana and Raipur.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day:

- January 18th, Slipper Island 0·71", Toungoo 0·45", Yamethin 0·63", Minbu 0·39" and Shillong 0·54".
- „ 19th, Toungoo 1·02", Thayetmyo 0·79" and Lashio 0·66".
- „ 20th, Minimarg 0·27".
- „ 21st, Mergui 1·30" and Minimarg 0·30".
- „ 22nd, Sonemarg 0·59", Minimarg 0·64" and Dras 0·36".
- „ 23rd, Cherat 1·32", Murree 0·22", Minimarg 0·92" and Leh 0·18".
- „ 24th, Silchar 0·63" and Tezpur 0·32".

SIMLA;
The 24th January 1907.

GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 19th January 1907.

Burma.—Reaping of wet weather paddy is nearly finished and threshing and winnowing are in progress and have been generally completed in Tharrawaddy. Rain fell in several districts in both Upper and Lower Burma during the week, the amounts in some cases being considerable. No damage to the paddy crop has been reported. Miscellaneous crops in Upper Burma are generally in good condition. The price of paddy has risen considerably in Akyab and Amherst and slightly in Tavoy and Mandalay; it has fallen considerably in Prome and Thayetmyo.

Eastern Bengal and Assam.—The weather is seasonable. There was no rain except in the Khasi and Jaintia Hills. Rain is wanted in Cachar, the Naga Hills, Upper Assam and Manipur. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute are in progress. Plucking of cotton; pressing of sugarcane; gathering of mustard and transplantation of summer rice are in progress. Prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills and fair in Nowgong. The prospects of winter rice and other standing crops are moderate. Prices of common rice:—Manipur 16; Kohima 10; Rangamati 9½; Silchar 9 to 9½; Nowgong and Sibsagar 9; Barisal, Chittagong, Gauhati, Tezpur, and Dibrugarh 8; Faridpur 7 to 8; Dinajpur 7½; Dacca and Malda 7½; Bogra 7½; Jalpaiguri and Sylhet 7½; Pabna and Mymensingh 7½; Noakhali, Rampur Boalia and Dhubri 7; Tura 6 to 7; Rangpur 6½; Shillong and Aijal 6 seers per rupee. Prices have risen in eight; fallen in seven; and remain stationary in the remaining districts. Six hundred and seventy-three persons received gratuitous relief in Sylhet.

Bengal.—Except in Darjeeling where the fall amounted to 0·12 inches, no rain fell during the week. Harvesting of winter paddy has been completed in almost all districts. Pressing of sugarcane continues. Rain is required yet for spring crops in Nadia, Murshidabad, Jessore, Gaya, Champaran, Muzaffarpur, Darbhanga, Monghyr, Bhagalpur and Purnea. Prospects of spring crops are on the whole satisfactory. The number of persons receiving gratuitous relief is—Muzaffarpur 801 and Darbhanga 17,441. The number of persons on test and famine relief works in Darbhanga is 1,891 and 58,114, respectively. Fodder and water are sufficient. The price of common rice has risen in six and fallen in five districts.

United Provinces.—No rain fell during the week. Crops are in good condition. Irrigation is in progress where practicable and weeding continues. Fields are being prepared for sugarcane and sowing of extra crops. The condition of cattle is good, except in Garhwal and Almora. Supplies are adequate. Fodder continues scarce in Rae-Bareilly and is dear in Hardoi and Sitapur. Prices are stationary with tendency to fall in places.

The weekly report on the scarcity is as follows:—No rain fell in Gorakhpur during the week. Sugarcane pressing is in progress. Rust has done damage in parts of the Sadr tahsil. Supplies and fodder are sufficient. The condition of cattle is satisfactory. Prices are stationary. The numbers on relief are:—on works 224, on gratuitous relief 1,990, in poor houses 358, total 2,572.

Punjab.—Good rainfall was received during the week in tehsil Kasauli, in Ambala and in parts of the Lahore district. The price of wheat is rising in Sialkot and falling in Shahpur, Rawalpindi and Lyallpur; prices of other food grains are slightly fluctuating. Sugarcane pressing continues in Rohtak, Jullundur, Amritsar and Sialkot. Ploughings and sowings of extra spring crops have commenced in Lahore, Sialkot, and Gurgaon. The condition and prospects of the standing crops are generally good. Rain is badly wanted in Rohtak, Ambala and Shahpur. Locusts appeared in parts of Rohtak, Shahpur, Lyallpur and Multan and damaged the crops slightly except in Rohtak. The turnip crop has also been damaged by a disease known as "hadda" in parts of Multan. Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water supply.

North-West Frontier Province.—No rain. Spring sowings are completed. The condition of the standing crops on irrigated and unirrigated areas is good so far, but rain is now generally wanted. Locusts have slightly damaged the crops in parts of the Dera Ismail Khan district. Pressing of sugarcane goes on, the outturn is good. The water supply is ample. Fodder is procurable. Cattle are in good condition except in a few villages of the Mardan tehsil in the Peshawar district. Prices show a downward tendency. Prices:—wheat 16 to 19½; gram 17 ½ to 22; maize 17½ to 29½, and bajra 20 to 22 seers per rupee.

Jammu.—There was slight rain during the week at Udhampur, Rampur, and Jammu. Prices are stationary. Prices:—Wheat 11 to 24 and maize 12 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil where it is scarce.

Kashmir.—The weather was partially bright and cloudy with slight rain during the week. Prices are almost stationary.

Rajputana.—There were showers during the week in Jaipur, Bikanir, Kotah, and Jhalawar; the maximum fall varied from eleven to eighty-five cents in the Nazamaths of Kotah and Jhalawar. Agricultural operations are satisfactory and prospects are generally satisfactory. Pasturage and fodder are sufficient. Prices are nearly steady throughout though still high in places.

Central India.—There were slight showers during the week in Gwalior. Autumn harvesting is completed in Gwalior and continues elsewhere. Weeding and irrigation of spring crops and picking of cotton are in progress. The standing crops and probable outturn are good. Crops have been slightly damaged in parts of the Bhopal and Baghelkhand Agencies. Agricultural stock and pasturage are good except in parts of Bhopawar and Indore. Prices are high in Baghelkhand and Malwa and are stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—The weather is clear and cool. Picking of cotton and threshing and winnowing of autumn crops are completed in most districts and reaping of linseed and *til* has commenced in parts of Wardha. *Tur* and *ringni juar* in Chanda; linseed, gram and *tur* in Bhandara; and linseed and gram in Raipur have been damaged slightly by insects. Rats have attacked wheat in three taluqs of Buldana. More rain is required in parts of the Hatta tehsil of Damoh. The standing crops are generally in good condition and prospects are favourable. Fodder and water are sufficient. Prices of food grains fell in Saugor and rose slightly in Jubbulpore; rice has become cheaper by one seer per rupee in Mandla; *juar* rose in Amraoti and fell in Buldana by one seer; elsewhere prices are generally steady but still exceed the scarcity level in Wardha and Bilaspur.

Native States.—The harvesting of autumn crops and sugarcane pressing still continue. Spring crops are in good condition and prospects are good. Fodder and water are sufficient. Prices:—Wheat 10 to 20; rice 12½ to 17; and *kodon* 16 to 23 seers per rupee.

Bombay.—The standing crops have been slightly damaged by insects in parts of Karachi and are withering in parts of the Deccan and Bijapur; they are generally in good condition elsewhere. Threshing of autumn crops is in progress and cotton picking continues in Hyderabad, Thar and Parkar, Gujarat, Poona, Kathiawar and Cutch. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Poona and Sholapur. Agricultural stock is sufficient except in Sholapur, Bijapur, and Cutch. The fodder supply is sufficient. The quantity of food grains purchasable per rupee is in the Deccan 10 per cent. above normal to 31 per cent. less than normal, and elsewhere normal to 25 per cent. below.

Hyderabad.—No rain. The early rice harvest is almost over; late rice sowings still continue in parts of a few talukas. Spring crops are generally in fair to good condition. Prices:—Wheat 7½; coarse rice 7½; and jowar 15½ seers per rupee.

Mysore.—Prices of food grains are generally steady. The standing crops are in good condition and are being generally harvested. Prospects of the season are good. Cattle are healthy and water and fodder are available.

Coorg.—Picking of coffee and reaping of rice continue. Prices of food grains are falling. Water and fodder are sufficient.

Madras.—Rainfall light in Tanjore, but none elsewhere. Irrigation supplies are sufficient except in parts of Kistna, Bellary, Anantapur, North Arcot, Salem, and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some in parts of Madura are withering and some in parts of Kistna have been damaged by the recent rains. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Godavari, Kistna, and Bellary. Fodder is scanty in parts of Kistna, Salem, Tanjore and Madura. The condition of cattle is generally good. The price of rice is stationary in eight districts; has fallen in twelve; and has slightly risen in three. The prices of millets have fluctuated as follows:—*Ragi* is stationary in eight districts; has fallen in seven; and has slightly risen in six. *Cholam* is stationary in three districts; has fallen in five; and has slightly risen in six. *Cumbu* is stationary in seven districts; has fallen in three; and has slightly risen in five.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table :—

ESTABLISHMENTS.

PROCEDURE TO BE FOLLOWED IN GRANTING LEAVE TO A MILITARY OFFICER WHO IS TEMPORARILY IN CIVIL EMPLOY.

Calcutta, the 24th January 1907.

RESOLUTION.

A QUESTION has recently arisen as to the conditions under which a military officer, who is temporarily in civil employ, should be granted leave when such leave would extend beyond the period for which his services have been lent to the civil department. Articles 605, 606 and 855—860 of the Civil Service Regulations have been held to cover cases of the nature under consideration; but as they do not clearly specify the procedure in every contingency, the Governor General in Council is pleased to prescribe the following rules for general information:—

- (a) In the case of a military officer who is lent to a civil department for the performance of a specific duty, his term of service under the civil authorities terminates on the completion of such duty, and any leave for which he may then apply will be granted by the military authorities with reference to his status as a military officer.
- (b) In the case of a military officer who is lent to a civil department for a fixed period, and who is desirous of taking leave prior to the termination of that period, leave will be granted, within the period for which his services have been lent to the civil department, with reference to the applicant's status as a civil officer, even though he does not return to his civil appointment on the expiry of his leave.
- (c) In the case of a military officer lent to a civil department for a fixed period, who applies before the expiry of the term of his civil employment for leave which will extend beyond the period of such term, the whole period of leave will be granted by the civil authorities, after consultation with the military authorities, the portion antecedent to the expiry of the term of civil employ being granted with reference to the officer's status as a temporary civil officer and the balance with reference to his status as a military officer. In such cases the officer's service under the civil department will be held to terminate not at the commencement of his leave, but on the completion of the period for which his services were originally lent to the civil department.

ORDER.—Ordered that a copy of this Resolution be forwarded to the local Governments and Administrations for information; that a copy be forwarded to the Departments of the Government of India (except the Legislative Department) for information and further necessary action; and that the Resolution be published in the Supplement to the *Gazette of India*.

PART I.

Government of India Notifications, Appointments, Promotions, etc.

HOME DEPARTMENT.

NOTIFICATIONS.

ESTABLISHMENTS.

Calcutta, the 1st February 1907.

No. 153.—The services of Mr. B. Robertson, C.I.E., of the Indian Civil Service, are placed at the disposal of the Department of Commerce and Industry, with effect from the date on which he returns to duty in India.

SANITARY—PLAGUE.

The 1st February 1907.

No. 143.—Whereas the Governor General in Council is satisfied that there is a danger of an outbreak of dangerous epidemic disease at Kálahasti in the North Arcot district of the Madras Presidency, if persons from the Mysore and Hyderabad States are permitted to assemble at that place on the occasion of the ensuing Brahmotsavam or Mahasivaratri Festival:

In exercise of the power conferred by section 2, sub-section (1), of the Epidemic Diseases Act, 1897 (III of 1897), the Governor General in Council is pleased to direct that no tickets to travel by railway to the stations of Chendragiri, Tirupati West, Tirupati East, Rénigunta, Yerpedú, Kálahasti, Yellakarú, Venkatagiri, Vendon, Kondagunta and Gudur on the South Indian Railway and to the stations of Peddapadu, Mámándurú, Rénigunta, Pédi, Tadukú, Puttúr, Vepagunta and Nagari on the Madras Railway shall be sold from the 6th to the 11th February 1907 (both days inclusive) and from the 1st to the 18th March 1907 (both days inclusive) within the Mysore and Hyderabad States to any person intending or believed to be intending to proceed to the Brahmotsavam or Mahasivaratri Festival at Kálahasti.

JAILS.

The 1st February 1907.

No. 19.—The services of Captain H. M. H. Melhuish, I.M.S., are replaced at the disposal of His Excellency the Commander-in-Chief.

ECCLESIASTICAL.

The 30th January 1907.

No. 38.—The Reverend J. G. S. Syme, a junior chaplain on the Bengal (Lahore) ecclesiastical establishment, is promoted to be a senior chaplain, with effect from the 25th January 1907.

No. 40.—The Reverend F. C. Buckwell, a chaplain on probation, is appointed to be a junior chaplain on the Bengal (Lahore) ecclesiastical establishment, with effect from the 11th January 1907.

The 31st January 1907.

No. 42.—The Reverend J. King, a chaplain on probation, is appointed to be a junior chaplain on the Bengal (Lahore) ecclesiastical establishment, with effect from the 20th December 1906.

H. H. RISLEY,

Secretary to the Government of India.

DEPARTMENT OF REVENUE AND AGRICULTURE.

NOTIFICATIONS.

FOREIGN DEPARTMENT.

NOTIFICATIONS.

Fort William, the 30th January 1907.

No. 246-G.—Mr. E. H. Kealy, a Political Assistant of the 1st class on probation, is confirmed in that appointment, with effect from the 19th January 1907.

No. 250-G.—Mr. E. H. Kealy, a Political Assistant of the 1st class, is granted privilege leave for six weeks, with effect from the 28th January 1907, or the subsequent date on which he avails himself of the leave.

No. 253-G.—Captain R. F. Standage, Indian Medical Service (Bombay), an Agency Surgeon of the 2nd class, and lately Residency Surgeon in Mysore, is granted privilege leave for three months, with effect from the date on which he availed himself of the leave.

The 31st January 1907.

No. 327-E.C.—In exercise of the power conferred by section 650-A of the Code of Civil Procedure (Act XIV of 1882), the Governor-General in Council is pleased to declare the provisions of the said section to apply to the undermentioned Civil or Revenue Courts situate beyond the limits of British India which have not been established or continued by the authority of the Governor-General in Council :—

1. The Amini Goshwara Kacheri of Hanumannagar.
2. " " " " Birganj.
3. " " " " Taulihwa.
4. " " " " Nepalganj.

The 1st February 1907.

No. 368-E.B.—In exercise of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor-General in Council is pleased to make the following orders :—

PART I.

1. The provisions, so far as they can be made applicable in the circumstances for the time being, and as amended for the time being by subsequent enactments, of the enactments specified in the First Schedule to this part, are hereby applied to the Aden Protectorate, subject, in the case of the Code of Criminal Procedure, 1898 (Act V of 1898), to the modifications specified in the Second Schedule to this Part.

2. For the purpose of facilitating the applications of the said enactments to the Aden Protectorate, any Court for the Aden Protectorate may construe any provision in any such enactment with such alterations not affecting the substance as may be necessary or proper to adapt it to the matter before the Court.

3. No legal practitioner shall be permitted to appear in any case before any Court without the express authority in writing of the Political Resident.

THE FIRST SCHEDULE.

Enactments applied.		Subject.
Number and year.		
Act XI.V of 1860	.	Penal Code.
Act V of 1898	.	Criminal Procedure.
Regulation IV of 1901	.	Frontier Murderous Outrages.

THE SECOND SCHEDULE.

Modifications in the Code of Criminal Procedure, 1898 (Act V of 1898).

(f) *In the Code of Criminal Procedure, 1898—*

- (a) The Court of Session may take cognisance of any offence as a Court of original jurisdiction without the accused person being committed to it by a Magistrate and shall, when so taking cognisance of any offence, follow the procedure prescribed by the Code of Criminal Procedure, 1898, for the trial of warrant-cases by Magistrates.
- (b) Save as hereinafter provided, no appeal shall lie from any order of any Sessions Judge.
- (c) Trials before the Court of Session may, in the discretion of the Sessions Judge, be without jury or the aid of assessors.
- (d) In cases under Regulation IV of 1901 no sentence of death passed by an Assistant Resident shall be carried out unless and until it is confirmed by the Political Resident.
- (e) In cases under other Acts, no sentence of death passed by any Court shall be carried out unless and until it is confirmed by the Governor of Bombay.
- (f) All sentences of imprisonment passed by an Assistant Resident for a term exceeding one year shall be submitted for confirmation to the Political Resident.
- (g) In any case in which an Assistant Resident passes a sentence of imprisonment for a term exceeding six months, an appeal shall lie to the Political Resident.

PART II.

For the purposes of the exercise of criminal jurisdiction as regards the Aden Protectorate—

1. The Political Resident and, with the sanction of the Political Resident in writing, the Assistant Resident for the time being at Aden shall exercise the powers of District

Magistrates and Sessions Judges as described in the Code of Criminal Procedure, 1898 and of Deputy Commissioners or Sessions Judges under the Frontier Murderous Outrages Regulation, 1901, as applied by this Notification.

2. If in any case in which the complainant (if any) and the accused person or all the accused persons are not British subjects, the Court deems it expedient for political reasons to decline to exercise the powers so conferred on it, it shall be in the discretion of the Court to do so.

3. The Political Resident and Assistant Residents for the time being at Aden are hereby appointed to be Justices of the Peace within the Aden Protectorate.

4. The High Court of Judicature at Bombay shall be the Court to which European British subjects charged with an offence punishable with death, and persons charged jointly in such cases with European British subjects, shall be committed for trial.

5. If any European British subject shall be charged in Aden with any offence (other than an offence punishable with death) which a Justice of the Peace shall not be competent to punish, and there shall be sufficient grounds for committing him for trial, such European British subject shall be committed to the Court of the Resident, and shall be tried by the Resident.

No. 276-G.—Captain W. Lethbridge, Indian Medical Service (Madras), an Agency Surgeon of the 2nd class, is granted privilege leave for three months, with effect from the 5th December 1906, combined with furlough for eleven months and twelve days, under Articles 233 and 308 (b) of the Civil Service Regulations.

No. 277-G.—Captain N. E. H. Scott, Indian Medical Service, is appointed to officiate as an Agency Surgeon of the 2nd class, and is posted as Agency Surgeon at Maskat, with effect from the 5th December 1906.

No. 281-G.—Captain T. H. Keyes, a Political Assistant of the 3rd class, is granted privilege leave for three months, with effect from the 4th December 1906.

No. 283-G.—Captain J. W. Watson, Indian Medical Service (Bombay), Medical Officer, His Britannic Majesty's Consulate at Turbat-i-Haidari, is appointed to hold charge of the current duties of the office of His Britannic Majesty's Consul at Turbat-i-Haidari, in addition to his own duties, with effect from the 4th December 1906 and until further orders.

No. 428-I.B.—In exercise of the powers conferred by section 22 of the Indian Petroleum Act, 1899 (VIII of 1899) as applied to the Hyderabad Residency Bazars, the Cantonments of Secunderabad, and Aurangabad, and the railway lands in the territories of His Highness the Nizam of Hyderabad (other than the railway lands in Berar and those referred to in the notifications of the Government of India in the Foreign Department, No. 4564-I., dated the 18th November 1891, and No. 3244-I.B., dated the 26th August 1897) the Governor-General in Council is pleased to apply to Carbide of Calcium the provisions of sections 8 to 15, 17, 18, 23, and 24 of the said Act, and to prescribe that, for the quantity of petroleum mentioned in section 11 of the same Act, such quantity or quantities of Carbide of Calcium shall be substituted as may be prescribed by the rules for the time being in force relating to the possession and transport of Carbide of Calcium.

Letter from the Government of Bombay, Public Works Department, Railway Branch, No. 3660, dated the 22nd December 1906.

RESOLUTION.—The Agent of the Great Indian Peninsula Railway Company has recommended the adoption on the Great Indian Peninsula Railway of the revised General

Rules of 1906 for working open lines of railway in British India which were promulgated under Railway Board's Circular No. R. T. $\frac{89A}{5}$, dated the 8th September 1906, and published under their Notification No. 183, dated the 8th September 1906, and also of the addendum to Rule 86, Chapter III, Part I, of the said General Rules promulgated under Railway Board's Circular No. R. T. $\frac{163B}{2}$, dated the 26th September 1906, and published under their Notification No. 205, dated the 5th October 1906.

2. In exercise of the powers conferred by the notification of the Government of India in the Department of Commerce and Industry, No. 801, dated the 24th March 1905, read in the preamble above, the Railway Board sanction, under section 47, sub-section (4), of the Indian Railways Act, 1890 (IX of 1890), the adoption of the General Rules of 1906 for working open lines of railway, and of the addendum thereto cited in paragraph 1 above, on such portions of the Great Indian Peninsula railway system as are situate in British territory.

ORDER — Ordered that this Resolution be published under a Notification in Part I of the *Gazette of India* as required by section 47, sub-section (3) of the Indian Railways Act, 1890 (IX of 1890), also that the General Rules including the addendum cited in paragraph 1 which have already been published in the *Gazette of India*, be kept at railway stations as directed by sub-section (6) of the same section and that this Resolution be communicated to the Government of Bombay for information.

R. C. F. VOLKERS,
Secretary, Railway Board.

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, FEBRUARY 2, 1907.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India Home Department, of August 1901:—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

- No. 55 of 1907.—Thomas Noble, well borer, of "Thornloe," St. Annes on the Sea, in the county of Lancaster, in the kingdom of England. *Improvements in sinking wells, boring drains and the like and in apparatus therefor.*
- No. 56 of 1907.—James Thompson Marshall, engineer, of Marshall's Valve Gear Company, Limited, Boyne Engine Works, Leeds, in the county of York, England. *Improvements in valve gear for fluid pressure engines.*
- No. 57 of 1907.—Robert Beresford, cycle maker, of 24 Merrial street, Newcastle-under-Lyme, in the county of Stafford, England. *Improvements in wheel rims for inflated tyres.*
- No. 58 of 1907.—Hugo Zeitschner, Director, of Munchen-Gladbach, Rheydterstrasse, 274, Germany. *An improved process of bleaching textile fibres, yarns and fabrics.*
- No. 59 of 1907.—George Mackaness, machinist, of St. Georges Crescent, Drummoyne Sydney, in the state of New South Wales, commonwealth of Australia, and John Barnes, commercial traveller, of Raglan street, Mosman, Sydney aforesaid. *Improvements in and relating to screw propellers.*
- No. 60 of 1907.—Honourable Arthur Jex Davey, gentleman, of 68 Victoria street, Westminster, London, England. *Improvements in or relating to military equipments and the like.*

No. 61 of 1907.—Frederick William Watts, Traffic Inspector, His Highness The Nizam's Guaranteed State Railway Company, Limited, Secunderabad (Deccan). *Marking consignments of rail or sea-borne goods in one operation.*

No. 401 P.—THE undermentioned designs have been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma. These and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 2D. of 1907.—M. S. Das, vakil, Cuttack. *A tantalus or spirit stand of a snake design.*

No. 3D. of 1907.—Manual Alexander, magician, of 22 Giree Babu's lane, Bowbazar Post Office, Calcutta. *A stand for use in conjuring with coins.*

No. 402 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying :—

No. 365 of 1906.—Frederick Shirliff, engineer, of Messrs. Burn and Co., Howrah *Improvements in fasteners for doors, lids or covers.* (Specification filed 3 January 1907.)

No. 550 of 1906.—Edward Leslie Jackson, of No. 6 Waterloo street, in the town of Calcutta. *A device applicable to self closing taps and valves to prevent the waste of water.* (Specification filed 15 January 1907.)

No. 403 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each :—

No. 285 of 1895.—Edward Lennon Cantwell. *Improved single seated portable latrines.* (From 7 December 1906 to 7 December 1907.)

No. 423 of 1896.—Frederic Fowler Farlow. *An improved automatic low water alarm apparatus.* (From 5 February 1907 to 5 February 1908.)

No. 265 of 1897.—Christian Wilhelm Luther. *Improved manufacture of waterproof glue.* (From 7 February 1907 to 7 February 1908.)

No. 240 of 1900.—George Jones Atkins. *Improvements in or connected with the manufacture of gases and other products.* (From 22 January 1907 to 22 January 1908.)

No. 449 of 1900.—Donald Cameron, Frederick James Commin and Arthur John Martin. *Improvements in the treatment of sewage.* (From 22 January 1907 to 22 January 1908.)

No. 258 of 1901.—Thomas Adam Clayton. *Improvements in mechanism for fumigating and extinguishing fires in closed compartments with gas* (From 22 January 1907 to 22 January 1908.)

No. 383 of 1901.—R. G. Jones. *Starting races.* (From 11 March 1907 to 11 March 1908.)

No. 384 of 1901.—R. G. Jones. *A light training saddle.* (From 11 March 1907 to 11 March 1908.)

No. 246 of 1902.—H. A. L. Hepper. *A special double lock for the purpose of key locking traps and crossover roads.* (From 21 January 1907 to 21 January 1908.)

No. 431 of 1902.—George Clark Warr and William Thomas Wright. *Improved method of manufacturing edible vegetable fat.* (From 18 February 1907 to 18 February 1908.)

No. 404 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the

Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorizing others so to do has ceased:—

No. 227 of 1901.—The Cotton Seed Company, Limited. *Improvements in or relating to drying apparatus for cotton and other materials.* (Specification filed 9 January 1902.)

No. 472 of 1901.—William Charles Lumsden. *Fastening and securing butt joints of railway and other rails by means of a specially designed locking screw nut and safety key for manipulating same.* (Specification filed 22 October 1902.)

No. 30 of 1902.—Harry Tom Smith and Arthur James Tarrant. *Improved station indicator.* (Specification filed 25 October 1902.)

No. 36 of 1902.—Byron E. Eldred. *Improvements relating to the control of the temperature, volume and duration of flame of combustion chiefly applicable to the calcining of lime and the like.* (Specification filed 21 October 1902.)

No. 116 of 1902.—Ralph Hugh Page. *Antiseptic compound and method of producing the same.* (Specification filed 23 October 1902.)

No. 126 of 1902.—Douglas Stuart Spens Stuart. *Improvements in machines for pulverizing, crushing and grinding.* (Specification filed 25 October 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof —

The sum of Rs50 for each of the above inventions.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable *at Calcutta* to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1s. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,
Secretary under the Inventions
and Designs Act, V of 1888.

Simla, the 28th January 1907.

The undermentioned officer of the Army Remount Department is granted combined leave out of India, under the leave rules of 1886 for the Indian Army, the specified period to count from the date of being struck off duty:—

Major C. H. H. Gough, Superintendent, Hapur Remount Depot, Babugarh, for 8 months. The first 60 days being privilege leave and the remaining period leave on private affairs. Pension Service 22nd year commenced on the 29th August 1906.

H. GOAD, Colonel,
Director-General, Army Remount Department.

THE HONOURABLE THE CHIEF COMMISSIONER IN BALUCHISTAN.**NOTIFICATION.**

Quetta, the 22nd January 1907.

No. 429.—In continuation of his Notification No. 497-C., dated 21st August 1896, and in exercise of the powers conferred by section 5 of the Scheduled Districts Act, 1874 (XIV

of 1874) and with the previous sanction of the Governor General in Council, the Chief Commissioner of British Baluchistan is pleased to extend sections 1 to 4 of the Excise Amendment Act, 1906 (VII of 1906) to British Baluchistan.

No. 431.—In exercise of the powers conferred on him by section 18, sub-section (a), clause (a) of the Excise Act, 1896 (XII of 1896) as amended by the Excise (Amendment) Act of 1906 (VII of 1906) as extended to British Baluchistan and with reference to Notification No. 429-A., dated the 22nd January 1907, by which cocaine is declared to be an intoxicating drug for the purpose of the said Act, the Honourable the Chief Commissioner is pleased to declare that the provisions of that section prohibiting the possession of cocaine shall not apply:—

(i) to cocaine possessed in accordance with the conditions of his license by a person who is authorised by a license granted under the provisions of the said Act to sell cocaine; or

(ii) to cocaine which has been purchased from a duly authorised vendor, for medical purposes, on the prescription of a person who practices medicine according to European methods, provided that, in the latter case, the cocaine is in the possession of the person for whom it was prescribed or of a person authorised to purchase or possess it on his behalf; or

(iii) to cocaine, up to the limit of one ounce, required for the exercise of his profession in the possession of a person who has been registered under a European or American Medical Act, or who has received a medical diploma from an Indian University or College, and who practises medicine according to European methods; or

(iv) to cocaine possessed until the 1st of April 1907, by persons who were in possession prior to the date of this notification and who have been in the habit of dealing in cocaine; or

(v) to cocaine up to the limit of one ounce, required for the exercise of his profession, in the possession of a person who has received a European or American degree in dental surgery and who practises dental surgery in the European method; or

(vi) to cocaine which has come into the possession of a Government officer as such in the course of his official duties.

By order,

A. L. JACOB, Captain,
Secretary to the Chief Commissioner in Baluchistan.

THE HONOURABLE THE CHIEF COMMISSIONER IN BRITISH BALUCHISTAN.

NOTIFICATION.

Quetta, the 22nd January 1907.

No. 429-A.—In exercise of the powers vested in him by section 3, sub-section (1), clause (j) of the Excise Act, 1896 (XII of 1896) as amended by the Excise (Amendment) Act of 1906 (VII of 1906) as extended to British Baluchistan, the Honourable the Chief Commissioner of British Baluchistan is pleased to declare that cocaine and every preparation and admixture of cocaine are hereby included in the definition of "Intoxicating drugs" in that section contained.

By order,

A. L. JACOB, Captain,
Secretary to the Chief Commissioner in Baluchistan.

THE HONOURABLE THE AGENT TO THE GOVERNOR GENERAL IN BALUCHISTAN.

NOTIFICATION.

Quetta, the 22nd January 1907.

No. 430.—In exercise of the powers vested in him by section 3, sub-section (1), clause (j) of the Excise Act, 1896 (XII of 1896), as amended by the Excise (Amendment) Act, 1906 (VII of 1906), as applied to the territories administered by the Honourable the Agent to the

Governor-General in Baluchistan as such Agent, the Honourable the Agent to the Governor-General in Baluchistan is pleased to declare that cocaine and every preparation and admixture of cocaine are hereby included in the definition of "Intoxicating drugs" in that section contained.

No. 432.—In exercise of the powers conferred on him by section 18, sub-section (2), clause (a) of the Excise Act, 1896 (XII of 1896), as amended by the Excise (Amendment) Act of 1906 (VII of 1906) as applied to the territories administered by the Honourable the Agent to the Governor-General in Baluchistan as such Agent and with reference to Notification No. 430, dated the 22nd January 1907, by which cocaine is declared to be an intoxicating drug for purposes of the said Act, the Honourable the Agent to the Governor-General is pleased to declare that the provisions of that section prohibiting the possession of cocaine shall not apply.

(i) to cocaine possessed in accordance with the conditions of his license by a person who is authorised by a license granted under the provisions of the said Act to sell cocaine ; or

(ii) to cocaine which has been purchased from a duly authorised vendor, for medical purposes, on the prescription of a person who practises medicine according to European methods, provided that in the latter case the cocaine is in the possession of the person for whom it was prescribed or of a person authorised to purchase or possess it on his behalf ; or

(iii) to cocaine, up to the limit of one ounce, required for the exercise of his profession in the possession of a person who has been registered under a European or American Medical Act, or who has received a medical diploma from an Indian University or College, and who practises medicine according to European methods ; or

(iv) to cocaine possessed until the 1st April 1907 by persons who were in possession prior to the date of this Notification and who have been in the habit of dealing in cocaine ; or

(v) to cocaine up to the limit of one ounce, required for the exercise of his profession, in the possession of a person who has received a European or American degree in dental surgery, and who practises dental surgery in the European method ; or

(vi) to cocaine which has come into the possession of a Government officer as such in the course of his official duties.

By order,

A. L. JACOB, Captain,
First Assistant.

WE, the undersigned, Members of the Select Committee to which the Bill further to

From Messrs. Orr, Dignam & Co., Calcutta, No. 15691, dated 30th November 1906 [Papers No. 1].

From Government, Bengal, No. 4431 F., dated 30th November 1906, and enclosures [Papers No. 2].

From Government, Bombay, No. 4571, dated 1st December 1906, and enclosures [Papers No. 3].

From Government, Madras, No. 742 (Financial), dated 30th November 1906, and enclosures [Papers No. 4].

From Registrar, High Court, Calcutta, No. 3379, dated 3rd December 1906 [Paper No. 5].

amend the Presidency Banks Act, 1876, was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report, with the Bill as amended by us annexed thereto.

2. *Clause 3.*—We have suggested some alterations in the form of the amendments which this clause proposed to make in section 36 of the Act. We have omitted the proviso which sub-clause (i) proposed to add to clause (i) of paragraph (a) of that section and the second part of the proviso which sub-clause (vi) proposed to add to paragraph (d) of the same section, introducing instead in the latter sub-clause a single proviso, by which it is made clear that the total of the assets held by the Bank of Madras either upon the security of Ceylon Government securities or by way of investment in such securities is never to exceed the sum of the deposits held and balances of cash accounts at credit at the Ceylon Branch of that Bank. Further, we have expanded the addition to paragraph (a), clause (6) of the same section proposed by sub-clause (iv), so as to make it cover "the joint and several promissory notes of two or more persons or firms unconnected with each other in general partnership", thus bringing the language of the clause into conformity with that used in section 37, paragraph (e), of the Act.

3. *Clause 4.*—We have altered sub-clause (i) of this clause so as to enable the Bank to make loans for six months in all cases, instead of continuing the limit of three months in the case of loans made on "personal security" as proposed in the Bill as introduced.

The personal securities on which loans and advances may be made are limited by section 36, and we think that loans made on these securities might well run for six months in the same way as other loans. The fixing of a uniform term of six months necessitates certain consequential alterations in clause (b) of the section which we have provided for in a new sub-clause (iii).

4. *Clause 5.*—We have made various changes in the new section 42A which this clause proposed to add to the Act. It has been pointed out that the phrascology of the new section proposed in the Bill as introduced, which was copied from the provisions of section 37 of Act IV of 1862, is somewhat obsolete and hardly suited to modern conditions. The language has therefore been revised and generalized so as to enable the Bank to pay for the business of the other Bank which it may purchase wholly or partly in cash as well as by the allotment of shares in its capital stock, and further to pay such cash or allot such shares either to the other Bank or to its liquidators, or otherwise as may be agreed upon. Further, when the shares are to be allotted and new capital stock has to be raised, we have thought it desirable to subject the directors' power in this behalf, which was unrestricted under the Bill as introduced, to the control of the shareholders by prohibiting the directors from making any increase of capital until such increase has been sanctioned by a special resolution of the shareholders. Lastly, we have limited the application of the proposed section to banking companies registered under the Indian Companies law and carrying on business in India, as these appear to us to be the only class of banks which the Presidency Banks should be empowered to take over.

5. *Clause 6* is new and merely adds certain words to clause (a) of section 63 in order to make it clear that the directors may make byelaws to regulate the amounts in respect of which overdrafts without security may be allowed, as contemplated by the last paragraph of section 37 of the Act as it will stand when amended by clause 4 (iv) of the Bill.

6. The other alterations proposed by us in the Bill are either verbal or not of sufficient importance to call for explanation.

7. The publication ordered by the Council has been made as follows:—

<i>Gazette.</i>	<i>In English.</i>	<i>Date.</i>
Gazette of India		29th September 1906.
Fort Saint George Gazette		5th October 1906.
Bombay Government Gazette		11th October 1906.
Calcutta Gazette		10th October 1906.
Sind Official Gazette		1st November 1906.

8. We think that the Bill has not been so altered as to require re-publication, and we recommend that it be passed as now amended.

E. N. BAKER.

The 29th January 1907.

[The portions printed in italics indicate the alterations proposed by the Select Committee.]

No. II.

A Bill further to amend the Presidency Banks Act, 1876.

WHEREAS it is expedient further to amend the Presidency Banks Act, 1876; It is hereby enacted as follows :—

1. This Act may be called the Presidency Banks (Amendment) Act, 1907.
Short title.
2. In section 10 of the Presidency Banks Act, 1876, the words "to thirty millions of rupees", "to twelve millions of rupees" and "to twenty millions of rupees", and in section 14 of the said Act the proviso, shall be repealed.
Amendment of sections 10 and 14, Act XI, 1876.
3. In section 36 of the said Act the following amendments shall be made,
Amendments of section 36 of same Act. namely :—
 - (i) in *paragraph (a)*, to *clause (1)* the following shall be added, namely :—
"and, in the case of the Bank of Madras, securities of the Government of Ceylon ;
 - (ii) in the same *paragraph*, to *clause (3)* the following shall be added, namely :—
"or such securities issued by State-aided railways as the Governor General in Council may from time to time prescribe";
 - (iii) in the same *paragraph*, in *clause (4)* after the words "any Municipal body" the words "or any District Board" shall be inserted;
 - (iv) in the same *paragraph*, to *clause (6)* the following shall be added, namely :—
"and joint and several promissory notes of two or more persons or firms unconnected with each other in general partnership";
 - (v) after *paragraph (b)* the following shall be inserted, namely :—
"(bb) the advancing and lending money to Courts of Wards upon the security of estates in their charge or under their superintendence and the realization of such advances or loans and any interest due thereon, provided that no such advance or loan shall be made without the previous sanction of the Local Government concerned and that the period for which any such advance or loan is made shall not exceed six months"; and
 - (vi) at the end of *paragraph (d)* the following shall be added, namely :—
"Provided that—
(1) the power of investing in the securities of the Government of Ceylon shall extend only to the Bank of Madras, and

(2) *the total of the assets held at any time by the Bank of Madras either upon the security of, or invested in, securities of the Government of Ceylon in accordance with the authority conferred by paragraph (a), clause (1), or this paragraph, shall not exceed the sum of the deposits held and balances of cash accounts at credit at the Ceylon Branch of the said Bank of Madras."*

4. In section 37 of the said Act the following amendments shall be made,
Amendments of section 37 of same Act. namely :—

- (i) in *clause (a)*, for the words "three months" the words "six months" shall be substituted ;
- (ii) to *clause (c)* the following words shall be prefixed, namely :—
"save in the case of the estates specified in section 36, paragraph (bb);"
- (iii) in *clause (f)*, for the words "three months", each time they occur, the words "six months" shall be substituted, and the proviso shall be omitted ; and
- (iv) in the last paragraph, for the words "from overdraw" the words "to overdraw," and for the words "sums not exceeding at any one time two thousand rupees in the whole," the words "such sums not exceeding at one time ten thousand rupees in the whole as may be prescribed for the time being by the byelaws" shall be substituted.

5. After section 42 of the said Act the following section shall be inserted, namely :—
Addition of new section 42A to same Act.

"42A. (1) With the sanction of the Governor General in Council, the directors may at any time enter into negotiations for and purchase and take over the business, including the capital, assets and liabilities of any banking company carrying on business in India of which the capital is divided into shares, and may pay the consideration for such purchase either in cash or by the allotment of shares in the capital stock of the Bank, or partly in one and partly in the other of these ways, and may, for the purpose of any such allotment of shares, increase the capital stock of the Bank by the issue of such number of shares as may be determined on by them :

Provided that the directors shall not make any increase of the capital stock of the Bank under this section unless the proprietor, and shareholders have passed a special resolution in accordance with the provisions of section 13 sanctioning such increase.

(2) The persons to whom such new shares are allotted shall be proprietors of the Bank, and be in all respects in the same position as if they had respectively subscribed and paid for the shares so allotted to them :

Provided always that the business so purchased shall after the purchase be carried on by the Bank subject to the several restrictions contained in this Act.

Explanation.—For the purposes of this section "banking company" means any company

formed for the purpose of carrying on the business of banking and registered under the Indian Companies Act, 1882, or the law relating to Companies for the time being in force in British India.

6. In section 63 of the said Act, to clause (a) the words "and the extent of the sums to which accounts may be overdrawn without security under the provisions of the last paragraph of section 37" shall be added.

PART VI.

Proceedings of the Council of the Governor General of India, assembled for the purpose of making Laws and Regulations.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

PROCEEDINGS OF THE COUNCIL OF THE GOVERNOR GENERAL OF INDIA,
ASSEMBLED FOR THE PURPOSE OF MAKING LAWS AND REGULATIONS,
UNDER THE PROVISIONS OF THE INDIAN COUNCILS ACTS,
1861 AND 1892 (24 & 25 VICT., CAP. 67,
AND 55 & 56 VICT., CAP. 14).

The Council met at Government House, Calcutta, on Friday, the 1st Februar
1907.

PRESENT:

His Excellency the Earl of Minto, P.C., G.C.M.G., G.M.S.I., G.M.I.E., Viceroy and Governor General of India, *presiding*.

His Excellency General Viscount Kitchener of Khartoum, G.C.B., O.M. G.C.M. G., Commander-in-Chief in India.

The Hon'ble Sir Denzil Ibbetson, K.C.S.I.

The Hon'ble Mr. H. Erle Richards, K.C.

The Hon'ble Mr. E. N. Baker, C.S.I.

The Hon'ble Major-General C. H. Scott, C.B., R.A.

The Hon'ble Sir Harvey Adamson, K.T., C.S.I.

The Hon'ble Mr. J. F. Finlay, C.S.I.

The Hon'ble Mr. Gopal Krishna Gokhale, C.I.E.

The Hon'ble Mr. A. A. Apcar, C.S.I.

The Hon'ble Mr. W. T. Hall, C.S.I.

The Hon'ble Nawab Saiyid Muhammad Sahib Bahadur.

The Hon'ble Munshi Madho Lal.

The Hon'ble Mr. Gangadhar Rao Madhav Chitnavis, C.I.E.

The Hon'ble Sir S. W. Edgerley, K.C.V.O., C.I.E.

The Hon'ble Mr. H. W. W. Reynolds.

The Hon'ble Mr. H. A. Sim, C.I.E.

The Hon'ble Tikka Sahib Ripudaman Singh of Nabha.

The Hon'ble Dr. Rashbehari Ghose, C.I.E., D.L.

NEW MEMBER.

The Hon'ble MR. REYNOLDS took his seat as an Additional Member of Council.

QUESTIONS AND ANSWERS.

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked :—

" Will Government be pleased to state what decision has been arrived at with regard to the Imperial Service Troops as referred to in Lord Curzon's speech at the Daly College, Indore, on the 4th November 1905 ?"

His Excellency THE COMMANDER-IN-CHIEF replied :—

" The offers made by the Chiefs in response to Lord Curzon's appeal were submitted for the consideration of His Majesty's Secretary of State for India, in pursuance of whose instructions each offer is now being considered separately in consultation with the Chief concerned."

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked :—

" With reference to the Typhoid Commission recently appointed, will the Government be good enough to state the nature of the enquiries ordered and the class of persons from whom information is sought ?"

His Excellency THE COMMANDER-IN-CHIEF replied :—

" The terms of the orders appointing the Committee specified that it was ' for the purpose of investigating and advising on the incidence of Enteric fever in India and its prophylaxis.'

" Up to the present the questions considered by the Committee have included diagnosis and statistical returns ; infection by water, milk, foods, dust, flies, etc., infection from outside sources, sewage disposal, and from washing of clothes ; sanitary inspection and supervision, anti-typhoid inoculation, and certain technical bacteriological questions.

" Information has been and is being obtained from Medical officers of both services, from General and other officers commanding, from Engineer officers, the Inspecting officers of cantonments and the Anti-typhoid Inoculation Committee in London."

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked :—

" Will Government be pleased to state at what stage the scheme of the Tata Research Institute has reached ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

" A scheme drawn up in accordance with the Charitable Endowments Act for the administration of the Tata Research Institute has recently been submitted to the Government of India by the Solicitors of the Tata family. It has been framed in consultation with Dr. Morris Travers, F.R.S., who has recently been appointed Director of the Institute ; and the Government of India propose to take it into consideration as soon as they receive a further communication from the Mysore Darbar regarding the site of the buildings."

The Hon'ble TIKKA SAHIB RIPUDAMAN SINGH OF NABHA asked :—

" Will Government be pleased to state the results of the enquiries of the ' Plague Research Commission ' appointed some time since ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

"A preliminary report on the investigations of the Plague Research Committee has been published recently under their authority in a special number of the *Journal of Hygiene*. A copy of this is laid upon the table."

The Hon'ble MR. GANGADHAR RAO MADHAV CHITNAVIS asked :—

"Has Government received a memorial from the people of Nagpur and several other districts of the Central Provinces, praying for the extension of the right of election to the Local Bodies in the matter of the appointment of a member for those Provinces to the Imperial Legislative Council of India? What action does Government propose to take in the matter?"

The Hon'ble MR. RICHARDS replied :—

"The memorial referred to by the Hon'ble Member has been received, and will be taken into consideration in due course. Government is not at present in a position to make any statement in regard to it."

The Hon'ble MR. GANGADHAR RAO MADHAV CHITNAVIS asked :—

"Has the attention of Government been drawn to the Resolution of the Second Industrial Conference praying for the early publication of the Report of the Indian Stores Committee? Will Government be pleased to state when it proposes to publish the Report, whether before or after the passing of final orders by Government?"

"Does Government not think it desirable that Reports of Committees of Inquiry should be published before final orders are passed by Government to enable the public to offer suggestions which may also be considered by Government along with the Reports?"

The Hon'ble MR. FINLAY replied :—

"The attention of Government has been drawn to the Resolution of the second Industrial Conference praying for the early publication of the Report of the Indian Stores Committee. Government are not in a position to state when the Report will be published."

"Government are unable to lay down any definite rule in the matter, but will consider each case on its own merits."

The Hon'ble MR. GANGADHAR RAO MADHAV CHITNAVIS asked :—

"Is it a fact that the present scale of pay of the subordinate Postal establishment was fixed over thirty years ago? Have prices and wages increased since then? Is it a fact that salaries have been increased in other Departments on that ground? If so, will Government be pleased to revise the scale of pay of the subordinate Postal establishment, so as to make due allowance for the increased cost of living?"

The Hon'ble MR. FINLAY replied :—

"It is not the case that the present scales of pay of the subordinate Postal establishment were fixed over thirty years ago. As regards the salaries of postmen, village postmen, peons, and packers,—who form the bulk of the subordinate establishment,—the following information gives an abstract of the changes which have been made during recent years, and shows a continuous improvement in the conditions of the service of these officials. In 1897, 11 per cent. of the postmen and village postmen were in receipt of less than Rs. 7 a month, in 1906 practically none. In 1897, 34 per cent. drew less than Rs. 8 a month; in 1906, in spite of the transfer to Imperial from provincial and local funds of a large number of postmen and village postmen on low pay, the percentage has fallen to 19. In 1897, 66 per cent. drew less than Rs. 9 a month; in 1906, 45 per cent. In 1897 only 18 per cent. were drawing Rs. 10 or higher pay; in 1906, 34 per cent. In the case of peons and packers, in 1897 12 per cent. were

drawing less than Rs. 6 a month ; in 1906 practically none. In 1897, 45 per cent. were drawing less than Rs. 7 a month ; in 1906 only 23 per cent.

" Similar information in respect of the remainder of the subordinate establishment is not available, and could not be obtained without an expenditure of time and labour incommensurate with any advantages to be derived from its preparation. In the circumstances, replies to the other questions asked by the Hon'ble Member in connection with this subject do not appear to be necessary."

The Hon'ble MR. GOKHALE asked :—

" Will Government be pleased to lay on the table a Return, showing the annual expenditure on Primary Education for the last five years from (a) Provincial Revenues, (b) Local Funds, (c) Municipal Funds, (d) Fees, and (e) Other sources ?"

The Hon'ble SIR HARVEY ADAMSON replied :—

" The statement asked for by the Hon'ble Member is laid upon the table. *"

The Hon'ble MR. GOKHALE asked :—

" Will Government be pleased to state if commissions have been granted since last March to any more members of the Cadet Corps, and, if so, where these men have been posted and what are their prospects of being entrusted with regimental duties in the Indian Army ?"

His Excellency THE COMMANDER-IN-CHIEF replied :—

" Commissions have recently been granted to four more members of the Imperial Cadet Corps, namely :—

Khan Muhammad Akbar Khan of Hoti.
Malik Muntaz Muhammad Khan of Shahpur.
Banwar Prithi Singh of Kota.
Bala Sahib Daphle of Jath.

" It is proposed to post the three first-named officers to the Frontier Militia, the Division of the Chief of the Staff, and the Supply and Transport Corps, respectively, and Lieutenant Bala Sahib Daphle is being attached to a native infantry regiment for a further period of military instruction.

" The question of these officers being given regimental employment in the Indian Army has not yet arisen."

PRESIDENCY BANKS (AMENDMENT) BILL.

The Hon'ble MR. BAKER presented the Report of the Select Committee on the Bill further to amend the Presidency Banks Act, 1876.

The Council adjourned to Friday, the 15th February 1907.

J. M. MACPHERSON,
*Secretary to the Government of India,
Legislative Department.*

SUPPLEMENT TO The Gazette of India.

No. 5.} CALCUTTA, SATURDAY, FEBRUARY 2, 1907

OFFICIAL PAPERS.

A SUPPLEMENT to the GAZETTE OF INDIA will be published from time to time containing such Official Papers and information as the Government of India may deem to be of interest to the Public, and such as may usefully be made known. The debates of the Legislative Council of His Excellency the Governor General will in future be published in PART VI of the GAZETTE.

Non-Subscribers to the GAZETTE may receive the SUPPLEMENT separately on a payment of five Rupees per annum if delivered in Calcutta, or eight Rupees if sent by Post. The SUPPLEMENT and PART VI of the GAZETTE can also be subscribed for separately on a payment of Rupees six per annum if delivered in Calcutta or Rupees nine if sent by Post.

No Official Orders or Notifications, the Publication of which in the GAZETTE OF INDIA is required by Law, or which it has been customary to publish in the CALCUTTA GAZETTE will be included in the SUPPLEMENT. For such Orders and Notifications the body of the GAZETTE must be looked to.

GOVERNMENT OF INDIA.

DEPARTMENT OF REVENUE AND AGRICULTURE.

Rainfall Summary for the seven days ending at 8 h., on Thursday, the 31st January 1907, based on the Indian Daily Weather Reports of the period.

During the past week snowfall occurred in Kashmir and rain in the Frontier Province and the hills and submontane districts of the Punjab and of the west of the United Provinces. This precipitation was due to two separate disturbances in north west India, the first and more important of which appeared over the western desert on the 24th and remained in practically the same position till it filled up on the 27th. It caused an inflow into north-west India of humid winds from the Arabian Sea, but precipitation occurred only in the Frontier Province and in the hill districts of Upper India—as far east as Muktesar. The barometer fell briskly in Baluchistan on the 27th and 28th, and on the 29th a small but well marked depression was shown over the south-west Punjab, in the central area of which pressure was a quarter of an inch in defect. The depression moved northward and had practically disappeared by the morning of the 31st, after giving snow in Kashmir and light to moderate rain in the Frontier Province and the hills and submontane districts of the Punjab. Pressure was low throughout the week in north-east India, favouring southerly winds at the head of the Bay, and rain occurred in Assam every day, except on the 29th, and on the 27th and 28th rainfall extended into the northern districts of Burma. Dry weather prevailed in other parts of India and Burma. Temperature conditions were abnormal in northern India, where both the maximum and minimum were in marked excess, especially in north-west India. A cold wave, however, made its appearance in Baluchistan on the 30th and extended over north-west India during the next twenty-four hours, bringing about a very rapid fall of temperature which on the 31st was at many stations more than 10° lower than it was the day before.

Burma.—Skies were clear, except in the northern districts, where light rain fell on the 27th and 28th. Maximum temperature was approximately normal and minimum was in excess.

North-east India and Orissa.—Rain fell in Assam on nearly every day of the week and skies were thickly clouded in that region, but were generally clear elsewhere. The rain caused a reduction in day temperature in Assam, but night temperature remained high, and in the remainder of the division temperature both by day and by night was considerably higher than usual.

The United Provinces, Central India and the Central Provinces.—No rain fell, except at Chakrata, Dehra Dun and Muktesar on the 26th, and skies have been clear on most days of the week. Weather was much warmer than usual, but on the 31st a cold wave advancing across north-west India caused a rapid fall in temperature in the western districts of the division.

North-west India.—Two depressions affected the weather in this division and occasioned precipitation in Kashmir, the Frontier Province and the hills and submontane districts of the Punjab, but weather was dry on the 27th and 28th—between the filling up of the first depression and the appearance of the second. Skies were clear, except in the area of rainfall. The abnormal temperature conditions prevailing in northern India were very marked in this division, and up to the 30th, when the cold wave appeared in Baluchistan and Sind, both the maximum and minimum were in very large excess. By the 31st, however, the cold wave had changed the excess into a defect over the whole of north-west India, and at Deesa the minimum recorded the preceding night was 16° below normal.

The Peninsula.—With the exception of light cloud in the south skies were clear throughout the week. Nights were cooler than usual in Madras.

The rainfall of the period, from the 30th November to the 31st January, was normal or in excess in the interior of Burma, in the Brahmaputra Valley, the sub-division of Narayanganj and nearly the whole of the Peninsula, and normal in the North-west Dry Area and the sub-divisions of Simla and Ludhiana. In other parts of the Indian region it was in defect.

The following summarises the chief rainfall amounts of the week, as reported at 8h., each day :

- January 25th, Cherra Poonjee 1·10", Murree 1·97", Sonemarg 2·34" and Peshawar 0·82".
- " 26th, Dehra Dun 0·71", Simla 0·84", Sonemarg 4·24" and Minimarg 1·17".
- " 27th, Bhamo 0·40", Silchar 0·79" and Gauhati 0·65".
- " 28th, Bhamo 0·58", Silchar 3·90" and Tezpur 1·16".
- " 30th, Murree 1·15", Cherat 1·10" and Rawal Pindi 1·94".
- " 31st, Sibsagar 1·14".

J. PATTERSON,
for Director General of Observatories.

E. D. MACLAGAN,
Offg. Secretary to the Government of India.

SIMLA;
The 31st January 1907.

GOVERNMENT OF INDIA,
DEPARTMENT OF REVENUE AND AGRICULTURE.

Season and Crop Prospects for the week ending Saturday, 26th January 1907.

Burma.—One-and-a-half inches of rain fell in Mergui and moderate rain in Bhamo and Myitkyina. Reaping of wet weather paddy is almost completed and threshing and winnowing are progressing generally. Sowing and transplanting of dry weather paddy are in progress. In Upper Burma districts the standing crops are in good condition except in the Arakan Hill tracts where caterpillars have attacked tobacco plants, in the Pakokku township where insects are attacking peas; and in the Northern Shan States where wheat plants have died for want of rain. The price of paddy has risen considerably in Akyab, Bassein, and Myaungmya and slightly in Prome, Toungoo and Thaton; it has fallen slightly in Pakokku and Mandalay, and considerably in Katha.

Eastern Bengal and Assam.—Moderate rain has fallen in the Surma Valley Districts, Darrang, and Nowgong, and slight rain in the hill districts of Upper Assam and in parts of the Chittagong Division and Mymensingh; elsewhere there was no rain. It is badly wanted in Faridpur, the Chittagong Hill tracts and Malda. Recent rain has benefited tea, mustard and other standing crops in the Surma Valley. Pruning and hoeing of tea are in progress. Harvesting of winter rice and gathering of pulses are nearly finished. Preparation of land for early rice and jute is in progress. Plucking of cotton; pressing of sugarcane; gathering of mustard; and transplantation of summer rice are in progress. The prospects of cotton are unfavourable in the Garo Hills and the Khasi and Jaintia Hills and are fair in Nowgong. The prospects of winter rice and other standing crops are moderate. Prices: common rice:—Manipur 15; Kohima 10; Rangamati 9½; Silchar 9 to 9½; Chittagong and Nowgong 9; Barisal 8½; Dacca, Comilla, Jalpaiguri, Gauhati, Tezpur, and Dibrugarh 8; Mymensingh 7½; Bogra 7½; Dinajpur and Malda 7½; Faridpur 6½ to 7½; Pabna 7½; Noakhali, Sylhet, and Dhubri 7; Tura 6 to 7; Rangpur 6½; and Shillong and Aijal 6 seers per rupee. Prices have risen in six; fallen in five; and have remained stationary in the remaining districts. Three hundred and seventeen persons received gratuitous relief in Sylhet.

Bengal.—Nominal showers are reported from Darjeeling and Muzaffarpur only. Pressing of sugarcane continues. Prospects of spring crops are on the whole fairly satisfactory, but rain is still needed for them in Nadia, Jessore, Gya, Champaran, Darbhanga, Monghyr, and Bhagalpur. The number of persons receiving gratuitous relief is—Muzaffarpur 553 and Darbhanga 17,578. Two test works have been opened in the Bettiah Sub-division in Champaran where the average attendance during the first 6 days up to and including the 22nd instant the latest day for which figures are available is 133; and the number of persons on test works in the Madhubani Sub-division of Darbhanga on the last day available is 2,270. The number on famine relief works in Darbhanga is 63,747. Fodder and water are generally sufficient. The price of common rice has risen in four and fallen in eight districts.

United Provinces.—Light rain fell during the week in five districts. Preparation of fields for sugarcane and sowing of extra crops continue. Harvesting of peas has commenced in parts. Irrigation and weeding are in progress. Agricultural stock is generally in good condition. Fodder is still scarce in Rai Bareilly and dear in Hardoi and Sitapur. Markets are well supplied. Prices are falling in twelve districts.

The weekly report on the scarcity is as follows:—The week was rainless in Gorakhpur. Crops are in good condition generally. Supplies and fodder are sufficient. Agricultural stock is satisfactory and prices continue stationary. The numbers on relief are on works 358, on gratuitous relief 2,220, in poor-houses 363, total 2,941.

Punjab.—Light to moderate rain has fallen in parts of Ambala, Jullundur, Amritsar, Sialkot, Shahpur, Rawalpindi, and Mianwali districts. There are slight fluctuations in the prices of food grains. Wheat is rising in Jullundur, and falling in Rohtak, Amritsar, Rawalpindi, and Lyallpur. Sugarcane pressings continue in Rohtak, Jullundur and Amritsar. Ploughings and sowings of extra spring crops are in progress in Gurgaon, Lahore and Sialkot. The condition and prospects of the standing crops are generally good. Rain is badly wanted for unirrigated crops in Hissar and Rohtak. Hail fell in parts of Sialkot and Shahpur and slightly damaged the crops in the former district. Locusts have also damaged the crops to some extent in parts of Shahpur, Lyallpur and Multan; in parts of Multan turnips have been damaged by a disease called "Hadda." Cattle are in good condition. Fodder is sufficient. There are no complaints regarding the water supply.

North-West Frontier Province.—Rain varying from 11 cents in Bannu to 2 inches in Hazara fell all over the Province except in Dera Ismail Khan where it is needed for the standing crops. The standing crops are generally excellent and unusually forward for this season. Locusts appeared in Dera Ismail Khan and in the Marwat tahsil of Bannu district, in the former slight damage was done to crops. Pressing of sugarcane still continues and the outturn is good. The water supply and fodder are sufficient. Cattle are in good condition except in Dera Ismail Khan. Prices are slightly falling. Prices :—wheat 15½ to 19½; gram 17½ to 23; maize 20 to 30; and bajra 20 to 23½ seers per rupee.

Jammu.—Good rain at several tehsils. Prices are stationary. Prices :—wheat 11 to 26 and maize 12 to 36 seers per rupee. The condition of the standing crops is good. Fodder is sufficient except in the Kishtwar tehsil where it is scarce.

Kashmir.—There was rain on two days during the week. The weather is generally bright. Prices are almost stationary. Spring crops have suffered slightly for want of rain.

Rajputana.—Agricultural operations and prospects are generally satisfactory. Pasturage and fodder are sufficient. Prices are nearly steady throughout, though still high in places.

Central India.—No rain. Autumn harvesting and cotton picking continue. Irrigation of spring crops is in progress. The standing crops and the probable outturn are good. Agricultural stock and pasturage are good except in parts of Indore, Bhopal, Baghelkhand and Bhopawar Agencies. Prices are high in Baghelkhand and Malwa and stationary elsewhere. Irrigation and weeding of opium are in progress.

Central Provinces.—The weather continues clear. Threshing and winnowing of autumn crops and picking of cotton are approaching completion and harvesting of spring crops has commenced in parts of Hoshangabad, Wardha, Nagpur, and Chanda. Pressing of sugarcane continues in Betul. Prospects are generally very favourable and fodder and water are sufficient. Wheat has become slightly cheaper in Jubbulpore and Mandla and rice dearer in Jubbulpore and Chanda; wheat, gram and rice have become dearer by 2 seers per rupee in Chhindwara; juar by 3 seers in Nimar; and rice by 1½ seers in Chanda; elsewhere prices are steady or fluctuate slightly but still exceed the scarcity level in Wardha, Chanda and Bilaspur.

Native States.—Sugarcane pressing and threshing of rice and *kodon* (millet) are still in progress and reaping of linseed has started in Chhuikhadan. The standing crops are in excellent condition in Sarangirh and good elsewhere. Prospects are good and fodder and water suffice everywhere. Prices :—wheat 12 to 18; rice 12 to 16, and *kodon* (millet) 16 to 21 seers per rupee.

Bombay.—Slight damage to the standing crops by insects has occurred in parts of Karachi; by locusts in parts of Karachi and Hyderabad; and by blight in parts of Dharwar; crops are also withering in parts of the Deccan and Bijapur and are generally in good condition elsewhere. Threshing of autumn crops is in progress; cotton picking continues in Hyderabad, Thar and Parkar, Gujarat, Poona, the Karnatak, Kathiawar, Cutch and Rewa Kantha. The supply of drinking water is generally sufficient and water for irrigation purposes is adequate except in parts of Nasik, Poona, and Sholapur. Agricultural stock is sufficient except in Ahmednagar, Sholapur, Bijapur, and Cutch. The fodder supply is sufficient. The quantity of food grains purchaseable per rupee is in the Deccan 10 per cent. above normal to 31 per cent. less than normal and elsewhere normal to 25 per cent. below.

Hyderabad.—No rain. Spring crops are generally in fair to good condition. The harvest has commenced in seven talukas. Late rice sowings continue in parts. The standing crops are fair. Prices :—wheat 7½; coarse rice 7½; and jowar 15½ seers per rupee.

Mysore.—Prices of food grains have slightly fallen in Kolar, Tumkur, and Hassan and are steady elsewhere. The standing crops are in good condition and are being harvested. The prospects of the season are good. Water and fodder are available.

Coorg.—Picking of coffee continues. Reaping of rice is completed and threshing has commenced. Prices of food grains are stationary. Water and fodder are sufficient.

Madras.—No rain. Irrigation supplies are sufficient except in parts of Bellary, Anantapur, South Arcot, North Arcot, Salem, and Madura. Ploughing, sowing, weeding, and transplanting are in progress in parts. The standing crops are generally fair but some

in parts of Madura are withering. Harvests continue with outturn poor to normal and bumper. Pasture is sufficient except in parts of Godavari, Kistna, Bellary, and South Canara. Fodder is scanty in parts of Godavari, Kistna, South Arcot, Salem, Tanjore, and Madura. The condition of cattle is generally good. The price of rice is stationary in nine districts; has fallen in twelve; and has very slightly risen in two. The prices of millets have fluctuated as follows:—*ragi* is stationary in nine districts; has fallen in nine; and has slightly risen in three. *Cholam* is stationary in three districts; has fallen in four; and has slightly risen in seven. *Cumbu* is stationary in three districts; has fallen in six; and has slightly risen in six.

The number of persons in receipt of relief during the preceding and present weeks in each Province is shown in the following table:—

Name of Province.	PRECEDING WEEK. (REVISED FIGURES.)			PRESENT WEEK.			Increase or decrease.

E. D. MACLAGAN,
Offg. Secretary to the Government of India.

No. R. Stat. $\frac{11-2}{28}$.
RAILWAY BOARD.

Calcutta, the 21st January 1907.

Progress in the introduction of, and results of working, the automatic vacuum brake on railways in India during the six months ended the 30th June 1906—
Tables Nos. I and II.

Read again—

- Government of India letter No. 62 R. Stat., dated the 19th October 1891.
- Government of India letter No. 424 R. Stat., dated the 21st October 1896.
- Government of India letter No. 225 R. Stat., dated the 19th June 1903.

ORDER.—Ordered that tables Nos. I and II be forwarded, for information,

The Governments of Madras, Bombay, Bengal, the United Provinces of Agra and Oudh, the Punjab, Burma and Eastern Bengal and Assam.
The Honourable the Chief Commissioner of the Central Provinces.
The Honourable the Resident at Hyderabad.
The Honourable the Resident in Mysore.
The Honourables the Agents to the Governor General for Rajputana, Central India and Baluchistan.
The Honourable the Agent to the Governor General and Chief Commissioner of the North-West Frontier Province.
The Consulting Engineers to the Government of India for Railways, Calcutta and Lucknow.
The Managers, North Western, Oudh and Rohilkhand and Eastern Bengal State railways.

to the Local Governments and Administrations, and to the officers, noted in the margin.

Ordered, also, that this order, with the tables, be published in the Supplement to the *Gazette of India*.

R. C. F. VOLKERS,
Secretary, Railway Board.

Documents accompanying.

Tables Nos. I and II, showing the railways on which the automatic vacuum brake was in use, the number and proportion of rolling stock fitted with the brake, the progress made in fitting stock since the previous half-year, and the results of working the brake during the six months ended the 30th June 1906.

Enclosure to the Railway Board's letter No. R. Stat. $\frac{11-3}{28}$ of 1906.

Progress in the introduction of, and results of working, the automatic vacuum brake on the railways in India during the six months ended the 30th June 1906—Tables Nos. I and II.

TABLE NO. I.

Statement showing, for the six months ended the 30th June 1906, the railways on which the automatic vacuum brake was in use, the mileage run by trains fitted with the brake, the number and proportion of rolling stock fitted, and the progress made in fitting stock since the previous half-year.

Railways (including those worked)	Period.	Locomotives.				Coaching Vehicles (including all brake vans.)				Gross Vehicles (including all brake vans and cranes.)				Number of miles run by trains fitted.	Percentage of mileage run by trains fitted to total mileage.	Total number of instances in which the brake failed to act or caused delay in the working of trains.	Number of miles run by trains fitted to each case of failure.
		Fitted.	Not fitted.	Percentage of fitted on total.	Braked.	Fitted.	Not fitted.	Percentage of braked and piped on total.	Braked.	Fitted.	Not fitted.	Percentage of braked and piped on total.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent ; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required ; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake ; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge. Bengal Nagpur	Vacuum, automatic.	... 10th January 1906. 15th January 1906. 7th May 1906. 2nd June 1906.	(i) and (ii).—Nil. (iii) <i>Failure of machinery</i> .—No. 5 down passenger train lost 30 minutes at Bhubaneswar and worked non-vacuum from Cuttack to Bhadrak, due to some defect in the vacuum gear of the engine. (iii) <i>Neglect of servants</i> .—No. 36 up passenger train worked non-vacuum from Asansol to Chakardharpore owing to a leak in the brake-van, the result of the hose pipe rubber washer not fitting properly. (iii) <i>Failure of machinery</i> .—No. 12 up passenger train lost 11 minutes at Gangajhiri and worked non-vacuum to Nagpur, due to some defect in the vacuum gear of the engine. (iii) <i>Failure of machinery</i> .—No. 11 down passenger train started 18 minutes late from Nagpur, due to some defect in the vacuum connections.	1,065,203
Bombay, Baroda and Central India.	Vacuum, automatic.	... 13th January 1906. 21st January 1906. 26th February 1906. 12th April 1906. 12th April 1906. 13th April 1906.	(i) and (ii).—Nil. (iii) <i>Failure of machinery</i> .—No. 16, down local train was detained 15 minutes at Santa Cruz, owing to the brake blocks on one end of a 3rd class bogie carriage having jammed, the piston being down. (iii) <i>Failure of machinery</i> .—No. 8 up ordinary train lost 40 minutes between Boriavi and Miyagam and 10 minutes at the latter station, owing to the piston of a carriage having stuck. (iii) <i>Neglect of servants</i> .—No. 10 up passenger train lost 6 minutes between Baroda and Broach, owing to one of the washers in the hose coupling not being in place. (iii) <i>Neglect of servants</i> .—An up empty special train started 20 minutes late from Ahmedabad as vacuum could not be maintained, the hose couplings not having been put on properly. (iii) <i>Failure of machinery</i> .—No. 191 down local train arrived 3 minutes late at Church Gate Street and was detained there for 12 minutes, owing to the blocks of two bogie carriages having jammed. (iii) <i>Failure of material</i> .—No. 26 up local train was detained 20 minutes at Kosamba, owing to the brake blocks of a bogie carriage having jammed.	See page 6

TABLE No. II—*contd.*

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—*contd.*

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent ; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required ; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake ; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge— <i>contd.</i> Bombay, Baroda and Central India— <i>concl.</i>	Vacuum, automatic.	21st April 1906.	(iii) <i>Neglect of servants.</i> —No. 20 up passenger train started 18 minutes late from Godhra, owing to leaky piston packing on a composite carriage.	1,029,681
		2nd May 1906	(iii) <i>Failure of machinery.</i> —No. 4 up passenger train was detained 27 minutes at Miyagam, owing to the pistons of three carriages having stuck.	
		9th May 1906	(iii) <i>Failure of machinery.</i> —No. 4 up passenger train was detained 13 minutes at Jakhvada, owing to the blocks of a second class carriage having jammed.	
		21st June 1906	(iii) <i>Failure of material.</i> —No. 8 up ordinary train lost 37 minutes between Ahmedabad and Surat and worked on hand brakes, owing to the train pipe of the engine having worn out.	
Eastern Bengal State.	Vacuum, automatic.	...	(i) and (ii).—Nil.	515,460
		1st April 1906	(iii) <i>Neglect of servants.</i> —No. 33 up passenger train worked non-vacuum from Naihati to Rajbari, due to the vacuum combination ejector disc of the engine leaking.	
East Indian	Vacuum, automatic.	...	(i) and (ii).—Nil.	See page 7.
		5th January 1906.	(iii) <i>Failure of material.</i> —No. 1 up mail train lost 12 minutes between Bheerpur and Karchana and worked non-vacuum from Bheerpur to Allahabad, due to the alarm apparatus pipe of a first and second class composite carriage breaking.	
		26th January 1906.	(iii) <i>Neglect of servants.</i> —No. 8 down passenger train lost 17 minutes at Agra Junction and worked non-vacuum from Agra Fort to Tundla, owing to the hose pipe washer of a carriage being defective.	
		1st February 1906.	(iii) <i>Failure of machinery.</i> —No. 2 down Punjab mail train lost 20 minutes between Cawnpore and Moghal Sarai, owing to the release valve of the application valve on the engine sticking.	
		4th February 1906.	(iii) <i>Failure of machinery.</i> —No. 13 up passenger train lost 17 minutes and worked non-vacuum from Allahabad to Cawnpore, owing to the application valve being defective.	
		12th February 1906.	(iii) <i>Failure of machinery.</i> —No. 7 up train lost 10 minutes between Gya and Paraiya and 7 minutes at Paraiya, due to the ejector flange joint of the engine giving way and blowing badly. The train worked non-vacuum from Paraiya to Moghal Sarai.	
		18th February 1906.	(iii) <i>Neglect of servants.</i> —No. 6 down train lost 18 minutes at Agra and worked non-vacuum from Agra Fort to Tundla, owing to some cause which the train staff was unable to detect.	

TABLE NO. II—*contd.*

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—*contd.*

5' 6" gauge— <i>contd.</i> East Indian— <i>concl'd.</i>	Vacuum, automatic.	24th February 1906.	(ii) <i>Failure of material.</i> —No. 13 up train lost 40 minutes and worked non-vacuum from Howrah to Asansol, owing to the hose pipe between the engine and tender having broken.	3,236,628
		25th February 1906.	(iii) <i>Failure of material.</i> —No. 17 up train lost 9 minutes between Ganaur and Samalkha and worked non-vacuum from Samalkha to Umballa, owing to the breakage of the vacuum pipe on the foot plate.	
		13th March 1906.	(iii) <i>Failure of material.</i> —No. 7 up train lost 25 minutes and worked non-vacuum between Nawadah and Gya, owing to the train pipe of the engine breaking.	
		12th May 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up passenger train lost 47 minutes and worked non-vacuum from Jhajha to Gya, due to defective adjustment of the brake of a carriage.	
		20th May 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up passenger train lost 29 minutes and worked non-vacuum from Jhajha to Gya, due to defective vacuum.	
		25th May 1906.	(iii) <i>Failure of machinery.</i> —No. 4 down Bombay mail train lost 17 minutes at Karchana, 13 minutes at Bheerpur and 10 minutes at Mirzapur, owing to the piston of a Great Indian Peninsula railway 3rd class bogie carriage having jammed.	
		5th June 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up train lost 45 minutes and worked non-vacuum from Jhajha to Gya, due to defective adjustment of the train pipe of a horse box.	
		12th June 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up train lost 30 minutes at Tilaiya and worked non-vacuum from Jhajha to Wazirganj, due to a perished and broken hose pipe being used with a 3rd class carriage.	
		22nd June 1906.	(ii) <i>Neglect of servants.</i> —No. 7 up train lost 51 minutes at Kiul and Sheikhpura and worked non-vacuum to Gya, due to defective vacuum on the engine.	See page 11.
Great Indian Peninsula.	Vacuum, automatic.	...	(i) and (ii)— <i>Nil.</i>	
		1st January 1906.	(ii) <i>Failure of material.</i> —No. 6 up mail train was detained 25 minutes at Delhi Sadr, the driver being unable to maintain vacuum, owing to the release valve of a 3rd class carriage leaking badly.	
		7th January 1906.	(ii) <i>Failure of material.</i> —No. 12 up passenger train started 35 minutes late from Agra Road, the driver being unable to create sufficient vacuum, owing to the piston neck ring and release valve diaphragm of a horse box leaking badly.	
		19th January 1906.	(ii) <i>Failure of material.</i> —No. 6 up mail train was detained 8 minutes at Delhi Sadr, the driver being unable to maintain sufficient vacuum, owing to a leak in the train pipe of a luggage van.	

TABLE NO. II.—*contd.*

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains— contd.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent ; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required ; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake ; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge— <i>contd.</i> Great Indian Peninsula— <i>contd.</i>	Vacuum, automatic	21st January 1906.	(iii) <i>Failure of material.</i> —No. 15 down passenger train was detained 12 minutes at Sholapur and worked non-vacuum to Shahabad, owing to the steam pipe of the engine having burst at the flange.	See page 11.
		1st February 1906.	(iii) <i>Neglect of servants.</i> —No. 5 down mail train was detained 8 minutes at Nandgaon, the driver being unable to create vacuum, owing to a Clayton coupling washer on the flexible pipe of a postal bogie composite being deficient.	
		1st February 1906.	(ii) <i>Failure of machinery.</i> —No. 16 up passenger train was detained 30 minutes at Kem and 10 minutes at Diksal and worked non-vacuum to Lonavla, owing to the large ejector of the engine having got out of order.	
		15th February 1906.	(iii) <i>Failure of material.</i> —No. 5 down mail train lost 5 minutes on the journey, owing to a heavy leak in the front universal coupling flexible pipe of the engine.	
		17th February 1906.	(iii) <i>Failure of material.</i> —No. 12 up passenger train worked non-vacuum from Bina to Bhopal, owing to the universal hose pipe of an officer's carriage being torn.	
		1st March 1906.	(iii) <i>Neglect of servants.</i> —No. 25 down passenger train lost 18 minutes between Bombay and Kalyan, owing to an improper adjustment of the brake blocks of a bogie brake-van and a composite carriage, which caused the blocks to bind on the wheels.	
		3rd March 1906.	(iii) <i>Failure of material.</i> —No. 12 up passenger train started 12 minutes late from Jhansi, owing to a leakage in the piston neck rings of a 3rd class carriage and the defective fitting of the Clayton coupling washer.	
		13th March 1906.	(iii) <i>Failure of material.</i> —No. 84 up local passenger train was detained 10 minutes at Ghat Kopar, due to a leakage caused by the partial separation of the universal hose couplings of two carriages after an application of the brake.	
		15th March 1906.	(iii) <i>Failure of machinery.</i> —No. 85 down local passenger train started 25 minutes late from Bombay and worked non-vacuum to destination, the driver being unable to create vacuum owing to the steam disc valve being off the face.	
		16th March 1906.	(iii) <i>Failure of machinery.</i> —No. 58 up local passenger train lost 12 minutes on the journey and worked non-vacuum throughout, owing to pieces of brass lodging in the combination ejector and preventing the steam disc valve resting on the face.	
		17th March 1906.	(iii) <i>Neglect of servants.</i> —No. 12 up passenger train started 15 minutes late from Jhansi, owing to leakage caused by the flexible hose pipe in the rear not being properly fixed on the dummy plug.	

Enclosure to the Railway Board's letter No. R. Stat. $\frac{11-3}{28}$ of 1906.

Progress in the introduction of, and results of working, the automatic vacuum brake on the railways in India during the six months ended the 30th June 1906—Tables Nos. I and II.

TABLE NO. 1.

Statement showing, for the six months ended the 30th June 1906, the railways on which the automatic vacuum brake was in use, the mileage run by trains fitted with the brake, the number and proportion of rolling stock fitted, and the progress made in fitting stock since the previous half-year.

Railway (including lines worked by it)	Period.	LOCOMOTIVES.				COACHING VEHICLES (including all brake vans.)				GOODS VEHICLES (excluding all brake vans and cranes.)				Number of miles run by trains fitted to each case of failure.	Total number of instances in which the brake failed to act or caused delay in the working of trains.	
		Fitted.	Not fitted.	Percentage of fitted on total.	Coaching Vehicles		Goods Vehicles		Percentage of trucks and piped on total.	Number of miles run by trains fitted.	Percentage of mileage run by trains fitted on total train-mileage.					
					Braked.	Piped.	Not fitted.	Braked.				Piped.	Not fitted.

TABLE NO. II.

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of:— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge. Bengal Nagpur	Vacuum, automatic.	... 10th January 1906. 15th January 1906. 7th May 1906. 2nd June 1906.	(i) and (ii).—Nil. (iii) <i>Failure of machinery</i> .—No. 5 down passenger train lost 30 minutes at Bhubaneswar and worked non-vacuum from Cuttack to Bhadrak, due to some defect in the vacuum gear of the engine. (iii) <i>Neglect of servants</i> .—No. 36 up passenger train worked non-vacuum from Asansol to Chakardharpore owing to a leak in the brake-van, the result of the hose pipe rubber washer not fitting properly. (iii) <i>Failure of machinery</i> .—No. 12 up passenger train lost 11 minutes at Gangajhiri and worked non-vacuum to Nagpur, due to some defect in the vacuum gear of the engine. (iii) <i>Failure of machinery</i> .—No. 11 down passenger train started 18 minutes late from Nagpur, due to some defect in the vacuum connections.	1,065,203
Bombay, Baroda and Central India.	Vacuum, automatic.	... 13th January 1906. 21st January 1906. 26th February 1906. 12th April 1906. 12th April 1906. 13th April 1906.	(i) and (ii).—Nil. (iii) <i>Failure of machinery</i> .—No. 169 down local train was detained 15 minutes at Santa Cruz, owing to the brake blocks on one end of a 3rd class bogie carriage having jammed, the piston being down. (iii) <i>Failure of machinery</i> .—No. 8 up ordinary train lost 40 minutes between Boriavi and Miyagam and 10 minutes at the latter station, owing to the piston of a carriage having stuck. (iii) <i>Neglect of servants</i> .—No. 10 up passenger train lost 6 minutes between Baroda and Broach, owing to one of the washers in the hose coupling not being in place. (iii) <i>Neglect of servants</i> .—An up empty special train started 20 minutes late from Ahmedabad as vacuum could not be maintained, the hose couplings not having been put on properly. (iii) <i>Failure of machinery</i> .—No. 191 down local train arrived 3 minutes late at Church Gate Street and was detained there for 12 minutes, owing to the blocks of two bogie carriages having jammed. (iii) <i>Failure of material</i> .—No. 26 up local train was detained 20 minutes at Kosamba, owing to the brake blocks of a bogie carriage having jammed.	See page 6

		1st April 1906	(iii) <i>Neglect of servants.</i> —No. 33 up passenger train worked non-vacuum from Naihati to Rajbari, due to the vacuum combination ejector disc of the engine leaking	
East Indian . . .	Vacuum, automatic	(i) and (ii).— <i>Nil.</i>	See page 7.
		5th January 1906.	(iii) <i>Failure of material.</i> —No. 1 up mail train lost 12 minutes between Bheerpur and Karchana and worked non-vacuum from Bheerpur to Allahabad, due to the alarm apparatus pipe of a first and second class composite carriage breaking.	
		26th January 1906.	(iii) <i>Neglect of servants.</i> —No. 8 down passenger train lost 17 minutes at Agra Junction and worked non-vacuum from Agra Fort to Tundla, owing to the hose pipe washer of a carriage being defective.	
		1st February 1906.	(iii) <i>Failure of machinery.</i> —No. 2 down Punjab mail train lost 20 minutes between Cawnpore and Moghal Sarai, owing to the release valve of the application valve on the engine sticking.	
		4th February 1906.	(iii) <i>Failure of machinery.</i> —No. 13 up passenger train lost 17 minutes and worked non-vacuum from Allahabad to Cawnpore, owing to the application valve being defective.	
		12th February 1906.	(iii) <i>Failure of machinery.</i> —No. 7 up train lost 10 minutes between Gya and Paraiya and 7 minutes at Paraiya, due to the ejector flange joint of the engine giving way and blowing badly. The train worked non-vacuum from Paraiya to Moghal Sarai.	
		18th February 1906.	(iii) <i>Neglect of servants.</i> —No. 6 down train lost 18 minutes at Agra and worked non-vacuum from Agra Fort to Tundla, owing to some cause which the train staff was unable to detect.	

TABLE NO. II—*contd.*

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—*contd.*

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay, in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge— <i>contd.</i> East Indian— <i>concl.</i>	Vacuum, automatic	24th February 1906.	(iii) <i>Failure of material.</i> —No. 13 up train lost 40 minutes and worked non-vacuum from Howrah to Asansol, owing to the hose pipe between the engine and tender having broken.	3,236,628
		25th February 1906.	(iii) <i>Failure of material.</i> —No. 17 up train lost 9 minutes between Ganaur and Samalkha and worked non-vacuum from Samalkha to Umballa, owing to the breakage of the vacuum pipe on the foot plate.	
		13th March 1906.	(iii) <i>Failure of material.</i> —No. 7 up train lost 25 minutes and worked non-vacuum between Nawadah and Gya, owing to the train pipe of the engine breaking.	
		12th May 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up passenger train lost 47 minutes and worked non-vacuum from Jhajha to Gya, due to defective adjustment of the brake of a carriage.	
		20th May 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up passenger train lost 29 minutes and worked non-vacuum from Jhajha to Gya, due to defective vacuum.	
		25th May 1906.	(iii) <i>Failure of machinery.</i> —No. 4 down Bombay mail train lost 17 minutes at Karchana, 13 minutes at Bheerpur and 10 minutes at Mirzapur, owing to the piston of a Great Indian Peninsula railway 3rd class bogie carriage having jammed.	
		5th June 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up train lost 45 minutes and worked non-vacuum from Jhajha to Gya, due to defective adjustment of the train pipe of a horse box.	
		12th June 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up train lost 30 minutes at Tilaiya and worked non-vacuum from Jhajha to Wazirganj, due to a perished and broken hose pipe being used with a 3rd class carriage.	
		22nd June 1906.	(iii) <i>Neglect of servants.</i> —No. 7 up train lost 51 minutes at Kiul and Sheikhpura and worked non-vacuum to Gya, due to defective vacuum on the engine.	See pag 11.
			(i) and (ii)—Nil.	
Great Indian Peninsula.	Vacuum, automatic	1st January 1906.	(iii) <i>Failure of material.</i> —No. 6 up mail train was detained 25 minutes at Delhi Sadr, the driver being unable to maintain vacuum, owing to the release valve of a 3rd class carriage leaking badly.	
		7th January 1906.	(iii) <i>Failure of material.</i> —No. 12 up passenger train started 35 minutes late from Agra Road, the driver being unable to create sufficient vacuum, owing to the piston neck ring and release valve diaphragm of a horse box leaking badly.	
		19th January 1906.	(iii) <i>Failure of material.</i> —No. 6 up mail train was detained 8 minutes at Delhi Sadr, the driver being unable to maintain sufficient vacuum, owing to a leak in the train pipe of a luggage van.	

TABLE NO. II.—*contd.*

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—*contd.*

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent ; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required ; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake ; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge— <i>contd.</i> Great Indian Peninsula— <i>contd.</i>	Vacuum, automatic	21st January 1906.	(iii) <i>Failure of material.</i> —No. 15 down passenger train was detained 12 minutes at Sholapur and worked non-vacuum to Shahabad, owing to the steam pipe of the engine having burst at the flange.	See page 11.
		1st February 1906.	(iii) <i>Neglect of servants.</i> —No. 5 down mail train was detained 8 minutes at Nandgaon, the driver being unable to create vacuum, owing to a Clayton coupling washer on the flexible pipe of a postal bogie composite being deficient.	
		1st February 1906.	(iii) <i>Failure of machinery.</i> —No. 16 up passenger train was detained 30 minutes at Kem and 10 minutes at Diksal and worked non-vacuum to Lonavla, owing to the large ejector of the engine having got out of order.	
		15th February 1906.	(iii) <i>Failure of material.</i> —No. 5 down mail train lost 5 minutes on the journey, owing to a heavy leak in the front universal coupling flexible pipe of the engine.	
		17th February 1906.	(iii) <i>Failure of material.</i> —No. 12 up passenger train worked non-vacuum from Bina to Bhopal, owing to the universal hose pipe of an officer's carriage being torn.	
		1st March 1906.	(iii) <i>Neglect of servants.</i> —No. 25 down passenger train lost 18 minutes between Bombay and Kalyan, owing to an improper adjustment of the brake blocks of a bogie brake-van and a composite carriage, which caused the blocks to bind on the wheels.	
		3rd March 1906.	(iii) <i>Failure of material.</i> —No. 12 up passenger train started 12 minutes late from Jhansi, owing to a leakage in the piston neck rings of a 3rd class carriage and the defective fitting of the Clayton coupling washer.	
		13th March 1906.	(iii) <i>Failure of material.</i> —No. 84 up local passenger train was detained 10 minutes at Ghat Kopar, due to a leakage caused by the partial separation of the universal hose couplings of two carriages after an application of the brake.	
		15th March 1906.	(iii) <i>Failure of machinery.</i> —No. 85 down local passenger train started 25 minutes late from Bombay and worked non-vacuum to destination, the driver being unable to create vacuum owing to the steam disc valve being off the face.	
		16th March 1906.	(iii) <i>Failure of machinery.</i> —No. 58 up local passenger train lost 12 minutes on the journey and worked non-vacuum throughout, owing to pieces of brass lodging in the combination ejector and preventing the steam disc valve resting on the face.	
		17th March 1906.	(iii) <i>Neglect of servants.</i> —No. 12 up passenger train started 15 minutes late from Jhansi, owing to leakage caused by the flexible hose pipe in the rear not being properly fixed on the dummy plug.	

TABLE No. II—contd.

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—contd.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of:— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
<i>5' 6" gauge—contd.</i> Great Indian Peninsula—contd.	Vacuum, automatic.	21st March 1906.	(iii) <i>Neglect of servants.</i> —No. 14 up passenger train was detained 13 minutes at Gwalior, owing to the universal hose couplings between two carriages having been pulled apart in consequence of a slack screw coupling.	See page 11.
		31st March 1906.	(iii) <i>Failure of material.</i> —No. 5 down mail train was detained 7 minutes at Bhilsa and worked forward non-automatic, owing to a leak in one of the flexible pipes of the dining car.	
		8th April 1906.	(iii) <i>Neglect of servants.</i> —No. 11 down train lost 41 minutes on the journey, owing to the driver having improperly manipulated his fire and dropped in steam thereby failing to maintain a constant vacuum.	
		12th April 1906.	(iii) <i>Inexperience of servants.</i> —No. 14 up passenger train worked non-vacuum, owing to the inexperience of the driver.	
		12th April 1906.	(iii) <i>Neglect of servants.</i> —No. 14 up passenger train lost 30 minutes at Bijrotha, and worked forward non-automatic, owing to the driver tampering with the adjustment of the small ejector cone and not bringing the steam holes well under those of the larger cone.	
		14th April 1906.	(iii) <i>Neglect of servants.</i> —No. 5 down mail train lost 15 minutes at Nasik, owing to the defective adjustment of the adjusting nut of the brake of the engine.	
		14th April 1906.	(iii) <i>Neglect of servants.</i> —No. 11 down passenger train lost 22 minutes at Jhansi, owing to a leakage which the driver was unable to locate, and 20 minutes on the journey through mismanagement of the brake by the driver.	
		17th April 1906.	(iii) <i>Failure of material.</i> —First portion of No. 6 up mail train worked non-vacuum to Bhopal, owing to the passenger communication valve of a North Western railway 1st class carriage being out of order.	
		18th April 1906.	(iii) <i>Neglect of servants.</i> —No. 602 up mail train worked non-automatic from Pokhryan owing to the engine not steaming freely through mismanagement on the part of the driver.	
		20th April 1906.	(iii) <i>Neglect of servants.</i> —No. 81 down local passenger train started 5 minutes late from Bombay, due to the flexible hose pipe of the rear brake-van being off the seating of the dummy plug.	
		23rd April 1906.	(iii) <i>Failure of material.</i> —No. 11 down passenger train lost 43 minutes and worked non-automatic owing to the engine not steaming sufficiently in consequence of the blast pipe and blower joints giving.	

TABLE NO. II—*contd.*

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—*contd.*

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of:— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge—<i>contd.</i>				
Great Indian Peninsula—<i>contd.</i>	Vacuum, automatic.	27th April 1906.	(iii) <i>Failure of material.</i> —No. 1 down mail train lost 12 minutes between Kalyan and Kasara, due to a leak in the train pipes.	See page 11.
		29th April 1906.	(iii) <i>Failure of machinery.</i> —No. 81 down local passenger train lost 20 minutes at Sion, due to the blocks of an Indian Midland railway 3rd class carriage having jammed on the tyres through the brake shaft seizing in the bracket.	
		3rd May 1906.	(iii) <i>Failure of material.</i> —No. 12 up passenger train lost 5 minutes at Dabra, due to a leak in the neck rings of a saloon carriage.	
		12th May 1906.	(iii) <i>Neglect of servants.</i> —No. 121 down local passenger train from Bombay to Kurla started 5 minutes late creating vacuum.	
		12th May 1906.	(iii) <i>Failure of machinery.</i> —No. 6 up mail train lost 10 minutes at Bhilsa, due to leakage caused by the rear brake-van valve sticking up after the vacuum had been destroyed.	
		21st May 1906.	(iii) <i>Failure of machinery.</i> —No. 49 down local passenger train from Bombay to Kalyan started 20 minutes late, owing to the packing nut on the spindle of the large ejector having slackened back and prevented the radial lever bearing correctly on the face.	
		22nd May 1906.	(iii) <i>Neglect of servants.</i> —No. 18 up train was detained 15 minutes at Karjat, due to a leak caused by the rear flexible hose pipe not being properly set on the dummy plug.	
		27th May 1906.	(iii) <i>Neglect of servants.</i> —No. 52 up local train was detained 11 minutes at Parsik, owing to the brake blocks of a carriage binding through bad adjustment.	
		27th May 1906.	(iii) <i>Failure of material.</i> —No. 351 down passenger train worked non-vacuum from Pulgaon to Nagpur, due to heavy leakages caused by the lugs of the cylinders of the engine breaking off.	
		29th May 1906.	(iii) <i>Failure of material.</i> —No. 18 up train lost 13 minutes and worked non-vacuum from mile 365 to Gulbarga, owing to the pipe of the passenger communication valve of an East Indian railway bogie carriage having broken.	
		6th June 1906.	(iii) <i>Neglect of servants.</i> —No. 17 down train from Bombay to Karjat started 42 minutes late, due to a leak caused by the passenger communication cock of a Bombay, Baroda and Central India railway saloon carriage being left open. It subsequently lost 10 minutes on the journey to Kurla, owing to a leak in the pipes of the saloon and consequent difficulty in creating vacuum after each stoppage.	

TABLE No. II—contd.

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—contd.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of:— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge—contd.				
Great Indian Peninsula—concl'd.	Vacuum, automatic	8th June 1906.	(iii) <i>Failure of material</i> .—No. 4 up mail train was detained 5 minutes at Matunga signal, owing to the flexible hose pipe of the rear brake-van coming off the seating on the application of the brake.	3,048,722
		17th June 1906.	(iii) <i>Neglect of servants</i> .—No. 1 down mail train was detained 15 minutes at mile 86, due to the piston of a bogie carriage having stuck up through an excessive vacuum having been created on the ghats and not properly leaked off at Igatpuri.	
		21st June 1906.	(iii) <i>Neglect of servants</i> .—No. 5 down mail train was stopped 10 minutes as the driver was unable to maintain vacuum, owing to the Clayton washer of a 1st class carriage being defective.	
		23rd June 1906.	(iii) <i>Failure of material</i> .—No. 14 up train from Jhansi to Bina lost 34 minutes on the journey, due to a leak in the pipe of a carriage.	
Madras . . .	Vacuum, automatic	...	(i).—Nil.	648,914
		12th April 1906.	(ii) <i>Inexperience of servants</i> .—The brake on No. 31 passenger train failed to act, owing to some unknown cause, when bringing the train to a stand at Perambur. The train worked non-vacuum to destination. No detention.	
		6th April 1906.	(iii) <i>Inexperience of servants</i> .—No. 87 down mail train was detained 5 minutes at Podanur, owing to the brake gear in two brake-vans being defective.	
North Western State	Vacuum, automatic	...	(i) and (ii).—Nil.	See page 12
		10th March 1906.	(iii) <i>Failure of material</i> .—No. 43 up passenger train was detained 12 minutes at Pano Akil, owing to the van valve of a brake-van being defective.	
		20th March 1906.	(iii) <i>Failure of material</i> .—No. 46 down passenger train was detained 5 minutes at Rahim Yarkhan, owing to the universal hose pipe of a carriage truck leaking.	
		12th April 1906.	(iii) <i>Neglect of servants</i> .—No. 45 up passenger train was detained 10 minutes at Kotri, owing to the piston rod packing rings admitting air.	
		19th May 1906.	(iii) <i>Neglect of servants</i> .—No. 7 up mail train lost 3 minutes between Sukkur and Ghotki, owing to the hose pipe washer of the front brake van being deficient.	
		19th May 1906.	(iii) <i>Neglect of servants</i> .—No. 7 up mail train was detained 9 minutes at Jacobabad, due to a defective hose pipe washer on a third class carriage.	
		27th May 1906.	(iii) <i>Neglect of servants</i> .—No. 8 down mail train lost 27 minutes at Khanpur, due to waste having got into the chamber hose pipe of the engine between the ball valve and seating.	

TABLE No. II—contd.

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—contd.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent ; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required ; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
5' 6" gauge—concl'd. North Western State—concl'd.	Vacuum, automatic.	28th May 1906.	(iii) <i>Neglect of servants.</i> —No. 2 down mail train was detained 20 minutes outside Kolpur, owing to the intermediate hose pipe between the engine and tender being badly cut by something coming in contact with it.	2,932,375
		3rd June 1906.	(iii) <i>Neglect of servants.</i> —No. 5 up passenger train lost 12 minutes at Sura Nussli, owing to the hose pipe washers of two carriages being defective.	
		18th June 1906.	(iii) <i>Failure of material.</i> —No. 8 down mail train was detained 38 minutes at Hyderabad, owing to the piston rod packing ring of a third class carriage drawing air and the rolling ring being twisted.	
Oudh and Rohilkhand State.	Vacuum, automatic.	...	(i) and (ii).—Nil.	1,140,021
		17th May 1906.	(iii) <i>Failure of material.</i> —No. 44 down passenger train on the Aligarh branch was detained 10 minutes at mile $3\frac{1}{2}$ and worked non-vacuum to Bareilly, owing to the small ejector cone of the engine being defective.	
3' 3 $\frac{1}{2}$ " gauge. Bengal and North-Western.	Vacuum, automatic.	...	(i) and (ii).—Nil.	234,895
		8th January 1906.	(iii) <i>Failure of material.</i> —No. 2 down passenger train was detained 15 minutes at Basti to release brake, due to the universal hose pipe having burst.	
		10th January 1906.	(iii) <i>Failure of material.</i> —No. 4 down passenger train was detained 6 minutes at Bhatapokhar and 20 minutes at Savan, due to a heavy leak in the train pipe.	
		29th January 1906.	(iii) <i>Failure of material.</i> —No. 1 up passenger train lost 8 minutes between Bachhwara and Bazeedpur, due to a leak in the train pipe.	
		25th February 1906.	(iii) <i>Failure of material.</i> —No. 2 down passenger train was detained 12 minutes at Sonopore, due to a leak in the release valve diaphragm of the rear brake-van.	
		24th March 1906.	(iii) <i>Failure of material.</i> —No. 4 down passenger train was detained 7 minutes at Sonopore, due to the ejector being unable to create vacuum there being a hole in the internal exhaust pipe, and 13 minutes at Hajipur to release brakes.	
		20th June 1906.	(iii) <i>Neglect of servants.</i> —No. 1 up passenger train was detained 50 minutes at Gonda, owing to defective vacuum in consequence of a valve in the ejector having been reversed.	
		21st June 1906.	(iii) <i>Neglect of servants.</i> —No. 2 down passenger train was detained 20 minutes at Babhnan to destroy vacuum, due to a leak in a 3rd class carriage.	

TABLE NO. II—contd.

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—contd.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of:— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
3' 3½" gauge—contd.				
Burma	Vacuum, automatic	...	(i) and (ii).—Nil.	
		18th February 1906.	(iii) <i>Neglect of servants</i> .—No. 2 down express train lost 25 minutes between Yamethin and Hngetthaik, owing to a leak between the drip trap and train pipe of the engine.	
		26th March 1906.	(iii) <i>Inexperience of servants</i> .—No. 1 up express train was detained 21 minutes at Pyuntaza, due to the hose pipe of a passenger vehicle drawing air in consequence of rough handling in uncoupling the pipes.	
		12th April 1906.	(iii) <i>Neglect of servants</i> .—No. 3 up mail train lost 16 minutes between Togyaunggale and Tewaingeyi, due to the brass union nut of the train pipe slackening back undetected by the driver.	547,953
		9th May 1906.	(iii) <i>Failure of material</i> .—An up goods special train was brought to a stand for 25 minutes between Thandaung and Maymyo, owing to the hose pipe of a vehicle developing a leak.	
Eastern Bengal State	Vacuum, automatic	...	(i) and (ii).—Nil.	
		11th February 1906.	(iii) <i>Failure of material</i> .—No. 75 up mail train was detained 3 hours and 10 minutes at mile 21½, between Chidir Bandar and Parbatipur, due to the release valve of a Bengal and North-Western railway 1st class carriage being out of order.	
		28th February 1906.	(iii) <i>Inexperience of servants</i> .—No. 22 down mail train was detained 22 minutes at mile 192, between Belakoba and Siliguri, due to vacuum failing in consequence of the release valve of the engine having been ill used by the fireman.	227,075
		11th May 1906.	(iii) <i>Neglect of servants</i> .—No. 10 down Assam mail train worked non-vacuum from Parbatipur to Chorkai, owing to the left hand brake cylinder on the engine dropping off.	
		11th May 1906.	(iii) <i>Inexperience of servants</i> .—No. 22 down mail train worked non-vacuum from Parbatipur to Sara Ghat, owing to the driver failing to create vacuum and to locate the defect.	
Rajputana-Malwa	Vacuum, automatic	...	(i) and (ii).—Nil.	
		27th February 1906.	(iii) <i>Neglect of servants</i> .—No. 1 up mail train was detained 11 minutes at Rewari, due to the hose pipe of a brake-van being deficient of rubber washer.	
		30th May 1906.	(iii) <i>Failure of machinery</i> .—No. 1 up mail train was detained 16 minutes at mile 255¼, between Mangaliawas and Kharwa, owing to the tie rod guide bracket of a composite carriage having broken.	225,709
		27th June 1906.	(iii) <i>Failure of material</i> .—No. 2 down mail train was detained 7 minutes at Phulera, due to a leak in the train pipe.	

TABLE NO. II—contd.

Statement showing, for the six months ended the 30th June 1906, all cases in which the automatic vacuum brake failed to act when required to be brought into action, or caused delay in the working of trains—contd.

1	2	3	4	5
Railway.	Name or description of brakes which failed or caused delay in the instances specified in column 4.	Date of failure.	Instances under the three following heads, separately, of :— (i) Failure or partial failure to act when required in case of an accident to a train, or a collision between trains being imminent; (ii) Failure or partial failure to act under ordinary circumstances to stop a train when required; (iii) Delay in the working of trains in consequence of defects in, or improper action of, the brake; distinguishing whether they arose from neglect or inexperience of servants, or from failure of machinery or material.	Number of miles run by trains fitted with the automatic vacuum brake.
3' 3½" gauge—concl'd. South Indian	Vacuum, automatic	..	(i) and (ii).—Nil.	396, 149
		31st January 1906.	(iii) <i>Failure of material</i> .—No. 38 down mail train lost 13 minutes between Cuddalore and Madras, owing to the release valve of a bogie postal van and third class giving way.	
		16th February 1906.	(iii) <i>Failure of material</i> .—No. 38 down mail train lost 10 minutes between Trichinopoly and Cuddalore, owing to the packing rings of a third class bogie carriage giving way.	
		21st March 1906.	(iii) <i>Failure of material</i> .—No. 23 up passenger train lost 20 minutes between Cuddalore and Trichinopoly, owing to the rolling rings of a third class bogie carriage giving way.

(iii) <i>Neglect of servants.</i> —No. 4 down train was detained 10 minutes at Simla for creating vacuum. (iii) <i>Neglect of servants.</i> —Vacuum pipe of the brake-van of No. 11 up goods train was found defective at Kalka. No detention. (iii) <i>Failure of material.</i> —Vacuum pipe of the brake-van of No. 4 down train was out of order. No detention. (iii) <i>Failure of material.</i> —Piston of a wagon on No. 12 down goods train admitting air.	67.732

No. 1028-1042—116.

GOVERNMENT OF INDIA.
DEPARTMENT OF COMMERCE AND INDUSTRY.

EMIGRATION.

RESOLUTION.

Dated Calcutta, the 31st January 1907.

THE Government of India have received from His Majesty's Secretary of State for India a copy of a Bill passed by the Parliament of Cape Colony to repeal the Immigration Act of 1902, extracts from which were published in the *Gazette of India* with Resolution No. 4-2—4, dated the 20th February 1903. The more important provisions of this law which is entitled "The Immigration Act, 1906" are noted below for general information.

2. The most important change effected is that, whereas under the Act of 1902, Asiatics domiciled in South Africa were not included in the category of "prohibited immigrants," the present Bill exempts those persons only who are born in that country. Asiatics lawfully resident in the Colony, are permitted, however, to be absent temporarily under permits issued under Regulations approved by the Governor.

3. The Governor General in Council requests all Local Governments to take such measures as seem to them best calculated to make the provisions of the Bill generally known to natives of India, more especially in places from which emigration to Cape Colony is believed to be most common. Intending emigrants should be warned at the ports of embarkation of the difficulties they may encounter in proceeding to this Colony.

"2. In the construction of this Act the following expressions shall, unless the contrary intention appears, bear the meanings hereby respectively assigned to them, that is to say:—

'Ship' shall include any ship, vessel or boat or description thereof used in navigation.

'Master' shall include any person other than a pilot in charge or command of any ship.

'Immigrant' shall mean and include any person who arriving from without this Colony enters or claims to enter by land or sea.

"3. Subject to the provisions of this Act, it shall be unlawful for any immigrant who is or appears to be of any one of the following classes to enter this Colony by land or sea; and every such immigrant shall be termed a 'prohibited immigrant':—

(a) Any person who, when asked to do so by any duly authorized officer shall be unable through deficient education to himself write out

and sign in the characters of any European language an application to the satisfaction of the Minister; provided that for the purposes of this sub-section Yiddish shall be accepted as a European language.

- (b) Any person who is not in possession of visible means of support or is likely to become a public charge.

* * * *

"4. The provisions of the preceding section shall not apply to any immigrant who is of any of the following classes:—

* * * *

- (e) The wife and any child under the age of 16 years of any person who is permitted to immigrate into the Colony under the provisions of this Act.

- (f) (a) Persons born in South Africa.

- (b) Persons of European birth domiciled in South Africa

* * * *

- (g) Any Asiatic who having, when lawfully resident within the Colony, obtained from the Minister a permit issued under such Regulations as shall be proclaimed thereof by the Governor, authorising him to temporarily absent himself from the Colony returns in accordance with the terms and conditions of such permit.

* * * *

"5. Any person found to have immigrated at any time into this Colony by land or sea in violation of the provisions of this Act or of 'The Immigration Act, 1902,' shall be liable to a penalty of £50 or in the alternative to three months' imprisonment with or without hard labour, and to be removed at any time from within the limits of the Colony and to be detained in such custody as may by regulation be prescribed pending such removal.

"6. Any master of any ship who knowingly, directly or indirectly allows any immigrant to leave his ship, whereby such immigrant contravenes any provisions of the Act, and the owners of any such ship which any such immigrant so leaves shall be jointly and severally liable to a penalty of £100, and to a further penalty of £20 for each such immigrant landed in excess of the number of five. Such ship may be refused a clearance till such penalty has been paid, and may in default of payment by or on behalf of the master or owners and by order of the Supreme Court be attached and declared executable in satisfaction of any writ issued for the recovery of any such penalty, provided that in lieu of granting such order, it shall be lawful for the Court to accept such security for the payment of such penalty as may appear to be adequate.

"7. Any person aiding or assisting any person in any manner whatsoever in the contravention of any provision of this Act, or of the regulations framed thereunder or making any false declaration in order to obtain for himself or another person any certificate or other recommendation for the purposes of this Act, or entering into any contract for the purposes of any evasion of the provisions of this Act, shall be liable to a fine not exceeding £100, or to imprisonment with or without hard labour for a period not exceeding six months.

"8. It shall be lawful for the Governor from time to time by Proclamation to make regulations in order to prevent any immigration into this Colony contrary to and in violation of the provisions of this Act, and to appoint within and beyond the limits of the Colony to carry out such regulations to provide for the removal from within the territorial limits of the Colony any persons who are, under and by virtue of the provisions of this Act prohibited from immigrating thereinto, and settling therein, and to provide for the temporary custody, control and accommodation of such persons pending their removal as aforesaid, and to provide for the importation, reception, education, maintenance, registration, distribution and contractual engagements of persons immigrating under any scheme approved by the Governor, and to provide for the issue of certificates and other documents under such regulations and the payment of fees therefor.

and to provide for the passage of prohibited immigrants through the Colony or for their temporary residence therein and to provide for and prescribe the deposits of security for their journey through the Colony or leaving it within the period allowed to them, and generally in furtherance of the objects and intents of this Act.

"9. It shall be lawful for the Governor to prescribe penalties for the contravention of any regulation made by him under this Act, provided that no penalty in respect of any one contravention shall exceed a fine of £100, or in default of payment thereof, imprisonment with or without hard labour for a period exceeding 12 months, or to imprisonment with or without hard labour and without the option of a fine for a period exceeding 12 months.

"10. This Act may be cited as 'The Immigration Act, 1906'."

ORDERED that a copy of the above Resolution be forwarded, for information and guidance, to the

The Secretary to the Government of Madras.

" " " " Bombay.
 " " " " Bengal.
 " " " " the United Provinces.
 " " " " the Punjab.
 " " " " Burma.
 " " " " Eastern Bengal and Assam.
 " Hon'ble the Chief Commissioner of the Central Provinces.
 " Chief Commissioner of Coorg.
 " " " of Ajmer-Merwara.
 " Hon'ble the Chief Commissioner of the North-West Frontier Province.
 " " " Agent to the Governor-General in Baluchistan.

Local Governments and Administrations noted in the margin and to the Home and Foreign Departments for information.

Ordered also, that a copy be published in the Supplement to the *Gazette of India* for general information.

W. L. HARVEY,

Secretary to the Government of India.

No. 361-G.—Major R. A. E. Benn, C.I.E., a Political Assistant of the 1st class, is posted as Political Agent and Deputy Commissioner in Quetta and Pishin.

No. 533-I.A.—In exercise of the power conferred by section 24, sub-section (1) of the Indian Petroleum Act, 1899 (VIII of 1899), as applied to the Civil and Military Station of Bangalore and to the Railway lands in Mysore territory over which jurisdiction has been ceded to the British Government, the Governor General in Council is pleased to direct that drafts of rules which it may be proposed to make under the said Act as so applied shall be published—

- (a) when the Authority making the rules is the Resident in Mysore, in one issue of Part II of the *Gazette of India*; and
- (b) when the Authority making the rules is the Governor General in Council, in one issue of Part I of the *Gazette of India*.

No. 534-I.B.—Whereas the Governor-General in Council has and exercises full jurisdiction within those portions of the land forming the Bangalore Branch of the Madras Railway (including the land occupied by stations and out-buildings and for other purposes connected with the Railway) which lie within the territories of His Highness the Maharaja of Mysore;

2. And whereas the Chiefs of Morvi, Wankaner, Wadhwan, Lakhtar, Sayla, Muli, Dhrol and Rajkot, and the Talukdars of Gavriudad and Kotharia, in Kathiawar, have ceded to the British Government the civil and criminal jurisdiction exercised by them within the lands which lie within their respective territories and are occupied by the Morvi Railway (including the lands occupied by stations and out-buildings and for all other purposes connected with the Railway and the lands occupied by culverts or bridges over which the Railway passes); and whereas the Governor-General in Council now has full jurisdiction within those lands;

3. And whereas the Rulers or Administrators of the other States mentioned in the second column of the schedule hereto annexed have ceded to the British Government full jurisdiction, or all the jurisdiction they had or the jurisdiction necessary for the administration of Railways and of civil and criminal justice in connection therewith, within the lands which lie within their respective territories, or which lie within the parts of their respective territories mentioned or referred to in the third column of the said schedule, and are occupied, or may be hereafter occupied by the Railways mentioned opposite their names, respectively, in the first column of the said schedule (including the lands occupied by stations and out-buildings and for other purposes connected with the Railway; and whereas the Governor-General in Council now has full jurisdiction within those lands;

4. In exercise of the jurisdiction referred to, and of the powers conferred by the Indian (Foreign Jurisdiction) Order in Council, 1902, the Governor-General in Council is pleased to issue the following orders which shall take effect from the 1st July 1907:—

- I.—The provisions, so far as they may be suitable, and as amended for the time being and from time to time by subsequent enactments of the Indian Railways Act, 1890 (IX of 1890), and the Indian Railways Board Act, 1905 (IV of 1905), shall apply to all the aforesaid lands.
- II.—In exercise of the power conferred by section 16, read with section 148, sub-section (1), of the said Act so applied, the Governor-General in Council is pleased to sanction the use of locomotive engines or other motive power and rolling-stock to be drawn or propelled thereby, on all Railways occupying any of the aforesaid lands.
- III.—The general rules for working open lines of railway administered by the Government which were published under the Notification of the Railway Board, No. 183, dated 8th September 1906, in the Supplement to the

Gazette of India for 1906, page 1923, shall, as modified for the time being and from time to time for British India, apply to all lines of railway administered by the Government occupying any of the aforesaid lands, and for the time being used for the public carriage of passengers, animals or goods.

IV.—The general rules published under the Notification of the Railway Board, No. 183, dated the 8th September 1906, shall also apply to—

(a) lines of railway not administered by the Government, occupying any of the aforesaid lands and for the time being used for the public carriage of passengers, animals or goods from such dates and with such modifications as may from time to time be prescribed in respect of their application to the portions of such lines respectively which lie in British India, or to the respective railway systems in British India which administer such lines;

(b) the railways comprised in the undertaking of the Nizam's Guaranteed State Railways Company and the Morvi Railway, from such dates and with such modifications as may from time to time be prescribed in respect of their application to the Bezwada Extension Railway, and to the Bhavnagar-Gondal-Junagad-Porbandar Railway respectively.

V.—The general rules for working railways under construction and not used for the public carriage of passengers, animals or goods which were published under the Notification of the Government of India in the Public Works Department, No. 480 $\frac{1}{2}$, dated the 30th October 1890, in the *Gazette of India* for 1890, Part I, page 795, shall apply to such portions of the railways occupying any of the aforesaid lands as may for the time being be under construction or sanctioned for construction.

VI.—Subject to the modifications prescribed in the Notifications of the Government of India in the Public Works Department, Nos. 301 and 395, dated respectively the 27th August 1902 and 27th October 1903, published in the *Gazette of India*, 1902, Part I, pages 650 and 651, and in the *Gazette of India*, 1903, Part I, page 951, respectively, and any further modifications from time to time prescribed for British India, the rules framed under sections 84 and 85 of the said Indian Railways Act, 1890, which are appended to the Circular of the Government of India in the Public Works Department, No. III Railway, dated the 14th February 1902, published in the *Gazette of India*, 1902, Part I, pages 193 to 195, and the directions contained in that Circular shall apply to the railways occupying the aforesaid lands.

VII.—In exercise of the authority given by section 135 of the said Indian Railways Act, 1890, applied as aforesaid, the Governor-General in Council is pleased to declare that the provisions of the Notifications of the Government of India in the Public Works Department, No. 270, dated the 12th June 1890, published in the *Gazette of India* for 1890, Part I, page 438, and No. 136, dated the 5th April 1893, published in the *Gazette of India* for 1893, Part I, page 190, declaring Railway administrations in British India to be liable to pay certain taxes in aid of the funds of local authorities, shall apply, and shall be deemed to have applied (save as regards any tax actually paid or accrued due before the date of this notification), with effect from the dates which they bear, respectively, to the administrations of the railways occupying the aforesaid lands.

VIII.—In exercise of the power conferred by section 144 of the said Indian Railways Act, 1890, applied as aforesaid, the Governor-General in Council is pleased to delegate to Local Governments, to the extent and subject to the conditions hereinafter specified, the following powers and functions which are now vested in him under the said Act so applied, the powers and functions hereby delegated being liable to be revoked or varied, and the exercise and discharge thereof to be controlled, as the Governor-General in Council may from time to time think fit:—

(1) *Sections 7, 9 and 11.*—All the powers and functions of the Governor-General in Council, subject to the proviso that the exercise and discharge of such powers and functions shall not entail any expenditure in excess of the general powers of sanction of the Local Government concerned.

(2) *Section 48.*—All the powers and functions of the Governor-General in Council but only in cases where the railways concerned are under the control of one and the same Local Government.

(3) *Section 51, clauses (a), (b), (c), (d), and (e), and section 55.*—All the powers and functions of the Governor-General in Council.

(4) *Section 63.*—The power of determining the vernacular languages in which the maximum number of passengers to be carried in each compartment shall be exhibited.

(5) *Section 83.*—The power of notifying the Magistrates and Police Officers to whom notices of railway accidents are to be given.

IX.—The Governments and authorities mentioned in the fourth column of the schedule hereto annexed shall be deemed, for the purposes of the said Indian Railways Act, 1890, applied as aforesaid, and of clause VIII of this Notification, to be the Local Governments in respect to such parts of the railways mentioned opposite their names, respectively, in the first column of the said schedule, as are situate within the territories of the States mentioned opposite their names, respectively, in the second column of the said schedule.

X.—The following Notifications of the Government of India in the Foreign Department are hereby cancelled :—

No. 3063-I.B.,	dated the 13th August 1897.
" 322-I.B.,	" 4th February 1898.

L. W. DANE,

Secretary to the Government of India

FINANCE DEPARTMENT.

NOTIFICATION.

LEAVE AND APPOINTMENTS.

Calcutta, the 7th February 1907.

No. 803-E.O.—The privilege leave for 6 weeks granted to Mr. T. P. Srinivasan, Assistant Accountant-General, Bombay, in the Notification in this Department, No. 7154-E.O., dated the 20th December 1906, is extended by 10 days.

J. S. MESTON,

Secretary to the Government of India.

DEPARTMENT OF COMMERCE AND INDUSTRY.

NOTIFICATIONS.**LEAVE AND APPOINTMENTS.****POST OFFICE.**

Calcutta, the 5th February 1907.

No. 1229—32—Mr. W. J. O'Grady, Superintendent of Post Offices, 2nd grade, acted as 4th Assistant Director General of the Post Office from the 17th December 1906 to the 15th January 1907. Mr. O'Grady acted as 3rd Assistant Director General of the Post Office from the 16th to the 18th January 1907.

LEAVE AND APPOINTMENTS.

The 5th February 1907.

No. 1233—I.—Mr. B. Robertson, C.I.E., I.C.S., is appointed to officiate as Secretary in the Department of Commerce and Industry, with effect from the 15th February 1907, during the absence on leave of Mr. W. L. Harvey, or until further orders.

RAILWAYS.

The 7th February 1907.

No. 1316.—In exercise of the powers conferred by section 135, clause (1) of the Indian Railways Act, 1890 (IX of 1890), the Governor General in Council is pleased to declare that the South Indian Railway Company shall be liable to pay, in aid of the funds of the Walajabad, Madurantakam and Karunguzhi Unions under the Chingleput Taluk Board in the Chingleput District, with effect from the 1st of April 1907, in respect of the railway buildings situated within the limits of the said Unions, the house-tax for the time being imposed under the provisions of the Madras Local Board's Act, 1884 (Madras Act V of 1884), as amended by Act VI of 1900.

TELEGRAPHS.

The 8th February 1907.

No. 1344—23.—In exercise of the powers conferred by section 7 of the Indian Telegraph Act, 1885 (XIII of 1885), the Governor General in Council is pleased to direct that the following rule shall be substituted for the rule bearing the same number published with the Notification of the Government of India in the Public Works Department, No. 298 Telegraphs, dated the 22nd September 1904, namely:—

41. *Abbreviated addresses.*—A list of the abbreviated addresses of Government officials to be used in telegrams, either State or Private, is given in sections XI (A) and (B) of the Indian Telegraph Guide. The conditions for the registration of abbreviated addresses laid down in Rule 31 do not apply to the abbreviated addresses of Government officials. These are registered free of charge, and without any restriction as to the number of words used. Applications for the registration of abbreviated addresses of Government officials should be made to the Director-General of Telegraphs by the heads of the Departments concerned.

CUSTOMS.

The 8th February 1907.

No. 1356-I.—In exercise of the powers conferred by section 4, sub-section (3), of the Indian Tea Cess Act, 1903 (IX of 1903), the Governor General in Council is pleased, on the recommendation of the Indian Tea Association, to appoint Mr. D. Youngson, of Messrs. MacNeill and Company, to fill the vacancy on the Indian Tea Cess Committee caused by the resignation of Mr. A. Topping.

J. CAMPBELL,

Adie, Deputy Traffic Superintendent, Eastern Bengal State Railway, in Class 1, grade 3, of the Superior Revenue Establishment of State Railways, is permitted to retire from the service of Government under Article 465 of the Civil Service Regulations, with effect from the 1st February 1907.

R. C. F. VOLKERS,
Secretary, Railway Board.

The Gazette of India.

PUBLISHED BY AUTHORITY.

CALCUTTA, SATURDAY, FEBRUARY 9, 1907.

Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, etc.

GAZETTE OF INDIA.

NOTICE.

The 25th October 1906.

From the 10th November next till further notice, the complete *Gazette of India* will be published at Calcutta. After the 3rd November all notifications and other matter intended for publication in the *Gazette* should be addressed to the Publisher, 8, Hastings Street, Calcutta.

Attention is invited to the following Circular Memorandum of the Government of India Home Department, of August 1901 :—

"It has been brought to the notice of this Department that matter for the *Gazette of India* is sometimes sent to the Press late on Friday evenings for publication in the next day's *Gazette*, and that this involves considerable inconvenience to the Press and expense to Government. In the Circular Memorandum of this Department, No. 777—79, dated 9th February 1870, the Government of India directed that all notifications or other matter intended for insertion in the *Gazette of India* should be delivered at the Press not later than 2 P.M. on Friday, and that any papers sent thereafter must be certified to be extremely urgent in order to ensure their appearance in the next day's *Gazette*. The undersigned is directed to request that these orders may be more strictly observed in future, and that Departments will refrain from sending to the Press as extremely urgent any papers which can without harm or inconvenience be held over for the next *Gazette*."

J. P. HEWETT,

Secretary to the Government of India.

- No. 75 of 1907.—Linotype and Machinery, Limited, linotype and printing machinery manufacturers, of 188 and 189 Fleet street, London, England. *Improvements in linotype machines.*
- No. 76 of 1907.—Carlo Enrietti, a subject of the King of Italy, residing at 33 Piazza Della Borsa, Naples, in the kingdom of Italy. *Improvements in motors of the "Ales" type.*

- No. 77 of 1907.—Lawrence Herbert Sutton, mechanical engineer, of Bowling Iron Works, Bradford, in the county of York, England. *A continuous action tea rolling machine.*
- No. 78 of 1907.—E. A. Edgell, Major, Royal Engineer, residing at Larolai, Baluchistan. *An improved method of iron sheet roofing.*
- No. 79 of 1907.—Frederick George Bakewell, stud groom, Government House, Malabar Point, Bombay. *Improvements in bits for horses.*

No. 489 P.—THE undermentioned designs have been registered, under the provisions of the Inventions and Designs Act, 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma. These and other designs are open to public inspection, from 11 A.M. to 3 P.M., at the Secretary's office, 2 Bankshall street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

- No. 4-D of 1907.—Saxby & Farmer (India), Limited, railway signal engineers, of 17 Convent road, Entally, in the town of Calcutta, in British India. *A clip for carrying railway locking bars.*
- No. 5-D of 1907.—Edward James Clark, manufacturer, of Marshgate lane, Stratford, London. *A grooved supporting slab for accumulator plates.*

No. 490 P.—SPECIFICATIONS of the undermentioned inventions have been filed, under the provisions of the Inventions and Designs Act of 1888, in the office of the Secretary appointed under that Act, and copies have been sent to the Governments of Madras, Bombay, and Burma, and the Director of the Department of Land Records and Agriculture, United Provinces of Agra and Oudh. These and other specifications are open to public inspection, from 11 A.M. to 3 P.M. at the Secretary's office, 2 Bankshall Street, Calcutta, on payment of a fee of one rupee, and a certified copy of any one of them will be supplied on payment of the fixed expenses of copying:—

- No. 166 of 1906.—Samuel Telford Dutton, signal engineer, to the East Indian Railway, Calcutta. *An improved method of controlling the operation of points and signals on railways.* (Specification filed 12 January 1907.)
- No. 248 of 1906.—British American Tobacco Company, Limited, a corporation of Great Britain, with its registered office at Cecil Chambers, 86 Strand, London. *Improvements in cigarette machines.* (Specification filed 22 January 1907.)
- No. 286 of 1906.—William Henry Lock, a Director of the Printing Machinery Company, Limited, of 188 Fleet street, London, England. *Improvements in apparatus for casting curved stereotypes.* (Specification filed 17 January 1907.)
- No. 301 of 1906.—Jokichi Takamine, chemist, in the city, county and state of New York, United States of America. *Diastatic substance and method of producing same.* (Specification filed 22 January 1907.)
- No. 302 of 1906.—Emile Fourcault, glass manufacturer, of 40 rue du Worchut, Lodelinsart, Belgium. *Apparatus for drawing continuous sheets of glass.* (Specification filed 22 January 1907.)
- No. 303 of 1906.—Emile Fourcault, glass manufacturer, of 40 rue du Worchut, Lodelinsart, Belgium. *Rollers for drawing sheets of glass.* (Specification filed 22 January 1907.)
- No. 304 of 1906.—Emile Fourcault, glass manufacturer, of 40 rue du Worchut, Lodelinsart, Belgium. *Supplying float for drawing continuous sheets of glass.* (Specification filed 22 January 1907.)
- No. 551 of 1906.—Sydney Solomon Lawrence, optician, of 67 and 69 Chancery lane, Holborn, in the county of London, England. *Improvements in or connected with flags for signalling.* (Specification filed 10 January 1907.)
- No. 579 of 1906.—William Tice, engineer, in the employ of Messrs. Bird & Co., of 101-1 Clive street, Calcutta, British India. *A new or improved portable latrine.* (Specification filed 23 January 1907.)
- No. 591 of 1906.—Robert Arbon, gentleman, of 21 Peckham road, London, S. E., England, and James Masters, commercial clerk, of 77 Barry road, Dulwich, London, S.E., England. *Improvements in or relating to rotary pumps.* (Specification filed 26 January 1907.)

No. 612 of 1906.—William Snee, mechanical engineer, of West Elizabeth, in the county of Allegheny, state of Pennsylvania, United States of America. *Improvements in wave-propelled motors.* (Specification filed 24 January 1907.)

No. 491 P.—THE fees prescribed in the fourth schedule to the Inventions and Designs Act of 1888 have been paid for the continuance of exclusive privilege in respect of the undermentioned inventions for the periods shown against each:—

- No. 171 of 1896.—The Morris Tube Ammunition and Safety Range Company, Limited. *An improvement in electric primers for firing guns.* (From 5 February 1907 to 5 February 1908.)
- No. 344 of 1896.—Ernest Harry Archer. *Improvements in or connected with collapsible or other boxes or cases.* (From 9 February 1907 to 9 February 1908.)
- No. 347 of 1897.—William Richard Sumption Jones and Everard Richard Calthrop. *Improvements in or in connection with buffers and draw-bars for railway and other similar vehicles.* (From 24 February 1907 to 24 February 1908.)
- No. 344 of 1898.—Frank Swales. *An improved hook more especially intended for use as a curb hook.* (From 10 March 1907 to 10 March 1908.)
- No. 191 of 1899.—Alexander Muirhead. *Improvements in telegraphic transmitting, receiving, and translating arrangements.* (From 3 February 1907 to 3 February 1908.)
- No. 237 of 1899.—Guglielmo Marconi and The Wireless Telegraph and Signal Company, Limited. *Improvements in apparatus employed in wireless telegraphy.* (From 6 February 1907 to 6 February 1908.)
- No. 479 of 1899.—Benjamin Garver Lamme. *Improvements in dynamo-electric machines.* (From 23 February 1907 to 23 February 1908.)
- No. 53 of 1900.—Gilbert Wright. *Improvements in circuit breakers.* (From 15 March 1907 to 15 March 1908.)
- No. 54 of 1900.—Gilbert Wright and Christian Aalborg. *Improvements in automatic circuit breakers.* (From 15 March 1907 to 15 March 1908.)
- No. 490 of 1900.—The Westinghouse Brake Company, Limited. *Improvements in electro-magnetic brake devices.* (From 23 February 1907 to 23 February 1908.)
- No. 242 of 1901.—Alexander Muirhead. *Improvements relating to electric telegraphy.* (From 7 February 1907 to 7 February 1908.)
- No. 396 of 1902.—John Fraser, Norman Fraser, and Patrick Fraser. *Improvements in drawing and roving frames, or similar machines for preparing flax, jute, and other fibres for spinning.* (From 6 February 1907 to 6 February 1908.)
- No. 31 of 1903.—William Adoniram Shely and Alda Merrill Shely. *Machine for breaking and cleaning fibrous material.* (From 18 August 1907 to 18 August 1908.)

No. 492 P.—WHEREAS the inventors of the undermentioned inventions have respectively failed to pay, within the time limited in that behalf by the fourth schedule to the Inventions and Designs Act of 1888, the fees hereinafter respectively mentioned, it is hereby notified that under the provisions of section 8, sub-section (2), of the said Act the exclusive privilege of making, selling, and using the said inventions in British India, and of authorising others so to do, has ceased:—

No. 146 of 1902.—William Leggett McCabe. *Improvements in chutes.* (Specification filed 28 October 1902.)

Fee in respect of the continuance of an exclusive privilege—

4 (a) After the filing of the specification and before the expiration of the fourth year from the date of the filing thereof —

The sum of Rs50 for the above invention.

No. 94 of 1901.—The Linotype Company, Limited. *Improvements in pantographs, specially applicable to engraving machines, and in the production of cameo designs for use in engraving machines.* (Specification filed 1 November 1901.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (d) After the expiration of the fourth year and before the expiration of the fifth year from the date of filing of the specification—

The sum of Rs 50 for the above invention.

No. 266 of 1896.—Samuel Cleland Davidson. *Improvements in tea equalising or cutting mills.* (Specification filed 29 October 1896.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (g) After the expiration of the ninth year and before the expiration of the tenth year from the date of the filing of the specification—

The sum of Rs 100 for the above invention.

No. 268 of 1895.—Rudolph Weiss. *Improvements in or relating to circular looms.* (Specification filed 30 October 1895.)

Fee in respect of the continuance of an exclusive privilege—

- 4 (h) After the expiration of the tenth year and before the expiration of the eleventh year from the date of the filing of the specification—

The sum of Rs 100 for the above invention.

NOTICES.

All communications relating to applications for leave to file specifications and for registration of designs under the Inventions and Designs Act, 1888 (V of 1888), or in continuation of such applications, should be addressed to the Patents Secretary, 2, Bankshall Street, Calcutta.

The Office of the Secretary under the Inventions and Designs Act, 1888, will in future be open for the transaction of business from 11 A.M. to 3 P.M. on all days, except Sundays and gazetted holidays.

The Government of India are advised that, as trade marks are not "designs" within the meaning of the Act, they cannot be registered under Part II.

The fees payable under the fourth and sixth schedules are now collected in cash and applicants are warned that they must be responsible for any delay in cashing cheques.

Cheques and money orders will only be accepted if made payable at Calcutta to the Secretary under the Inventions and Designs Act.

Copies of the weekly notifications, and of the quarterly lists, of applications and specifications filed in the Secretary's Office are now on sale to the public at one anna and eight annas a copy, respectively. A consolidated index for the year 1905, entitled "Inventions and Designs in 1905," is also on sale, price one rupee. It contains a chronological list, subject-matter and name indexes of exclusive privileges for inventions, which have been obtained or applied for in that year, together with lists of designs applications.

Attention is requested to the rules made by the Government on the 10th October 1895 in regard to the preparation of applications, specifications and drawings.

All applications made under the Inventions and Designs Act, V of 1888, will from this date (December 19th, 1896) lie in the visitors' room of the Patents Office for ten days from the date of the *Gazette of India* in which their filing may have been notified: or, if the 10th day is a holiday, till the evening of the office day next following.

At the time of delivering or sending an application for leave to file a specification, the applicant shall cause a duplicate copy of the application to be delivered or sent therewith to the Secretary.

The Inventions and Designs Act (V of 1888), with the notifications and rules issued under its provisions and the notices of the office of Inventions and Designs, to which is added an explanatory memorandum for the guidance of persons applying for protection of Inventions and Designs. Royal 8vo volumes, paper cover, 13 annas or 1s. 1d. Postage extra. To be had of the Superintendent, Government Printing, 8, Hastings Street, Calcutta, or of the Superintendent, Patents Branch, Department of Commerce and Industry, 2, Bankshall Street, Calcutta.

H. G. GRAVES,

Secretary under the Inventions
and Designs Act, V of 1888.

BOARD OF EXAMINERS.

Master of the Mint.

THE HONOURABLE THE RESIDENT IN MYSORE.**NOTIFICATION.**

Bangalore, the 29th January 1907.

No. 3.—In exercise of the powers conferred by section 4 (1) of the Indian Electricity Act, 1903 (III of 1903), as applied to the Civil and Military Station of Bangalore, the Hon'ble the Resident in Mysore is pleased to sanction the grant of the following license under the aforesaid Act to the Chief Electrical Engineer to the Government of His Highness the Maharaja of Mysore in respect of the said Civil and Military Station :—

LICENSE.

License for the purpose of general supply of electrical energy granted by the Hon'ble the Resident in Mysore, under the Indian Electricity Act, 1903 (Act III of 1903), as applied to the Civil and Military Station of Bangalore, to the Chief Electrical Engineer to the Government of His Highness the Maharaja of Mysore in respect of the Civil and Military Station of Bangalore.

PRELIMINARY.

1. This license may be cited as "The Bangalore Civil and Military Station Electric License, 1906."

2. This license is to be read and construed, subject in all respects to the provisions of the Indian Electricity Act, 1903, as applied to the Civil and Military Station of Bangalore by Notification of the Government of India, Foreign Department, No. 2849—1 A., dated the 21st July 1905, and the several words, terms and expressions to which by that Act meanings are assigned, shall have in this license the same respective meanings, provided that in this license.—

The expression "the Act" shall mean the said Indian Electricity Act, III of 1903, as applied to the Civil and Military Station of Bangalore.

The expression "the licensee" shall mean and include the person holding for the time being the office of the Chief Electrical Engineer to the Government of Mysore or other officer designated from time to time in this behalf by the Mysore Government with the approval of the Resident in Mysore.

The expressions "first annexure", "second annexure", and "third annexure" shall mean the first, second and third annexures to this license respectively.

The expression "deposited map" shall mean the plan of the area of supply deposited with the Hon'ble the Resident in Mysore by the licensee in pursuance of the terms of this license.

3. This license shall come into force and have effect upon the day when the Notification confirming this license is published in the *Gazette of India*, which date is in this license referred to as the "commencement of this license."

AREA OF SUPPLY.

4. The area of supply shall be the whole of the area controlled by the Municipal Commission of the Civil and Military Station of Bangalore under the Bangalore Municipal Law of 1897, which said area is more particularly delineated upon the deposited map and thereon coloured pink but excluding therefrom such areas as may from time to time be notified under Section 5 of the said Municipal Law to be in the exclusive possession of the Military authorities for Military purposes.

PURPOSE OF SUPPLY.

5. The licensee is empowered by this license to supply energy within the area of supply to the local authority and to the public for all purposes. The supply of energy to the public is left to the option of the licensee.

COMPULSORY AREA.

6. The licensee shall, within a period of two years after the commencement of this license, lay down suitable and sufficient distributing mains for the purpose of street lighting throughout such streets or parts of streets within a radius of one and half miles from the spot marked thus O on the deposited map at the North-West Corner of the Infantry Barracks square, as are mentioned in the first annexure, the number of lights being in accordance with those shown in the map forming the third annexure. Provided

that the first annexure be liable to alteration with the consent of the parties and the sanction of the Local Government.

GENERAL DESCRIPTION OF WORKS AND SYSTEM OF SUPPLY.

7. Power will be received by the licensee at a pressure of 32,500 volts from the Cauvery Power Scheme supply at the main transformer station in Bangalore City situated outside the area of supply and there transformed to a pressure of 2,300 volts. The Cauvery power is three phase at a frequency of twenty-five periods per second. This three phase low frequency will by means of one or more three phase circuits at a maximum pressure of 2,300 volts, be conducted to one or more sub-stations within the area of supply for a general distribution, these one or more circuits being supplied with automatic safety switches in the main transformer station.

The sub-stations will be equipped with suitable apparatus for efficient control of general system of distribution. The street lighting is on the series incandescent system at maximum pressure of 3,000 volts. The interior lighting system consists of single phase mains at a pressure of 2,200 volts carried to distributing centres transformed at these to a pressure of $\frac{440}{220}$ or $\frac{220}{110}$ for a low tension three wire distribution to building served by the centre.

Power distribution is three phase at 2,200 stepped down where necessary.

The lines may be underground or aerial in whole or part as the licensee may desire.

Any other system or systems may be introduced hereafter with the sanction of the Local Government.

POWER TO BREAK UP RAILWAYS, ETC.

8. In pursuance of the provisions of Section 12, sub-section 4 of the Act, it has been arranged that in lieu of powers being granted to the licensee to break up the Madras Railway Line, the Railway Company shall, on such conditions as may be approved by their Telegraph Engineer and confirmed by the Senior Government Inspector for Railways, Madras, enable the licensee to cross the Madras Railway. There are no streets not repairable by the Local Government or by a local authority, no tramways and bridges which the applicant seeks power to open, break up or interfere with.

9. There are no canals and navigable rivers which the applicant seeks power to cross.

MAXIMUM CHARGES.

10. The prices charged by the licensee for energy supplied by him shall not exceed those stated in that behalf in the second annexure or, in the case of a method of charge approved by the Hon'ble the Resident in Mysore, such maximum as the Hon'ble the Resident shall fix on approving the method.

PROPOSED MODIFICATIONS OF THE SCHEDULE TO THE ACT.

11. As the amount of energy available for use in the Civil and Military Station is limited, clauses VIII and IX of the Schedule to the Act, so far as they make it obligatory on the part of the licensee to supply energy for street lighting outside the "Compulsory Area", defined in clause 6 above, and to the owners or occupiers of premises anywhere within the "Area of Supply", described in clause 4, shall not apply to this license for the present.

REFERENCE TO ARBITRATION.

12. In the event of any dispute or difference arising as to the construction, meaning or effect of any agreement which may be concluded by the licensee with the Municipal Commission of the Civil and Military Station of Bangalore for the purpose of this license, or as to the rights, liabilities or privileges of the said parties, the matter in dispute or difference shall be submitted to a Committee consisting of three experts appointed as hereunder, namely, one by the licensee, one by the said Municipal Commission and one by mutual agreement of both the licensee and the Municipal Commission. The Committee so appointed shall report fully on the matter in dispute or difference, and its decision, if unanimous, shall be binding upon both parties in respect of any question of fact relating to the system of electric street lighting and in respect of any scientific question that may arise in connection therewith. In the event of the decision of the Committee not being unanimous or of the Committee not being in a position to arrive at a decision within the time specified in the memorandum of submission or such further time as may be allowed by mutual agreement of the parties thereto, then either party may require that the matter in dispute or difference shall be referred, and the matter shall accordingly be referred finally, to the Chief Judge of Mysore, whose decision shall be final and binding upon both the parties to the submission in all respects.

FIRST ANNEXURE.

(See clause 6 of the license.)

List of streets and parts of streets through which the licensee is to lay down or erect suitable and sufficient distributing mains for the purpose of general supply.
